**Public Service
Announcement**

**SEMCO ENERGY GAS COMPANY ASKS CUSTOMERS PLEASE ALLOW OUR
EMPLOYEES APPROPRIATE SOCIAL DISTANCE**

SEMCO ENERGY Gas Company employees continue to respond to emergency leak calls 24 hours a day, 7 days a week. They will also continue to perform essential service visits following precautionary protocols. Most of the critical infrastructure work does not require access to the home and does not create an interruption of service. In these cases, please allow the technicians to conduct their work and please keep an appropriate social distance. Also consider bringing pets inside when SEMCO technicians are working in the area.

We appreciate your patience as we work to provide the best possible service during this public health emergency. The health, well-being and safety of our customers, associates and communities will continue to be our top priority each day.

**SEMCO ENERGY GAS COMPANY ASKS CUSTOMERS PLEASE CALL MISS-DIG –
811- BEFORE DOING ANY DIGGING OR EXCAVATION**

SEMCO ENERGY Gas Company reminds customer to call MISS DIG (811) at least 3 days prior to doing any digging or excavation. With more people at home this spring SEMCO has experienced an increase in line hits caused by people digging before calling MISS DIG. Michigan Law requires that if you are planning digging or excavation you must notify MISS DIG (811) at least 3 days in advance. It's one phone call, it's free and it could save your life.
