Additional Food Assistance for 350,000 Michigan Families in Response to COVID-19 Emergency Extended Through July

LANSING, MICH. Approximately 350,000 Michigan families will continue to have access to additional food assistance benefits during the month of July as a response to the COVID-19 pandemic, Gov. Gretchen Whitmer and the Michigan Department of Health and Human Services (MDHHS) announced today.

Michigan previously approved the additional food assistance for March through June – and now that is being extended for the month of July with approval from the U.S. Department of Agriculture Food and Nutrition Service.

“Many Michigan families are still struggling to put food on the table as a result of this global pandemic,” Gov. Whitmer said. “These additional payments will help many Michiganders as they continue to deal with an unprecedented public health and economic emergency.”

Eligible clients will see additional food assistance benefits on their Bridge Card by July 30, with payments beginning for some households on July 20. Additional benefits will be loaded onto Bridge Cards as a separate payment from the assistance that is provided earlier in the month.

Nearly 1.5 million people in Michigan receive federal Supplemental Nutrition Assistance Program (SNAP) benefits through the state’s Food Assistance Program

Households eligible for Food Assistance Program benefits will receive additional benefits in June to bring all current SNAP cases to the maximum monthly allowance for that group size. This change only applies to customers not currently receiving the maximum benefit amount. The 350,000 households that receive increased benefits represent close to 50 percent of the more than 800,000 Michigan households that received food assistance in May. The remaining households already receive the maximum benefit.

The table below shows the maximum allowable benefit for SNAP customers based on their respective household size:

One Person	Two Persons	Three Persons	Four Persons	Five Persons	Six Persons	Seven Persons	Eight Persons
\$194	\$355	\$509	\$646	\$768	\$921	\$1,018	\$1,164
