No. 2023-4

Growing Michigan Together Council

Department of Labor and Economic Opportunity

For much of the 20th century, people came to Michigan seeking opportunity. Michiganders could earn family-sustaining wages and build generational wealth with just a high school diploma. Our population and incomes grew faster than the rest of the country, supporting strong schools, world-class infrastructure, and vibrant communities.

Michigan's population growth began to slow in the 1970s, and in the 21st century, Michigan grew more slowly than all but one state. For Michigan to thrive in the decades ahead, we must ensure that our state is a place that everyone can and wants to call home.

Michiganders are Michigan's most important resource. Children playing with blocks today will be the workers, designers, and engineers of tomorrow, building bridges and defining the skylines of cities right here in Michigan. Recent graduates from Michigan's world-class institutions of higher education must be able to see a path to a prosperous future and a good-paying, high-skilled job right here in Michigan. Retirees who have worked hard over decades starting businesses, raising families, and building their communities should be able to enjoy their golden years right here in Michigan. Our friends, family, and neighbors are also the customers that patronize our businesses, the workers who staff our factories, and the innovators who will define our future.

To usher in a better tomorrow, we must collaborate to grow Michigan together today.

Growing Michigan together is a Team Michigan task. We must shore up our talent pipeline, build on our strong manufacturing base, leverage our rich natural resources, and draw more people from across the nation and around the world, all while maintaining our state's high quality of life and low cost of living. Michigan must be a place that attracts all, welcomes all, and includes all. Together we can again make Michigan a magnet for jobs, people, and prosperity. To achieve these critical goals – to make Michigan bigger, better,

stronger – we need a cohesive strategy; a long-term vision that addresses current and future challenges and sets Michigan up for success in the 21st century.

Section 1 of article 5 of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the governor.

Section 8 of article 5 of the Michigan Constitution of 1963 obligates the governor to take care that the laws be faithfully executed and places each principal department under the governor’s supervision.

For these reasons, and acting pursuant to the Michigan Constitution of 1963 and Michigan law, I order the following:

2. Charge to the Council

- (a) The Council must act in an advisory capacity to the governor and the director of the Department and do the following:
 - (1) Identify concrete, data-driven, and evidence-based goals to grow the state’s population, improve educational outcomes from preschool through postsecondary education, attract and retain talent, and build long-term, sustainable infrastructure that meets the needs of the population;
 - (2) Define the gap between Michigan and the best performing states on the goals identified by the Council;

- (4) Analyze the effectiveness of existing programs and spending dedicated to achieving the goals identified by the Council, and make recommendations on how to address any gaps between projected revenues and recommended expenditures.
- (b) The Council must establish four workgroups: jobs, talent and people; infrastructure and places; preK-12 education; and higher education. These workgroups may include voting or non-voting Council members, representatives of state departments or agencies, or members of the public as deemed necessary by the Council. In its designated area of focus, each workgroup must make recommendations with respect to the duties of the Council described in section 2(a) of this order and the report described in section 2(d) of this order.
- (c) The Council may adopt, reject, or modify recommendations made by the workgroups.
- (d) By December 1, 2023, the Council must prepare and submit a report to the governor, the Michigan House of Representatives, and the Michigan Senate on the following categories and, in each of these categories, the report will identify priorities with short-term, medium-term, and long-term policies to achieve the goals identified by the Council consistent with section 2(a) of this order:
 - (1) **Jobs, Talent, and People:** Propose a specific population goal for 2050 that is based on comprehensive economic development strategies that create safe, vibrant communities and lead to great opportunities and upward economic mobility for every Michigander. The report must contain policy recommendations to drive concrete, equitable investments that reflect the state's growth in communities of color; ensure domestic migration to Michigan (a combination of retaining our young talent and attracting talent to come to Michigan), as well as international migration to Michigan (creating additional pathways for new Americans); give direction on how to leverage Michigan's rich natural resources and expected climate migration from other states; and identify potential future workforce shortages and create targeted programs to attract the talent to fill these gaps.
 - (2) **Infrastructure and Places:** Propose long-term, sustainable, and equitable funding solutions for Michigan's multi-modal transportation systems and aging water infrastructure network to help meet the 2050 population goal identified in the report. When proposing policy, planning, and funding recommendations, the report must consider the need for sustainable investment amongst the emergence of more fuel-efficient vehicles and an unprecedented influx of one-time federal money. The workgroup also must propose solutions on how to create attainable housing options for Michiganders in every income bracket and create investment-ready sites across the state.
 - (3) **PreK-12 Education:** Propose statewide goals and policy recommendations on how Michigan can improve student outcomes to help every student reach

their full potential, strengthen accountability to meet shared goals, and attract people and businesses to our state. The report must propose how Michigan's statewide performance will be benchmarked against top performing states and countries and develop specific initiatives that guarantee every child realizes their full potential that allows them to be a lifelong Michigan resident.

- (4) **Higher Education:** Propose long-term, sustainable, and equitable funding solutions for Michigan's postsecondary education system, including student financial aid, to help meet the 2050 population goal identified in the report. The report must consider the need to improve college access and success, lower costs, and provide education and training that meets the demands of the state's economy. The report must also consider and build on the existing efforts within the Office of Sixty by 30 and make recommendations to achieve and exceed this goal.
- (5) **Revenue:** Identify or propose different revenue sources to address gaps identified between revenues and recommended expenditures to meet the goals identified by the Council, as well as any recommended changes in existing programs to ensure effectiveness and alignment with the goals identified by the Council.
