

VIOLATION TYPES

Priority (P): The highest risk violations which are directly related to an increased risk of foodborne illness. Examples include improper handwashing, unsafe food temperatures.

Priority foundation (Pf): Violations that can create a high risk (Priority) violation. Examples include lack of soap at a handsink, no calibrated thermometer, no test strips to check sanitizer levels.

Core (C): Lower risk violations. Examples include general maintenance of facility (floors, walls, ceilings).

Correction Requirements: (P) and (Pf) violations must be corrected immediately when possible. Follow-up inspections occur to ensure all of these violations have been resolved if not corrected during the routine inspection. Open Core (C) violations are verified at the next routine inspection.

For a complete description of the violations cited at each licensed establishment click [HERE](#).

ENFORCEMENT TYPES

When violations repeat at multiple inspections, or active managerial control is not demonstrated, enforcement may begin. The following steps of enforcement exist.

Civil Citations: Generally issued when a Core (C) Violation repeats at multiple routine inspections

Pre-Enforcement Step: Risk Control Plans (RCP)

Step 1: Compliance Conference

Step 2: Administrative Consultation

Step 3: Informal Hearing

Step 4: Formal Hearing

Consent Agreements: Alternative to formal hearings where establishment signs a legally binding agreement to correct violations or voluntarily close.

Action: *Describes whether an additional opportunity to comply was granted and is done at the discretion of the department.*

Proceed - Enforcement actions are being taken

Reprieve - Enforcement is being postponed

Conditional - A reprieve is being temporarily granted based on specific actions that must be taken immediately by the establishment
