

**JOIN US FOR OUR NATIONAL APPRENTICESHIP WEEK EVENT  
WEDNESDAY, NOVEMBER 13<sup>th</sup>.**

Please join us at the Operating Engineers 324 Construction Career Center in Howell as we host a National “Apprenticeship Week” event on Wednesday, November 13<sup>th</sup> beginning at 7:30 a.m.

The event will begin with Registration and Networking over apple cider, coffee and donuts. Russ Davis, the State Director for the USDOL/Office of Apprenticeship will provide information about what it means to have registered apprentices, and what you need to know about getting your students aware of the opportunities existing in skilled trades registered apprenticeship programs. We will also provide information about how organizations like Operating Engineers 324, Ironworkers 25, Bricklayers and Allied Craftworkers 2, Michigan Regional Council of Carpenters and Millwrights, Michigan Building and Construction Trades Council and MUST can help develop the next generation of skilled tradespeople.

Besides the presentations, there will also be information tables from various related groups in the Operating Engineers 324 Construction Career Center.

After the presentations, counselors will have the opportunity to gain hands-on knowledge of many of the skills and equipment registered apprentices become familiar with as part of their career, as well as be able to have discussions with apprentice coordinators/instructors about how to identify and assist students with a future in the professional trades.

- DATE: Wednesday, November 13, 2019
- COUNSELOR OPEN HOUSE "Celebrating National Apprenticeship Week,"
- 7:30am – Registration begins with cider, donuts and coffee
