THE TWO GOALS OF THE DASHBOARD:

- **Assist public health officials in making state, regional, and county-level decisions related to COVID-19**
- **To provide the general public with insight into some of the indicators that affect these public health decisions**

SOME OF THE DATA POINTS YOU CAN FIND ON THE DASHBOARD ARE:

- **The percentage of positive tests**
- **The number of tests administered**
- **The number of new cases**
- **The number of deaths.**

**WE OWE IT TO OUR FELLOW
MICHIGANDERS, AND TO THE
HEROES ON THE FRONT
LINES OF THIS CRISIS, TO BE
SMART AND DO OUR PART.**
