

## 2nd Annual Young Breast Cancer Symposium

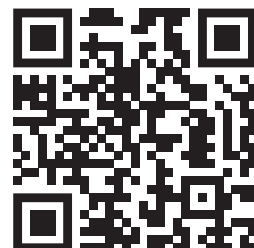

**Saturday, February 24, 2024 | 8:30 a.m.-1:00 p.m. EST**

*Via Zoom and an in-person watch party at Gilda's Club Metro Detroit, Royal Oak*

The Program for Breast Cancer in Young Adults would like to invite you to their 2nd Annual Young Breast Cancer Symposium on **Saturday, February 24, 2024**, where they will be addressing the unique challenges that young adult breast cancer survivors and metastatic thrivers face. This symposium is open to ALL, offering learning opportunities tailored towards survivors, thrivers, community health workers, health care professionals, and anyone interested in learning more about breast cancer. Join to learn from experts in the field and young adults who experienced cancer under the age of 45.

**Symposium is Free to Attend,  
but Registration is Required by February 21st.**

**Register Today!**

### 8:30 a.m. **Welcome – Survivor & Thriver Panel**

Hear from young adult breast cancer survivors and metastatic thrivers about the unique challenges they face.

### 9:00 a.m. **Young Breast Cancer- Shifting Awareness into Action**

*Irene Benson, Know Your Lemons Foundation*

### 9:20 a.m. **Breakout Sessions**

- **Session 101:** Know Your Breast Cancer Risk
- **Session 102:** Navigating Insurance and Legal Challenges in Cancer
- **Session 103:** Parenting with Cancer: When It's More Than Just You

### 10:20 a.m. **Break**

### 10:30 a.m. **Keynote Session: Mental Health—Coping with a Cancer Diagnosis Beyond Physical Health**

*Taisel Losada, PsyD, Henry Ford Health System*

Dr. Losada is a psychologist that specializes in hematology oncology and bone marrow transplant. Her primary focus is the care of hematology-oncology and bone marrow transplant patients and their caregivers from diagnosis through all phases of survivorship. Dr. Losada's research focuses on health care quality and patient quality of life, as well as cultural factors that impact health beliefs and behaviors.

### 11:30 a.m. **Breakout Sessions**

- **Session 201:** Clinical Trials: Making Sure the Treatments Work For ALL
- **Session 202:** Understanding the Emotional Landscape of the Young Breast Cancer Patient
- **Session 203:** Family History, Genetic Testing, and Hereditary Cancer

### 12:30 p.m. **Survivor & Thriver Panel**

### 1:00 p.m. **Closing**

*Continuing Education Credits have been applied for, more information to come!*
