## INTRODUCTION

**This version of the Uniform Chart of Accounts is a full revision of the entire chart of accounts. All previous versions are now obsolete and should be destroyed.**

The Uniform Chart of Accounts for Local Units of Government (Counties, Cities, Villages and Townships; and Authorities and Commissions established by counties, cities, villages and townships) has been developed by the ~~Local Government Fiscal Accountability Community Engagement and Finance~~ Division <sup>MY(1)</sup> of the Michigan Department of Treasury with the assistance of the Michigan Committee on Governmental Accounting and Auditing.

All local units of government in Michigan must use the Uniform Chart of Accounts. However, some governments may choose to implement a chart of accounts that is more complex than this chart (use of additional digits, etc.). This is acceptable as long as the chart used is consistent with this Chart of Accounts.

The ~~Local Government Fiscal Accountability Community Engagement and Finance~~ Division <sup>MY(2)</sup> is responsible for general oversight of the financial administration and related audits of local units of government. The Division issues guidance to assist local units in implementing new legislation that affects the accounting and auditing responsibilities of the units and provides instruction on the appropriate methods and procedures to be used when filing statutorily mandated financial reports. These responsibilities are established primarily by the Uniform Budgeting and Accounting Act, 1968 Public Act (PA) 2 and 1919 PA 71.

1968 PA 2, Michigan Compiled Laws (MCL) 141.421 states:

(1) The state treasurer shall prescribe uniform charts of accounts for all local units of similar size, function, or service designed to fulfill the requirements of good accounting practices relating to general government. Such chart of accounts shall conform as nearly as practicable to the uniform standards as set forth by the governmental accounting standards board or by a successor organization that establishes national generally accepted accounting standards and is determined acceptable to the state treasurer. The official who by law or charter is charged with the responsibility for the financial affairs of the local unit shall insure that the local unit accounts are maintained and kept in accordance with the chart of accounts. The state treasurer may also publish standard operating procedures and forms for the guidance of local units in establishing and maintaining uniform accounting.

To access the full text of any Michigan Public Act or MCL section, go to the Michigan Legislature Web site at <http://www.legislature.mi.gov>.

The Uniform Chart of Accounts provides a systematic arrangement and means for the uniform accumulation, recording, and reporting of financial information and transactions for all local units of government in Michigan. This system follows Generally Accepted Accounting Principles (GAAP) and Michigan law. If used consistently and properly, it will facilitate the preparation of prescribed reports and will assure responsible local officials and the general public that similar transactions are recorded in the same manner, not only within a local unit but also among local units.

## INTRODUCTION

The Uniform Chart of Accounts is presented as a “Table of Funds, Activities, and Account Numbers and Names” beginning on Page 24. The table provides funds, activities, account numbers, and the designated descriptive name to be used for all FUNDS, ACTIVITIES, BALANCE SHEET ACCOUNTS, REVENUE ACCOUNTS, and EXPENDITURE/EXPENSE ACCOUNTS.

The Uniform Chart of Accounts is designed to serve basic legislative, budgetary, and accounting objectives. In addition, it provides a means for local units to meet additional legal requirements of the unit for budgeting and uniform accounting and reporting, regardless of the size of the unit.

### **BUDGETS AND THE UNIFORM CHART OF ACCOUNTS**

1968 PA 2 established budgeting requirements and prohibits deficit spending by local units of government in Michigan. Further, legislation concerning the requirement of local units to adopt a budget resulted in the enactment of 1978 PA 621, an amendment to 1968 PA 2.

The Budget Act requires all local units of government in Michigan to adopt balanced budgets, to establish responsibilities and define the procedure for the preparation, adoption and maintenance of the budget, and to require certain information for the budget process.

Proper accounting and auditing in accordance with the Uniform Chart of Accounts greatly enhances the ability of the local unit to prepare and approve a budget that accurately reflects the financial condition of the unit to ensure that services are provided within available means.

For specific legal requirements pertaining to budgets, please refer to the Uniform Budget Manual for Local Units of Government. This manual is available on Treasury’s Web site at <http://www.michigan.gov/treasury> under Local Government/Accounting Information.

### **FINANCIAL REPORTING AND THE UNIFORM CHART OF ACCOUNTS**

In addition to budget requirements, local governments are required to prepare annual (biennial for certain local units) financial statements in accordance with Generally Accepted Accounting Principles and obtain an audit of these financial statements. Local units of government will find that adhering to the Uniform Chart of Accounts will facilitate the preparation and audit of the required financial statements.

The Governmental Accounting Standards Board (GASB) (<http://www.gasb.org>) is the primary standard-setting body for acceptable accounting principles for state and local government entities.

The American Institute of Certified Public Accountants (AICPA) (<http://www.aicpa.org>) has formally recognized the GASB in this capacity and established a hierarchy for applying other sources of guidance. Local governments must follow the GASB standards and consider the applicability of the other accounting guidance to receive an unqualified opinion on the audited financial statements. Detailed information concerning basic financial records, documents, and procedures applicable to all local units of government in Michigan may be found in the “Accounting Procedures Manual for Local Units of Government in Michigan” on the Treasury

# INTRODUCTION

Web site at <http://www.michigan.gov/treasury> under Local Government/Accounting Information.  
The manual was developed under the authority of 1968 PA 2 and 1919 PA 71.

## CREATING AN ACCOUNT NUMBER

The Uniform Chart of Accounts contains numbers that are ~~MANDATORY~~PRIMARY, ~~OPTIONAL~~SECONDARY, and OPEN.

Account numbers are structured to reflect the **FUND, ACTIVITY, ASSET, DEFERRED OUTFLOWS OF RESOURCES, LIABILITY, DEFERRED INFLOWS OF RESOURCES, EQUITY, REVENUE, or EXPENDITURE/EXPENSE ACCOUNT** that they represent.

~~MANDATORY~~PRIMARY numbers must be used if the local unit has such a fund, activity, asset, deferred outflow, liability, deferred inflow, equity, revenue, or expenditure/expense account and represents the minimum level of detail that should be used.

~~OPTIONAL~~SECONDARY numbers are not required to be used unless the local unit's accounting system requires more detailed classification of the fund, activity, asset, deferred outflows, liability, deferred inflows, equity, revenue, or expenditure/expense account beyond that of the PRIMARY numbers. In ~~that~~those cases, the ~~OPTIONAL~~SECONDARY numbers designated in this Uniform Chart of Accounts must be used.

**OPEN** numbers are similar to ~~OPTIONAL~~SECONDARY numbers in that they are not required to be used. However, if a local unit's accounting system requires detailed classification, and the Uniform Chart of Accounts does not contain an ~~OPTIONAL~~SECONDARY (designated) number that is suitable, an OPEN number may be used. The local unit may select an OPEN number within the major category heading of the fund, activity, asset, deferred outflows, liability, deferred inflows, equity, revenue, or expenditure/expense account and assign a name and description to meet its needs.

**RESERVED** numbers that are for Michigan Department of Treasury use only. The department will use these for future state-wide accounts.

### **FUNDS**

A fund is an independent accounting entity with a self-balancing set of accounts, created for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. It has accounts for assets, deferred outflows, liabilities, deferred inflows, reserves, equities, revenue, and expenditures/expenses.

Full descriptions of each fund, including its purpose, features, statutory authorization, and an explanation of its operation and use are included in this manual. This information is extremely useful for determining the appropriate fund to use for accounting purposes.

## CREATING AN ACCOUNT NUMBER

There are three fund types and several categories of funds:

FUND TYPES AND CATEGORIES		
Governmental Fund Types	Proprietary Fund Types	Fiduciary Fund Types
<ul style="list-style-type: none"> <li>▪ General Fund</li> <li>▪ Permanent Funds</li> <li>▪ Special Revenue Funds</li> <li>▪ Debt Service Funds</li> <li>▪ Capital Projects Funds</li> </ul>	<ul style="list-style-type: none"> <li>▪ Enterprise Funds</li> <li>▪ Internal Service Funds</li> </ul>	<ul style="list-style-type: none"> <li>▪ <u>Agency-Custodial</u> Funds</li> <li>▪ Pension (and other employee benefit) Trust Funds</li> <li>▪ Investment Trust Funds</li> <li>▪ Private Purpose Trust Funds</li> </ul>

### ACTIVITIES

An activity is an office or department to which specific expenditures/expenses are to be allocated. Do not confuse this with the Statement of Activities which is similar to the income statement.

The purpose of aggregating costs by activities is to better understand the cost of providing the various functions of government. The intent is to assign costs to the function or activity that benefits from those costs - not to the individuals who control them. For instance, consider the cost of health care for police officers. The benefit package may have been chosen by the governing body, but since this represents part of the costs of providing police services, these costs should be assigned to the police activity or function (not to the governing body that made the decision to incur those costs).

In general, all costs should be assigned to the functions or activities that benefit from the costs. However, in order to be cost-beneficial, it is acceptable to allocate small dollar costs to a general government function. An example would be a telephone bill that is not separated by individual departments might be assigned to the building and grounds activity.

**A group of related activities intended to accomplish a major service or regulatory program is a function.**

The activities listed in this manual are grouped into eleven functions and are listed in function order. The use of control activity numbers is OPTIONAL SECONDARY<sup>[MY(3)]</sup>. They can be used if a local unit wants the ability to monitor expenditures/expenses by function.

## CREATING AN ACCOUNT NUMBER

<u><b>Functions and Activities in function order</b></u>		
<b>Function</b>	<u><b>Activity Numbers</b></u>	<u><b>Activity Numbers</b></u>
	<b>Control</b>	<b>Detail</b>
General Government	100	101-128, 171-279
Judicial	280	281-299
Public Safety	300	301-439
Public Works	440	441-599

Other Financing Sources (Uses)		
Transfers In and Other Financing Sources	930	931-964
Transfers (Out) and Other Financing Uses	965	966-999

Detailed descriptions of the functions, activities and any ~~optional~~secondary possibilities within each function are included in this manual. See the Function and Activity Descriptions in the Table of Contents. These descriptions include information about the FUND(S) in which the ACTIVITY would be found, when it is used, and provide examples of revenue or expenditures which may be classified within the ACTIVITY or function.

### **BALANCE SHEET (STATEMENT OF FUND NET POSITON) ACCOUNTS**

These are the asset, liability, and fund balance (fund net position) accounts (and deferred outflows/inflows, where applicable) that make up the balance sheet of each individual fund. These accounts are not closed out at the end of an accounting period. The local unit will use only the accounts that are necessary for each separate fund.

A full description of the Balance Sheet Accounts, including their use and an explanation of when the account is debited or credited, is included in this manual. See Table of Contents.

# CREATING AN ACCOUNT NUMBER

## REVENUE ACCOUNTS

Revenue accounts include MANDATORY, OPTIONAL, and OPEN accounts.

The MANDATORY accounts are the revenue sources required for financial reporting and must be reported in the local unit's financial reports.

All units must use accounts listed as mandatory if the unit receives that type of revenue. [MY(4)]

There are eleven mandatoryprimary revenue accounts, as indicated in the table below:

<u>PRIMARY REVENUE / OTHER FINANCING SOURCES ACCOUNTS</u>	
Number	Revenue Source
401	Taxes
450	Special Assessments
475	Licenses and Permits
501	Federal Grants
539	State Grants
580	Contribution from Local Units
600	Charges for Services
655	Fines and Forfeits
664	Interest and Rents
671	Other Revenue
690	Other Financing Sources

OPTIONAL account numbers are provided within the MANDATORY revenue source categories to give local units the possibility of greater detail in classifying its revenues.

Local units are not required to classify its revenues beyond the MANDATORY categories. However, if the reporting of revenue is expanded to OPTIONAL accounts, the OPTIONAL account numbers as listed in the Uniform Chart of Accounts must be used.

Units that choose to use greater detail in identifying revenues may use an available OPEN account number and account name of their choice. But if they do so, they must use an OPEN number within one of the MANDATORY revenue account categories.

## CREATING AN ACCOUNT NUMBER

For example, a local unit receives revenue from the issuance of permits to operate a business. A unit may classify this revenue in the MANDATORY category of “Licenses and Permits” if the unit does not further classify revenues.

However, within the MANDATORY category of “Licenses and Permits,” there are OPTIONAL accounts for Business Licenses and Permits and Non-Business Licenses and Permits. Units that choose to use greater detail in identifying revenues may use an available OPEN number and account name of their choice, such as “Downtown Area Business Licenses.” But if they do so, they must use an OPEN number under the OPTIONAL account of Business Licenses and Permits. MY(5) MY(6)

## CREATING AN ACCOUNT NUMBER

### EXPENDITURE ACCOUNTS

There are seven ~~mandatory~~primary expenditure accounts:

<b><del>MANDATORY</del><u>PRIMARY</u> EXPENDITURE / OTHER FINANCING USES ACCOUNTS</b>	
<b>Number</b>	<b>Account Name</b>
701	Personal Services
<del>751</del> <u>726</u>	Supplies
800	Other Services and Charges
970	Capital Outlay
990	Debt Service
995	Other Financing Uses
998	Special and Extraordinary Items

~~OPTIONAL account numbers are provided within most mandatory account categories for those local units that want to further classify expenditures of various activities. There are also OPEN numbers under each OPTIONAL account. Units may assign their own account numbers and names to these OPEN account numbers, but must observe major OPTIONAL headings within the category when making such assignments.~~

~~For example, a local unit has expenditures to XYZ Consulting Firm for payment of services provided by the firm. A unit may classify this expenditure in the MANDATORY category of “Other Services and Charges” if the unit does not further classify expenditures.~~

~~However, within the MANDATORY category of “Other Services and Charges,” there are OPTIONAL accounts for Professional and Contractual Services, Transportation, Utilities, and several others. Units that choose to use greater detail in identifying expenditures may use an available OPEN account number and a name of their choice, such as “XYZ Consulting” but if they do so, they must use an OPEN number under the OPTIONAL account of Professional and Contractual Services.~~ MY(7) MY(8)

Within each ACTIVITY, a unit would use as many or as few of the expenditure accounts as necessary to provide the required budgetary control and financial reporting data.

## CREATING AN ACCOUNT NUMBER

### REVENUE AND EXPENDITURE CLASSIFICATION - GASB TERMINOLOGY

Persons desiring a more thorough understanding of revenue and expenditure classifications for governmental funds should refer to GASB Codification Section 1800. The primary classification of governmental fund revenues by source, and the classification of expenditures by function or program, organization unit, activity, character and object, is explained in more detail. The GASB Codification can be obtained from the Governmental Accounting Standards Board at <http://www.gasb.org>.

A complete account number consists of three items--FUND, ACTIVITY, and ACCOUNT (Asset, Deferred Outflows of Resources, Liability, Deferred Inflows of Resources, Equity, Revenue, or Expenditure/Expense).

No single unit of government will use all of the fund, activity, or account numbers contained in the Uniform Chart of Accounts.

Smaller units will, most likely, use only a few numbers, while a large unit may use many of the numbers. Regardless of the size of the unit, an account number that is used will be used for the same purpose by each unit.

A full account number consists of 9 digits, or 3 sets of 3 digits:

First 3 digits = FUND

Next 3 digits = ACTIVITY

Last 3 digits = ACCOUNT (Asset, Deferred Outflows, Liability, Deferred Inflows, Equity, Revenue, or Expenditure/Expense)

The sample account number below illustrates the “3 sets of 3 digits” concept and the basis for the prescribed order and the relationship of each set to the others.

Sample 9 Digit Number: 101-253-726

- a) The first three digits in any account number represent the FUND number. All Account Numbers have a fund designation. (101 = General Fund)
- b) The next three digits represent the ACTIVITY number. (253 = Treasurer)
- c) The final three digits represent the ASSET, DEFERRED OUTFLOWS, LIABILITY, DEFERRED INFLOWS, EQUITY, REVENUE, OR EXPENDITURE/EXPENSE ACCOUNT. The ACCOUNT provides the detail of the source of the REVENUE used to support the ACTIVITY, or identifies the EXPENDITURES/EXPENSES on behalf of the ACTIVITY, or describes the type of ASSET, DEFERRED OUTFLOWS, LIABILITY, OR DEFERRED INFLOWS that the ACTIVITY possesses or has incurred. (Expenditure account 726 = Supplies)

## CREATING AN ACCOUNT NUMBER

The sample account number above, 101-253-726, MY(9) is used to identify the purchase of supplies for the Office of the Treasurer of the local unit from the General Fund.

When designating the 9-digit account number, it is not necessary to use an activity number (3 middle digits) for balance sheet accounts and revenue accounts. An activity number must be used for expenditure/expense accounts. When an activity number does not apply or is not used, three zeros (000) are used as the middle series of numbers in the 9-digit account number.

Revenue defined by GASB Statement 34 as program revenue may use an activity number or may use another method of accumulating the information for the government-wide financial statements.

Some units may find that using only the “mandatoryprimary” numbers within each category provides them with all the information necessary to account for financial transactions and prepare reports.

The level of detail that each local unit applies to the above structure is at the discretion of the individual unit according to its needs. For instance, a small township may decide that the use of the mandatoryprimary numbers is sufficient for their purposes. The following examples show account numbers constructed for this township’s police department using mandatoryprimary numbers only.

To account for the payment of salaries to the township police:

Sample Account No.: 101-301-701

101 = FUND--General Fund  
301 = ACTIVITY--Police  
701 = EXPENDITURE--Personnel Services

To account for the receipt of revenue as the result of licenses and permits (Program Revenue-GASB 34):

Sample Account No.: 101-000-47550

101 = FUND--General Fund  
000 = ACTIVITY--(This township chose not to use activity numbers with its revenue accounts.)  
475 = REVENUE--Licenses and Permits

No additional detail is necessary unless the unit chooses to do so. In that case, using the first example above, additional detail could be created to separate the salaries of permanent employees from the salaries of temporary employees by using OPEN expenditure account numbers under the Personal Services mandatoryprimary category. To do this, account numbers could be designated as follows:

## CREATING AN ACCOUNT NUMBER

Sample Account No.: 101-301-703

101 = FUND--General Fund

301 = ACTIVITY--Police

703 = EXPENDITURE--Salaries of Permanent Police Employees

(OPEN account number under the ~~MANDATORY~~PRIMARY “Personal Services” account designation)

Sample Account No.: 101-301-704

101 = FUND--General Fund

301 = ACTIVITY--Police

704 = EXPENDITURE--Salaries of Temporary Police Employees

(OPEN account number under the ~~MANDATORY~~PRIMARY “Personal Services” account designation)

Similarly, the REVENUE from Licenses and Permits could be further classified to identify permits issued to individuals for specific purposes. Under the ~~MANDATORY~~PRIMARY account of “Licenses and Permits,” and the ~~OPTIONAL~~SECONDARY account for “Business Licenses and Permits,” the township could designate an OPEN account number with a description of their choice. These chosen numbers would be used as the last 3 digits of the full account number.

Sample Account No.: 101-000-4~~7651~~

101 = FUND--General Fund

000 = ACTIVITY

476 = REVENUE--Business Licenses and Permits

(OPEN account number under the ~~MANDATORY~~PRIMARY “Licenses and Permits” account and the ~~OPTIONAL~~SECONDARY “Business Licenses and Permits” account)

Regardless of the amount of detail desired by the local unit, all transactions will have a FUND number. In addition, the ~~mandatory~~primary numbers for REVENUE and EXPENDITURES must be used if the unit receives such revenue or expenditures. If a unit wishes to further classify REVENUE or EXPENDITURES, they must use the ~~OPTIONAL~~SECONDARY and/or OPEN numbers within each ~~mandatory~~primary category.

### TAKING DETAIL TO THE NEXT LEVEL

Some units, especially those that are very large and that must account for many funds, activities, revenues, and expenditures, may choose to expand the account numbers to provide for additional classification of transactions to a very precise level of detail.

“Police Department” may be further classified to identify separate Police sub-activities within the police department such as administration, traffic control, road patrol, community policing, etc.

## CREATING AN ACCOUNT NUMBER

Units that choose this level of detail may have expanded account numbers that are “pointed off” and look like this:

Sample Expanded Number: 101-301.10-751

101 = FUND--General Fund  
 301 = ACTIVITY--Police Department  
 .10 = SUB-ACTIVITY--Administration  
 751 = EXPENDITURE--Supplies

In this example, the ACTIVITY (3 middle digits) is “Police Department” but is further identified by using a decimal number following the 3-digit ACTIVITY number. This account number would be used to identify the purchase of supplies for the Administration activities of the overall Police Department for the unit.

The local unit may choose any title it wishes for the expanded description.

Using this method, the same ACTIVITY (Police Department) could be further expanded as follows:

Sample Expanded Number: 101-301.20-751

101 = FUND--General Fund  
 301 = ACTIVITY--Police Department  
 .20 = SUB-ACTIVITY--Traffic Control  
 751 = EXPENDITURE--Supplies

This number would be used to identify the purchase of supplies for the Traffic Control activities of the overall Police Department of the unit.

Accounts may also be pointed off. The most common example would be pointing off accounts for transfers in/out as well as due to and due from other funds.

Sample Expanded Number: 101-000-084.207

101 = FUND--General Fund  
000 = Balance sheet accounts do not require an activity number  
084 = Due from other funds  
.207 indicates the Police (Sheriff) fund borrowed the money

The use of expanded numbers and the extent of the expansion of those numbers are solely at the discretion of the local unit.

## CREATING AN ACCOUNT NUMBER

All local units of government in Michigan have access to numerous resources to assist them in their responsibility to accurately and uniformly record all financial transactions within the unit, and to use this same information for budgeting and reporting purposes.

Recognizing the importance of the proper and consistent use of the Uniform Chart of Accounts, and structuring account numbers accordingly, will result in the consistent and uniform accounting and reporting of financial transactions statewide, while still giving each local unit options that are best suited to meet the needs of the unit.

A local unit of government should seek the counsel of their certified public accountant or the ~~Local Government Fiscal Accountability Community Engagement and Finance~~ Division <sup>MY(10)</sup> of the Michigan Department of Treasury if assistance with the Uniform Chart of Accounts is needed.

## DESCRIPTION OF LOCAL UNITS OF GOVERNMENT

Local units of government in Michigan exist in many different forms, each with their own accounting and reporting needs. The size of the unit, whether a county, city, township, village, authority, board, commission, library, etc., generally has a bearing on the amount of detail required in maintaining accounting records and the extent to which the local unit will apply the many options contained in the Uniform Chart of Accounts.

This section of the manual has been developed to provide local unit officials with a guide to the parts of the Uniform Chart of Accounts that may be most helpful to them in fulfilling their duties. This “checklist” is strictly a guide and relates to the Uniform Chart of Accounts only. It is not intended to be, and should not be relied on, as the only information a local unit may need to properly account for all financial transactions of the unit.

### County

All counties in Michigan should have an account structure in place that conforms to the Uniform Chart of Accounts. We recommend that an individual who may be unfamiliar with the county’s accounting system refer to the following sections of this manual as listed in the Table of Contents:

- Introduction
- Account Structure--particular emphasis on the use of subsidiary numbers with the “~~Mandatory~~Primary” categories and on the use of expanded numbers as described in the section titled, “Taking Detail to the Next Level”
- Uniform Chart of Accounts Table of Funds, Activities, Account Numbers, and Names
- Descriptions of the Funds, Activities, and Accounts in use by the County

1919 PA 71, MCL 21.41 states:

The state treasurer shall formulate, prescribe, and install a system of accounting and reporting in conformity with the provisions of this act that shall be uniform for every county office and public account of the same class.

1919 PA 71, MCL 21.42 states:

The accounting system shall embrace accounts showing all sources of income, the amounts due, collected and received from each source, including all fees collected by county officers whether turned into the county treasury or not, the amount expended for each purpose, bills, and accounts payable; the receipt, use, and disposition of other public property and the income, if any, derived from them. The accounting system shall include other forms of accounts as the state treasurer may consider wise and essential to efficient financial administration of public affairs pertaining to county governments.

## DESCRIPTION OF LOCAL UNITS OF GOVERNMENT

1919 PA 71, MCL 21.48 states:

The executive officer of each county office shall adopt and use the books, forms, records and systems of accounting and reporting prescribed by the state treasurer and shall promptly purchase the books, forms, and records as may be necessary to implement their use, in the manner now provided by law for the purchase of those articles. ...

### **Large City/Township (Large Unit with Many Funds and Activities)**

Large cities or townships that provide many services to their residents and that receive revenue from many sources should have an account structure in place that conforms to the Uniform Chart of Accounts. We recommend that an individual who may be unfamiliar with the city/township accounting system refer to the following sections of this manual as listed in the Table of Contents:

- Introduction
- Account Structure--particular emphasis on the use of ~~OPTIONAL~~SECONDARY and OPEN numbers within the ~~MANDATORY~~PRIMARY categories, and on the use of expanded numbers as described in the section titled “Taking Detail to the Next Level” in the “Creating an Account Number” section.
- Table of Funds, Activities, Account Numbers, and Names
- Descriptions of Funds, Activities, Balance Sheet Accounts, Revenue, and Expenditure/Expense Accounts that are in use by the city or township.

### **Smaller City/Township (Smaller Unit with Fewer Funds and Activities)**

Many smaller cities and townships receive revenue from a limited number of sources and provide services to their residents that may not be as extensive as those provided by large cities and townships. An account structure that conforms to the Uniform Chart of Accounts should be in use, although it may be less detailed than a large city or township. We recommend that an individual who may be unfamiliar with the city/township accounting system refer to the following sections of this manual as listed in the Table of Contents:

- Introduction
- Account Structure--particular emphasis on the use of ~~MANDATORY~~PRIMARY accounts and less on the use of ~~OPTIONAL~~SECONDARY and OPEN numbers within the ~~MANDATORY~~PRIMARY categories. However, if the current system of the city/township provides for detailed classification within the ~~mandatory~~primary categories, the entire Account Structure section should be reviewed.
- Table of Funds, Activities, Account Numbers, and Names
- Descriptions of Funds, Activities, Balance Sheet Accounts, Revenue, and Expenditure/Expense Accounts that are in use by the city or township.

## DESCRIPTION OF LOCAL UNITS OF GOVERNMENT

### Village (Minimal Funds and Activities)

Many villages have accounting systems in place that conform to the Uniform Chart of Accounts and are similar to small cities or townships. However, some villages may receive revenue from fewer sources and may not provide services to their residents that are provided by cities and townships. A village may find that less detail in its accounting system meets its needs. We recommend that an individual who may be unfamiliar with the village accounting system refer to the following sections of this manual as listed in the Table of Contents:

- Introduction
- Account Structure--particular emphasis on the use of ~~MANDATORY~~PRIMARY accounts and less on the use of ~~OPTIONAL~~SECONDARY and OPEN numbers within the ~~MANDATORY~~PRIMARY categories. However, if the current system of the village provides for detailed classification within the ~~mandatory~~primary categories, the entire Account Structure section should be reviewed.
- Table of Funds, Activities, Account Numbers, and Names
- Descriptions of Funds, Activities, Balance Sheet Accounts, Revenue, and Expenditure/Expense Accounts that are in use by the village.

### Authority, Board or Commission (Library, Transportation Authority, etc.)

#### [Fund(s) and Activities Designated in Bylaws or Charter]

An authority, board or commission may have been created by a single local unit, or may have been created jointly by a number of local units. An authority, board or commission may have responsibility for the accounting records of the unit(s) that they created. It is also possible that the accounting records of the authority, board, or commission are the responsibility of the unit or one of the units that they created.

For example, a library may be responsible for accounting for only those transactions performed by or for the library. In this situation, it is likely that only one fund is used. There are very few activities, revenues, or expenditures/expenses involved.

The accounting responsibilities for authorities, boards or commissions are defined in the bylaws or charter of the authority, board or commission, or in similar documents of the unit(s) creating the authority, board or commission.

If the unit has been operating in this manner for a while, an account structure system that conforms to the Uniform Chart of Accounts should be in place.

## DESCRIPTION OF LOCAL UNITS OF GOVERNMENT

### Existing Authorities, Boards or Commissions

Authorities, boards or commissions that currently exist would have their accounting responsibilities defined and an account structure in place. An individual who is unfamiliar with the Authority, Board or Commission should review existing records to learn about the structure being used. In addition, we recommend that the following sections of this manual be reviewed as listed in the Table of Contents:

- Introduction
- Account Structure--particular emphasis on understanding the account structure that is currently in place, the level of detail required and whether ~~MANDATORY~~PRIMARY, ~~OPTIONAL~~SECONDARY, or OPEN numbers are used.
- Table of fund, activity, account numbers, and names.
- Descriptions of funds, activities, balance sheet accounts, and revenue and expenditure/Expense Accounts that are in use by the authority, board, or commission.

### Newly-Created Authorities, Boards or Commissions

An individual who has been given the responsibility of maintaining the accounting records of a newly created authority, board or commission should review the bylaws or charter to determine the type(s) of fund(s), activities, revenue and expenditures/expenses that are pertinent to the operation of the authority, board or commission. In addition, we recommend that the following sections of this manual be reviewed as listed in the Table of Contents:

- Introduction
- Account Structure--particular emphasis on understanding the overall concept of how funds, activities, revenues, and expenditures are related and the use of ~~MANDATORY~~PRIMARY, ~~OPTIONAL~~SECONDARY, or OPEN numbers.
- Table of fund, activity, account numbers, and names.
- Descriptions of funds, activities, balance sheet accounts, and revenue and expenditure/expense accounts that will be used to maintain the records of the authority, board, or commission.

It may be helpful to review and discuss the records of an existing authority, board, or commission with the person(s) responsible for maintaining the records to get an understanding of an established system.

# DESCRIPTION OF LOCAL UNITS OF GOVERNMENT

The funds that occur more frequently for each type of local unit are indicated by an “X”. If there is no "X" corresponding to a particular fund, it does not necessarily preclude a unit of government from using the fund. The fund's description should be reviewed prior to its establishment.

## FUND DESCRIPTIONS - GENERAL FUND TYPE

The General Fund should be used to account for and report all financial resources not accounted for and reported in another fund. ([GASB](#) Codification Section 1300.104). The General Fund is established at the inception of the local unit of government and continues throughout its existence.

GASB Codification Section S40.114 states, “The transactions of a service type special assessment should be reported in the fund type that best reflects the nature of the transactions, usually the general fund, a special revenue fund, or an enterprise fund ...”

A legally created service type special assessment district, including a district that is the entire unit, is a separate fiscal and accounting entity. Inclusion of the transactions of a service type special assessment district in the General Fund of a local unit in Michigan is prohibited.

Several Special Revenue Funds have been established to account for service type special assessment districts and are described in this Chart of Accounts. When one type of special assessment includes a number of districts, each district must be accounted for separately. This may be accomplished through the use of a separate fund for each district or the use of one fund with subsidiary accounts for each district.

Service type special assessments which are directly related to an enterprise fund may be accounted for in the related enterprise fund. When an enterprise fund includes multiple special assessment districts, subsidiary records of each special assessment district must be maintained.

The same requirements relating to special assessments apply when a tax is levied for a specific purpose. Refer to Special Revenue Funds for the various funds necessary.

### **101--GENERAL FUND**

The General Fund typically serves as the chief operating fund of a local government. It is used to account for and report all financial resources except those required to be accounted for in another fund. The General Fund’s primary revenue sources are the general tax levy (not to include special tax levies or assessments), local income taxes, certain state and federal grants, and fees and charges of the General Fund departments. Most of the current activities of the local unit of government are accounted for through the General Fund. Its use is mandatory for all primary units of government (counties, townships, cities, and villages).

The cash and investments of the General Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The General Fund must operate only with an adopted budget by the governing body of the local unit as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

## FUND DESCRIPTIONS - GENERAL FUND TYPE

### **102--BUDGET STABILIZATION FUND**

The Budget Stabilization Fund may be used in counties, cities, villages, and townships to account for funds set aside pursuant to the provisions of PA 30 of 1978, MCL 141.441 to MCL 141.445.

The fund may be established by an ordinance adopted by 2/3 of the members elected and serving on the governing body as provided in the Act. Specific requirements dictate the amounts to be transferred from the General Fund, maximum balances, and specific uses for the fund, MCL 141.443.

MCL 141.444 states in part: "Money in the budget stabilization fund may be appropriated by an ordinance or resolution adopted by a 2/3 vote of the members elected and serving of the governing body ..."

The cash and investments of the Budget Stabilization Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts. The earnings of the fund's investments must be returned to the municipality's General Fund, 1978 PA 30, MCL 141.443(4).

As discussed in the Michigan Committee on Governmental Accounting and Auditing (MCGAA) Statement No. 15, this fund should be reported as part of the General Fund. However, MCL 141.443 does not allow a return of resources to the General Fund without a 2/3 approval of the governing body and only to meet budgetary needs. Therefore, the general ledger that reports these resources should not be eliminated. It would be appropriate to continue to maintain a separate general ledger for this fund, but to report it in the annual financial statements as a component of the General Fund. Please refer to the discussion at the end of MCGAA Statement No. 15 regarding maintaining separate general ledgers, but not reporting as a fund in the financial statements.

### **103 to 149--OPEN**

## FUND DESCRIPTIONS - PERMANENT FUND TYPE

Permanent Funds should be used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs--that is, for the benefit of the government or its citizenry. ([GASB Codification Section 1300.108](#)).

### **151--CEMETERY TRUST FUND**

This fund is used to account for money held by the local unit in trust for the perpetual care of cemetery lots. This fund has both a restricted and non-spendable fund balance. The non-spendable fund balance contains the amounts placed with the local unit in trust to be invested. The income earned on the investments would be closed to the restricted fund balance and may only be used for the perpetual care of the cemetery lots.

Statutory authorization for this fund is contained in 1937 PA 215, MCL 128.1 to MCL 128.4; 1931 PA 46, MCL 128.11 to MCL 128.16; 1915 PA 113, MCL 128.61 to MCL 128.62; 1909 PA 95, MCL 128.71 to MCL 128.74; and 1903 PA 81, MCL 128.81 to MCL 128.88.

The cash and investments of the Cemetery Trust Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts. Unless the unit has transferred the endowment to a community foundation according to 1937 PA 215, MCL 128.4.

### **152 to 154--OPEN**

### **155--ENDOWMENT FUND**

This fund is established only when required by the donor to account for restrictions stipulated by the donor in the gift instrument. This fund is used to account for money held by the local unit in trust for the purpose stated in the gift instrument. This fund has both a restricted and non-spendable fund balance. The non-spendable fund balance contains the amounts placed with the local unit in trust to be invested. The income earned on the investments would be closed to the restricted fund balance and may only be used for purposes stated in the gift instrument.

If an endowment fund holds funds for a charitable purpose, the cash and investments may be required to be managed and invested in accordance with 2009 PA 87, MCL 451.921 to MCL 451.931, the Uniform Prudent Management of Institutional Funds Act <http://legislature.mi.gov/doc.aspx?mcl-act-87-of-2009> .

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

### Special revenue<sup>MY(11)</sup>

funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The term proceeds of specific revenue sources establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. ([GASB](#) Codification Section 1300.105).

GASB Codification Section S40.114 states: “The transactions of a service type special assessment should be reported in the fund type that best reflects the nature of the transactions, usually the general fund, a special revenue fund, or an enterprise fund ...”

A legally created service type special assessment district, including a district that is the entire unit, is a separate fiscal and accounting entity. Inclusion of the transactions of a service type special assessment district in the General Fund of a local unit in Michigan is prohibited.

Several special revenue funds have been established to account for service type special assessment districts and are described in this Chart of Accounts. When one type of special assessment includes a number of districts, each district must be accounted for separately. This may be accomplished through the use of a separate fund for each district or the use of one fund with subsidiary accounts for each district.

The same requirements relating to special assessments apply when a tax is levied for a specific purpose. Refer to Special Revenue Funds for the various funds necessary.

Local units must account for expenditures associated with millages or community--wide special assessments within the designated special revenue fund receiving the restricted or committed revenue. Accounting for these expenditures within the General fund and transferring funds from the special revenue fund is an unacceptable practice.

### **201--COUNTY ROAD FUND**

The County Road Fund is used in each county to account for the operation of the county road commission. The fund is required by 1951 PA 51, MCL 247.662.

The County Road Fund is used to account for the receipt and expenditure of state motor vehicle fuel taxes which are earmarked by law, 1951 PA 51, for street and highway purposes, federal grants for highway purposes, taxes and special assessments for road purposes and general fund appropriations as well as State Trunkline maintenance contracts. The specific accounting procedures are prescribed by the Department of Treasury in the publication “Uniform Accounting Procedures Manual for County Road Commissions,” which is on the Michigan Department of Treasury Web site. Please note the following link: [http://www.michigan.gov/documents/treasury/roadcomm\\_3003\\_7\\_508374\\_7.pdf](http://www.michigan.gov/documents/treasury/roadcomm_3003_7_508374_7.pdf).

The cash and investments of the County Road Fund are subject to the requirements of PA 20 of 1943, MCL 129.91, and may be included in pooled cash and investment accounts.

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

The County Road Fund must operate only with a budget adopted by the board of county road commissioners as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the board of county road commissioners pursuant to 1951 PA 51, MCL 247.662(12).

### **202--MAJOR STREET FUND**

The Major Street Fund is used in each city or village to account for the construction and maintenance of a city or village major street system. The fund is required by 1951 PA 51, MCL 247.664(2).

The Major Street Fund is used to account for the receipt and expenditure of state motor vehicle fuel taxes which are earmarked by law, 1951 PA 51, for major street and highway purposes, federal grants for major street purposes, and general fund appropriations as well as State Trunkline maintenance contracts. Taxes and special assessments for major street purposes may be accounted for in this fund or in fund 204--Municipal Street Fund.

The cash and investments of the Major Street Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Major Street Fund must operate only with a budget adopted by the city or village council as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; or Villages--1895 PA 3, MCL 65.7.

### **203--LOCAL STREET FUND**

The Local Street Fund is used in each city or village to account for the construction and maintenance of a city or village local street system. The fund is required by 1951 PA 51, MCL 247.664(2).

The Local Street Fund is used to account for the receipt and expenditure of state motor vehicle fuel taxes which are earmarked by law, 1951 PA 51, for local street and highway purposes, federal grants for local street purposes, and general fund appropriations. Taxes and special assessments for local street purposes may be accounted for in this fund or in fund 204--Municipal Street Fund.

The cash and investments of the Local Street Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Local Street Fund must operate only with a budget adopted by the city or village council as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; or Villages--1895 PA 3, MCL 65.7.

**FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE****204--MUNICIPAL STREET FUND**

The Municipal Street Fund is used in a city or village to account for a tax levy or special assessment levy for street operations of a city or village not provided for by 1951 PA 51. It is also used in a township to account for a tax levy or special assessment for road purposes.

The Michigan Department of Treasury requires this fund in those units that levy a voted tax or special assessment for street or road improvements.

If the street/road improvements are funded with General Fund revenue, use Activity Number 446 in the General Fund to record the expenditures.

The cash and investments of the Municipal Street Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Municipal Street Fund must operate only with a budget adopted by the city or village council or township board as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council or township board pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.

**205--PUBLIC SAFETY FUND**

The Public Safety Fund is used in cities, villages, and townships to account for a tax levy or special assessment levy for the purpose of providing police and fire protection authorized by a vote of the electors of the local unit of government.

The Michigan Department of Treasury requires this fund in those units which levy a special voted tax or special assessment for police and fire protection.

If police and fire protection is funded with General Fund revenue, use Activity Number 345 in the General Fund.

The cash and investments of the Public Safety Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Public Safety Fund must operate only with a budget adopted by the city or village council or township board as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council or township board pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.

**FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE****206--FIRE FUND**

The Fire Fund is used in cities, villages, and townships to account for a tax levy or special assessment levy for the purpose of providing fire protection authorized by a vote of the electors of the local unit of government.

The Michigan Department of Treasury requires this fund in those units which levy a special voted tax or special assessment for fire protection.

If fire protection is funded with General Fund revenue, use Activity Numbers 336 to 344 in the General Fund.

The cash and investments of the Fire Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Fire Fund must operate only with a budget adopted by the city or village council or township board as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council or township board pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

### 207---POLICE (OR SHERIFF) FUND

The Police ~~(or Sheriff)~~ fFund is used in counties, cities, villages, and townships to account for a tax levy or special assessment levy for the purpose of providing police or sheriff protection authorized by a vote of the electors of the local unit of government.

The Michigan Department of Treasury requires this fund in those units which levy a special voted tax or special assessment for police or sheriff protection.

If police or sheriff protection is funded with General fFund revenue, use Activity Number 301 in the General Fund.

The cash and investments of the Police (Sheriff) fFund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Police (Sheriff) Fund must operate only with a budget adopted by ~~the the governing body of the local unit city or village council or township board~~ as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.~~All claims (expenditures) must be approved by the city or village council or township board pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.~~

Cities, villages, and townships should refer to this as the Police fund. Counties will refer to this as the Sheriff fund.

**FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE****208--PARK/RECREATION FUND**

The Park/Recreation Fund is used to account for funds raised for operating and maintaining a park or recreation program. In counties, the fund is used to account for the operation of parks under the authority of a park board made up of the road commissioners or a ten member board created pursuant to 1965 PA 261, MCL 46.351 to MCL 46.367, or a tax levy for the purpose of providing park or recreation activities authorized by a vote of the electors of the county. Other statutory authority for counties regarding parks is contained in 1913 PA 90, MCL 123.61 to MCL 123.68.

In cities, villages, and townships, the Park/Recreation Fund is used to account for funds raised by a tax levy for the purpose of providing park or recreation activities authorized by a vote of the electors of the local unit of government. Statutory authority is: Cities and Villages--Const 1963, art 7, § 23; Townships--1905 PA 157, MCL 41.421, MCL 41.428; and City, Village, County, or Township--1917 PA 156, MCL 123.51.

The Michigan Department of Treasury requires this fund in those units that levy a special voted tax for park/recreation activities and in counties that have a separate park board.

If the park is intended to be self-sustaining through user charges, use Enterprise Fund Number 508. If park/recreation service is funded with General Fund revenue, use Activity Number 751, Parks and Recreation Department, in the General Fund.

The cash and investments of the Park/Recreation Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Park/Recreation Fund must operate only with a budget adopted by the city or village council or county or township board as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council, or county or township board pursuant to: Counties--1851 PA 156, MCL 46.11(g); County Park Board--1965 PA 261, MCL 46.351 to MCL 46.367 *et seq.*; Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.

**209--CEMETERY FUND**

The Cemetery Fund is used in cities, villages, and townships to account for a tax levy for the purpose of operating a cemetery authorized by a vote of the electors of the local unit of government.

The Michigan Department of Treasury requires this fund in those units that levy a special voted tax for cemetery operations.

If cemetery operations are funded with General Fund revenue, use Activity Number 567 in the General Fund.

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

The Cemetery Fund (for operations) must not be confused with fund 151--Cemetery Trust Fund that must be used for cemetery perpetual care funds.

The cash and investments of the Cemetery Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Cemetery Fund must operate only with a budget adopted by the city, village council, or township board as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council or township board pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.

### **210--AMBULANCE FUND**

The Ambulance/EMS Fund is used in counties, cities, villages, and townships to account for a tax levy for the purpose of providing ambulance services authorized by a vote of the electors of the local unit of government.

The Michigan Department of Treasury requires this fund in those units that levy a special voted tax for ambulance operations.

If the Ambulance Fund is intended to be self-sustaining through user charges, use Enterprise Fund Number 505. If ambulance service is funded with General Fund revenue, use Activity Number 651, Ambulance, in the General Fund.

The cash and investments of the Ambulance Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Ambulance Fund must operate only with a budget adopted by the city or village council or county or township board as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council or the county or township board pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; or Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

**FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE****212--LIQUOR LAW ENFORCEMENT FUND**

The Liquor Law Enforcement Fund is used in cities, villages, and townships which do not have a full-time police or enforcement department to account for the distribution of State liquor law enforcement money to the local unit of government for enforcing the Liquor Control Act.

This fund is required by the Michigan Department of Treasury in those units which do not have a full-time police or law enforcement department. A separate Liquor Law Enforcement Fund should not be established when the local unit has a full-time police or law enforcement department.

If liquor law enforcement is funded with General Fund revenue, use Activity Number 330, Liquor Law Enforcement, in the General Fund.

The cash and investments of the Liquor Law Enforcement Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Liquor Law Enforcement Fund must operate only with a budget adopted by the city or village council or township board as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council or the township board pursuant to: Cities--1895 PA 215 of, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.

**213 to 214--OPEN****215--FRIEND OF THE COURT FUND**

The Friend of the Court Fund is used by counties to account for Friend of the Court activities required by 1982 PA 294, 295, 296, 297, and 298.

The cash and investments of the Friend of the Court Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

If Friend of the Court activities are funded with General Fund revenue, use Activity Numbers 289-291, Friend of the Court, in the General Fund.

The Friend of the Court Fund must operate only with an adopted budget by the governing body of the county as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the governing body of the county pursuant to: Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

**FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE****219--STREET LIGHTING FUND**

The Street Lighting Fund is used in cities, villages, and townships to account for a tax levy or special assessment levy for the purpose of providing street lighting authorized by a vote of the electors of the local unit of government.

The Michigan Department of Treasury requires this fund in those units which levy a special voted tax or special assessment for street lighting.

If street lighting service is funded with General Fund revenue, use Activity Number 448, Street Lighting, in the General Fund.

The cash and investments of the Street Lighting Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Street Lighting Fund must operate only with an adopted budget by the governing body of the local unit as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.

**220--LAKE IMPROVEMENT FUND**

The Lake Improvement Fund is used to account for funds raised to maintain lake improvement projects as required by 1994 PA 451, MCL 324.30901 to MCL 324.30929. The fund is classified as a special revenue fund because of the limited usage (for lake improvement only) of the revenue sources of this fund. It can be found in any local unit of government.

The Lake Improvement Fund may be authorized by:

1. Vote of the people authorizing a tax levy.
2. A resolution of the governing body authorizing the segregation of money to be used for lake improvement.
3. Creation of a special assessment district.

The Michigan Department of Treasury requires this fund in accordance with generally accepted accounting principles established by the Governmental Accounting Standard Board ([GASB](#)).

Money for the operation of this fund may be supplied by: (a) tax levy or special assessment levy; (b) an appropriation (transfer in) from the General Fund of the local unit; and (c) federal or state grants. This fund would not be used where bond issue proceeds or special assessments are used for financing the improvement. Use fund 843 to account for capital project phase and fund 893 for debt service of the project.

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

If the entire expense is financed by a General Fund appropriation, a separate fund should not be established. If lake improvements are funded with General Fund revenue, use Activity Number 570, Lake Improvements, in the General Fund.

This fund is subject to budgetary requirements of 1968 PA 2, MCL 141.421 to MCL 141.440a.

### **221--HEALTH DEPARTMENT/DISTRICT HEALTH FUND**

The Health Department/District Health Fund is used in counties and may be used in cities to account for the operations of a health department or district health department. The fund's primary revenue is transfers in from the General Fund, state and federal grants, appropriations from other participating counties, charges for services, gifts, grants, bequests or other contributions restricted for health functions by the donor. The fund is required by the Public Health Code 1978 PA 368, MCL 333.2413.

If the fund's primary revenue source is transfers in from the General Fund, then this activity should not be accounted for as a special revenue fund (MCGAA Statement No. 15). Use Activity Number 601, Health Department, in the General Fund.

The specific accounting procedures are prescribed by the Michigan Department of Treasury in the publication, "Uniform Accounting Procedures for County/District Health Departments", which is on the Michigan Department of Treasury Web site. ### 224--LAKE POLLUTION CONTROL FUND

The Lake Pollution Control Fund is used to account for funds used to maintain lake pollution control projects. It is classified as a special revenue fund because of the limited usage (for lake pollution control) of the revenue sources of this fund. This fund can be found in any local unit of government and may be authorized by:

1. Vote of the people authorizing a tax levy.
2. A resolution of the governing body authorizing the segregation of money to be used for lake pollution control.
3. Creation of special assessment district.

The Michigan Department of Treasury requires this fund in accordance with Generally Accepted Accounting Principles established by the Governmental Accounting Standard Board ([GASB](#)).

Money for the operation of this fund is supplied by: (a) tax levy or special assessment levy; (b) transfers in (an appropriation) from the General Fund of the local unit; and (c) federal or state grants. This fund would not be used when bond proceeds or special assessments are used for

### **226--RUBBISH COLLECTION FUND**

The Rubbish Collection Fund is used in cities, villages, and townships to account for a tax levy or special assessment levy for the purpose of providing garbage and rubbish collection authorized by a vote of the electors of the local unit of government.

The Michigan Department of Treasury requires this fund in those units which levy a special voted tax or special assessment for garbage and rubbish collection.

If rubbish collection services are intended to be self-sustaining through user charges, use Enterprise Fund Number 596. If garbage and rubbish collection service is funded with General Fund revenue, use Activity Number 528, Rubbish Collection/Disposal, in the General Fund.

The cash and investments of the Rubbish Collection Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Rubbish Collection Fund must operate only with an adopted budget by the governing body of the local unit as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.

### **227--SANITARY LANDFILL FUND**

The Sanitary Landfill Fund is used in counties, cities, villages, and townships to account for a tax levy for the purpose of operating a sanitary landfill authorized by a vote of the electors of the local unit of government.

The Michigan Department of Treasury requires this fund in those units which levy a special voted tax for a sanitary landfill.

If the sanitary landfill is intended to be self-sustaining through user charges, use Enterprise Fund Number 517. If the sanitary landfill is funded with General Fund revenue, use Activity Number 526, Sanitary Landfill, in the General Fund.

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

The cash and investments of the Sanitary Landfill Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Sanitary Landfill Fund must operate only with a budget adopted by the city, village council, county, or township board as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council, or county or township board pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.

### **228--SOLID WASTE IMPACT BOARD FUND**

The Solid Waste Impact Board Fund is used in counties, cities, villages, and townships. The local unit may establish a fund to receive revenue collected (solid waste impact fees) pursuant to 1994 PA 451, MCL 324.11532(6). The fund shall be administered by a board of trustees appointed pursuant to the requirements of the Act.

The Michigan Department of Treasury requires this fund in those units that establish the Solid Waste Impact Board. Money in the trust fund may be expended, pursuant to a majority vote of the board of trustees, for any purpose that promotes the public health, safety or welfare of the citizens of the municipality.

If the Solid Waste Impact Board Fund is not established, the impact fee must go to the General Fund. The impact fee revenue must be used for any purpose that promotes the public health, safety or welfare of the citizens of the municipality.

The cash and investments of the Solid Waste Impact Board Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Solid Waste Impact Board Fund must operate only with a budget adopted by the city or village council, or county or township board as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved pursuant to a majority vote of the fund's board of trustees, 1994 PA 451, MCL 324.11532(8).

The Lodging Excise Tax Fund is used in counties to account for funds collected under the provisions of 1974 PA 263, MCL 141.861 to MCL 141.867, and is required by MCL 141.867.

Money for the operation of this fund is provided by the excise tax on transient room rentals and must be used for the administration of the ordinance, promoting tourism and to acquire, construct, improve, enlarge or maintain convention and entertainment facilities.

The cash and investments of the Lodging Excise Tax Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Lodging Excise Tax Fund must operate only with a budget adopted by the county board of commissioners as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the county board pursuant to: 1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

**230 --OPEN****231--PARKING METER/SYSTEM FUND**

The Parking Meter/System Fund is to account for earmarked revenue set aside for parking operations. Revenue from parking meters should be deposited here, unless an enterprise fund is appropriate and then it should be deposited into Fund Number 514, Parking System Fund. This fund is classified as a special revenue fund because the proceeds of revenue sources are restricted or committed to expenditure for a specified purpose. The restrictions and commitments may be set forth by a revenue bond covenant, resolution, or ordinance of the local unit.

This fund can be found in any local unit of government and would be required by local unit ordinance or resolution.

The cash and investments of the Parking Meter/System Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Parking Meter/System Fund must operate only with a budget adopted by the city, village council, county, or township board as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council, or county or township board pursuant to: Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63; Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.

The Michigan Department of Treasury requires this fund in those units which levy a special voted tax or special assessment for mosquito control.

If mosquito control is funded with General Fund revenue, use Activity Number 620, Mosquito Control, in the General Fund.

The cash and investments of the Mosquito Control Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Mosquito Control Fund must operate only with a budget adopted by the city or village council, or county or township board as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the city or village council, or county or township board pursuant to: Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63 Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; or Townships--Revised Statutes of 1846, MCL 41.75.

**241--PLANNING COMMISSION FUND - REGIONAL**

This fund is used to account for funds earmarked for the Regional Planning Commission. It is classified as special revenue because of the limited usage (for regional planning purposes) of the revenue sources.

The Planning Commission Fund-Regional is usually found in county government where two or more local units agree to establish a Regional Planning Commission. The fund is permitted by 1945 PA 281, MCL 125.11 to MCL 125.25, and is required by the Michigan Department of Treasury. It may also be used by a city, village, or township under the authority of 2003 PA 226, MCL 125.131 to MCL 125.143, the Joint Municipal Planning Act.

The cash and investments of the Planning Commission Fund-Regional are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The fund is used to account for money provided by: (a) state grants; (b) federal grants; and (c) transfers in (appropriations) from the local units involved.

This fund is subject to budgetary requirements of 1968 PA 2, MCL 141.421 to MCL 141.440a.

**FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE****242--LOCAL SITE REMEDIATION REVOLVING FUND**

A Brownfield Redevelopment Authority may establish a Local Site Remediation Revolving Fund. A Local Site Remediation Revolving Fund shall consist of money available under section 13(5) of 1996 PA 381, MCL 125.2663, and may also consist of money appropriated or otherwise made available from public or private sources. An authority shall separately account for money deposited to the fund that is directly derived from tax increment revenues levied for school operating purposes.

This fund may be found in counties, cities, or urban townships.

The Local Site Remediation Revolving Fund may be used only to pay the costs of eligible activities on eligible property that is located within the municipality.

An authority or a municipality on behalf of an authority may incur an obligation for the purpose of funding a Local Site Remediation Revolving Fund.

The Michigan Department of Treasury requires this fund in those units that establish the authority. Money in the fund may be expended for the purpose of the Act.

The cash and investments of the Brownfield Redevelopment Authority Local Site Remediation Revolving Fund may be at the authority's discretion, MCL 125.2657(1)(k). This authorization would be subject to the prohibition of investing in stock of any company in Const 1963, art 9, § 19. The Department of Treasury recommends that the cash and investments be in compliance with the requirements of 1943 PA 20, MCL 129.91. The cash and investments must be in accordance with 1943 PA 20 if the local unit's treasurer is appointed treasurer of the Brownfield Redevelopment Authority.

**243--BROWNFIELD REDEVELOPMENT AUTHORITY FUND**

The Brownfield Redevelopment Authority Fund is used in counties, cities, villages, and townships. The local unit may establish an authority under the Brownfield Redevelopment Financing Act, 1996 PA 381, MCL 125.2651 to MCL 125.2672, to administer the activities authorized under the Act. The authority shall be administered by a board appointed pursuant to the requirements of the Act, MCL 125.2655.

This fund is used to account for the activities of the authority. The Act requires a Local Site Remediation Revolving Fund when the authority receives funds directly from tax increment revenues levied for school operating purposes. See fund number 643.

The Michigan Department of Treasury requires this fund in those units that establish the authority. Money in the fund may be expended for the purposes specified in the Act.

The cash and investments of the Brownfield Redevelopment Authority Fund may be invested at the authority's discretion, MCL 125.2657(1)(k). This authorization would be subject to the prohibition of investing in stock of any company in Const 1963, art 9, § 19. The Michigan

**251 to 254--OPEN****255--PROPERTY TAX EXEMPTION FUND**

The Property Tax Exemption Fund is used in counties to account for revenues from Property Tax Exemptions. Property Tax Exemption programs help property owners, who qualify, to continue to afford to keep their property by deferring the payment of their property taxes. If approved, tax payments are made directly to the County on behalf of the participant for the amount due.

The cash and investments of the Property Tax Exemption Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Property Tax Exemption Fund must operate only with a budget adopted by the county board of commissioners as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the legislative council pursuant to: Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

**FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE****256--REGISTER OF DEEDS AUTOMATION FUND**

The Register of Deeds Automation Fund is used in counties to account for funds set aside under provisions of 2002 PA 698, MCL 600.2567 to MCL 600.2568. The fund was created for upgrading technology in the county register of deeds office under the Revised Judicature Act, MCL 600.101 *et seq.*

Upgrading technology is defined to include the design and purchase of equipment and supplies and implementation of systems and procedures. The procedures must allow the register of deeds office to receive, enter, record, certify, index, store, search, retrieve, copy, and otherwise process (by automated procedures and advanced technology) documents, instruments, abstracts, maps, plats, and other items recorded and maintained by the register of deeds.

MCL 600.2567 states "... the register of deeds shall deposit \$5.00 of the total fee collected for each recording into the automation fund if a fund has been established under section 2568. ..." The total number of deeds, mortgages, certified copies of an attachment, notices of the pendency of a suit, and other instrument documents recorded should be tallied at the end of each day and then multiplied by \$5.00 to determine the amount that will be deposited in the Register of Deeds Automation Fund. MCL 600.2568 also requires the county treasurer to direct investment of the fund and to credit interest and earnings from the investments to the fund.

The cash and investments of the Register of Deeds Automation Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Register of Deeds Automation Fund must operate only with an adopted budget by the county board of commissioners as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the county board of commissioners pursuant to 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

This fund is used to account for earmarked state grant revenue and mandated local share contributions to provide indigent defendants in criminal cases with effective assistance of counsel. This fund is required by the Michigan Indigent Defense Commission (MIDC) Act, Public Act 93 of 2013, as amended.

Indigent Defense state grants must only be used to bring an indigent criminal defense system into compliance with the minimum standards established by the MIDC in accordance with the MIDC Act. Local units should contact the MIDC for more information on the standards and what types of expenditures would comply with them.

Grants from the MIDC must be classified as a state grant revenue. If no other state grants are received within the fund, use of the State Grants Control 260-000-539 may be used. Otherwise use *Indigent Defense Grant* 260-000-571.

The revenue should be recognized when all eligibility requirements are met. If a grant is received prior to eligibility requirements being met, a deferred inflow must be recorded instead of a revenue until those requirements are completed.

The cash and investments of the Indigent Defense Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Indigent Defense Fund must operate only with a budget adopted by the local unit governing body as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the legislative board or council pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

### 261--911 SERVICE FUND

The 911 Service Fund may be found in any county or local unit having budgetary authority over an agency that provides 911 services. This fund is used to account for earmarked revenue for the 911 service under the provisions of 1994 PA 29, MCL 484.1101 to MCL 484.1707. The 911 Service Fund may be established by resolution of the governing body of the county. It accounts for the assets, liabilities, revenues, and expenditures authorized by the 911 service plan.

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

Money for the operation of this fund is provided by the service supplier. Expenditures made pursuant to this Act are to be used exclusively for the operation of the 911 system and the enhanced 911 system for wireless services. Separate activity numbers must be used for the 911 system and the wireless system.

The cash and investments of the 911 Service Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The 911 Service Fund must operate only with a budget adopted by the county board of commissioners, township board, city, or village council as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the legislative board or council pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

### **262--FEDERAL FORFEITURES FUND**

The Federal Forfeitures Fund may be found in any local unit. This fund is required for local units participating in the Justice Department Equitable Sharing Program. This fund is subject to laws, rules, regulations, and orders of the state or local jurisdiction governing the use of public funds.

The cash and investments of the Federal Forfeitures Fund are subject to the requirements of 1943 PA 20, MCL 129.91. Federal guidelines may require the use of a separate bank account. Guides for the Department of Justice Equitable Sharing Program may be found at <https://www.justice.gov>.

All claims (expenditures) must be approved by the legislative board or council pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

### **263--CONCEALED PISTOL LICENSING FUND**

The Concealed Pistol Licensing Fund may be found in any county. The fund is authorized by 1927 PA 372, MCL 28.425a, which became effective December 1, 2015. A county sheriff who makes a determination under this section, performs a criminal record check, and takes the applicant's fingerprints may charge a fee not to exceed \$15.00. The county clerk may charge a fee not to exceed \$10.00 for printing an emergency license. The county clerk shall deposit the fee collected under this subsection in the Concealed Pistol Licensing Fund of that county.

**FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE**

MCL 28.425x states:

(1) Each county shall establish a concealed pistol licensing fund for the deposit of fees collected for the county clerk under this act. The county treasurer shall direct investment of the concealed pistol licensing fund and shall credit to the fund interest and earnings from fund investments.

(2) Money credited to the county concealed pistol licensing fund shall be expended in compliance with the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a, subject to an appropriation. Expenditures from the county concealed pistol licensing fund shall be used by the county clerk only for the cost of administering this act. Allowable expenditures include, but are not limited to, any of the following costs of the county clerk:

- (a) Staffing requirements directly attributable to performing functions required under this act.
- (b) Technology upgrades, including technology to take fingerprints by electronic means.
- (c) Office supplies. (
- d) Document storage and retrieval systems and system upgrades.

The cash and investments of the fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts. The county clerk makes deposits of collections with the county treasurer at least monthly. Any deposits due to the State of Michigan must be made quarterly by the county treasurer.

All claims (expenditures) must be approved by the county board of commissioners pursuant to 1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

**264--LOCAL CORRECTIONS OFFICERS TRAINING FUND**

The Local Corrections Officers Training Fund may be found in any county. The fund is authorized by 2003 PA 124, which became effective October 1, 2003, which amended chapter 171 of the Revised Statutes of 1846 related to county jails and regulations thereof, by adding a new section, MCL 801.4b, to the Act. The amendment to the Act regulates county jails by imposing a \$12.00 booking fee on each inmate when first admitted into a county jail. The booking fee, when collected, is used as a source of revenue for local correctional officers training programs.

The Act requires that \$2.00 of the booking fee go to the State of Michigan for deposit into a fund at the State level titled, "Local Corrections Officers Training Fund," as created under 2003 PA 125, MCL 791.545. The county retains the balance of \$10.00 if the Sheriffs Coordinating and Training Council, established in 2003 PA 121, certifies the County's training program.

The cash and investments of the fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts. The county sheriff makes deposits of collections with the county treasurer at least monthly. Any deposits due to the State of Michigan must be made quarterly by the county treasurer.

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

The Local Corrections Officers Training Fund must operate only with a budget adopted by the county board of commissioners as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the county board of commissioners pursuant to 1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

### **265--DRUG LAW ENFORCEMENT FUND**

The Drug Law Enforcement Fund is used in any local unit of government that has budgetary authority over an agency that may seize property involved in the violation of controlled substances statutes, 1985 PA 135, MCL 333.7523 to MCL 333.7524.

Authorized expenditures include expenses of seizure, forfeiture and sale of property. The balance remaining must be used to enhance law enforcement efforts.

The cash and investments of the Drug Law Enforcement Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Drug Law Enforcement Fund must operate only with an adopted budget by the governing body of the local unit as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

### **266--LAW ENFORCEMENT FUND**

The Law Enforcement Fund is used to account for earmarked revenue set aside for law enforcement.

The Law Enforcement Fund is classified as special revenue because of the limited usage (for law enforcement) of its revenue sources.

The Law Enforcement Fund is found: (1) in counties which contract with other local units to provide law enforcement assistance; (2) in the headquarters unit of an agency comprised of local units using a single law enforcement agency; and (3) in any unit receiving a law enforcement grant which must be accounted for separately.

Money for the operation of this fund is normally supplied by: (a) contractual payments from local units to counties; (b) appropriations from each member unit of an agency; or (3) restricted state or federal grants for law enforcement. It is not mandatory to establish this fund. The activity may instead be recorded in a General Fund activity number within the public safety function.

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

The cash and investments of the Law Enforcement Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Law Enforcement Fund is subject to the budgetary requirements of 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

### **267--SPECIAL INVESTIGATIVE FUND**

The Special Investigative Fund is used to account for funds specifically designated for special investigations by law enforcement officials.

The Special Investigative Fund is classified as special revenue because of the limited uses of its revenue sources (for special investigations).

The Special Investigative Fund should be set up by resolution of the governing body of the local unit, when:

1. The local unit receives a grant for special investigation;
2. The local unit receives a contribution from private sources or public sources to conduct or continue a special investigation.

Funds to operate this fund would come from local or private contributions, state or federal grants, or General Fund transfers in (appropriations).

The cash and investments of the Special Investigative Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Special Investigative Fund is subject to budgetary requirements of 1968 PA 2, MCL 141.421 to MCL 141.440a.

### **268--LIBRARY SYSTEM FUND**

The Library System Fund is used to account for earmarked revenue set aside for library purposes. The fund is classified as special revenue because of the limited usage (for library purposes) of the revenue sources of this fund.

This fund may be found in any local unit to account for the operation of a library system when more than one unit operates the library. If there is only a single local unit, use fund 271, Library Fund.

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

Money for the operation of this fund is provided by: (a) General Fund transfers in (appropriations); (b) money appropriated by other units in the system; (c) penal fines from fund 721; and (d) book fines and penalties. Note: The unit that is to establish the fund and do the accounting is picked by the Library Board.

The cash and investments of the Library System Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

This fund is subject to budgetary requirements of 1968 PA 2, MCL 141.421 to MCL 141.440a.

### **269--LAW LIBRARY FUND**

The Law Library Fund is used in counties for the maintenance of the county law library. The fund's primary revenue is a specified portion of the penal fines collected each year by the county courts. The fund is required by 1961 PA 236, MCL 600.4851.

The cash and investments of the Law Library are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in a pooled cash and investment account.

The Law Library Fund must operate only with an adopted budget by the county board of commissioners as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the county board of commissioners pursuant to 1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

### **270--HISTORICAL COMMISSION/MUSEUM FUND**

The Historical Commission/Museum Fund is used in any local unit of government to account for restricted revenue for the operation of a historical society and/or museum.

The governing body of a city, village, township, or county may raise and appropriate money for the purpose of fostering any activity or project which the governing body determines will advance the historical interest of the local unit of government. The governing body may create by ordinance a historical commission, provide for its appointment, and prescribe its functions. A city, village, township, or county creating a historical commission may issue revenue bonds pursuant to 1933 PA 94, MCL 141.101 to MCL 141.139, for carrying out the functions of the commission.

The cash and investments of the Historical Commission/Museum Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The Historical Commission/Museum Fund must operate only with an adopted budget by the governing body of the local unit as required by 1968 PA 2, MCL 141.421 to MCL 141.440a.

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

All claims (expenditures) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

### **271--LIBRARY FUND**

The Library Fund is used in any local unit of government to account for restricted revenue for the operation of a library. Statutory authority establishing a library board is: Counties--1917 PA 138, MCL 397.301; Cities, Villages, and Townships--1877 PA 164, MCL 397.201 to MCL 397.217.

A separate fund is required for a library that is established with a separate library board.

The cash and investments of the Library Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

The library board is responsible for budgeting and expending library funds in accordance with the requirements of 1968 PA 2, MCL 141.421 to MCL 141.440a.

All claims (expenditures) must be approved by the library board pursuant to: Counties--1917 PA 138, MCL 397.304; Cities, Villages and Townships--1877 PA 164, MCL 397.205.

### **272 to 287--OPEN**

### **288--TRANSPORTATION SYSTEM FUND**

The Transportation System Fund is used to record the operations of a bus line or other transportation operation. It is classified as special revenue because of the restricted or committed usage of its revenue sources and it is not required to be reported as an enterprise fund according to GASB codification section 1300.109.

This fund may be found in any local unit. It is used to record the revenue and expenditures for the operation of a transportation system. We recommend that the capital assets of the system be recorded in a separate capital asset account group in which depreciation is to be calculated and recorded, for the purpose of accumulating information required to be reported in the government-wide financial statements. If the Transportation System Fund is intended to be self-sustaining through user charges, use the Enterprise Fund Number 588 - Transportation System Fund.

This fund is established by resolution of the governing body of the local unit when they accept the applicable state/federal grants. Money for the operation of this fund is derived from: (a) local unit appropriations; (b) other local contributions; (c) charges to the users of the system; and (d) federal and state grants.

This fund is subject to the budgetary requirements of 1968 PA 2, MCL 141.421 to MCL 141.440a.

## FUND DESCRIPTIONS - SPECIAL REVENUE FUND TYPE

The cash and investments of the Transportation Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investment accounts.

## FUND DESCRIPTIONS – DEBT SERVICE FUND TYPE

Debt Service Funds are required if they are legally mandated and/or if financial resources are being accumulated for principal and interest payments maturing in future years. ([GASB](#) Codification Section 1300.107)

Each bond and note issue of a local unit must be accounted for separately. This can be done through the use of separate funds for each debt or one fund with subsidiary accounts for each debt.

Limited full faith and credit general obligation debt payable from the general revenues of the unit of government may be paid directly from the General Fund.

Debt Service Funds are used to account for the payment of principal and interest on long-term debt. Only the matured portion of the debt is reflected in these funds, with the total amount of the debt recorded in the general long-term debt records that support the Statement of Net Position in the government-wide financial statements.

GASB Codification Section S40.115 states:

“. . . all transactions related to capital improvements financed by special assessments should be reported in the same manner, and on the same basis of accounting, as any other capital improvement and financing transaction. Transactions of the construction phase of the project should be reported in capital projects funds or other appropriate funds. Transactions of the debt service phase should be reported in a debt service fund, if one is required . . .”

Fund Numbers 801 to 850 are Capital Project Funds (Special Assessment Districts) and Fund Numbers 851 to 899 are Debt Service Funds (Special Assessment Districts). When one type of special assessment includes a number of districts, each district must be accounted for separately. This can be done through the use of separate funds for each district or one fund with subsidiary accounts for each district.

Capital projects and debt service directly related to an enterprise fund may be accounted for in the related enterprise fund. When an enterprise fund has multiple special assessment districts, subsidiary records of each district must be maintained.

The cash and investments of the Debt Service Funds are subject to the requirements of 1943 PA 20, MCL 129.91, unless the bond authorizing statute places more stringent restrictions on the investments. The Revised Municipal Finance Act authorizes the following categories of debt to be pooled or combined for deposit and investment purposes, but only with other debt retirement funds created for the same category of debt: 1) voted bonds; 2) non-voted bonds, other than special assessment bonds; and 3) special assessment bonds. A Debt Service Fund may participate in one of these pools if the bond ordinance does not restrict the issue to separate bank and investment accounts.

**FUND DESCRIPTIONS – DEBT SERVICE FUND TYPE****301--GENERAL DEBT SERVICE FUND**

This fund is used to account for the payment of principal and interest on long-term general obligation debt other than that payable from special assessments and debt issued for and serviced primarily by an enterprise fund. This fund may be used by any unit of government.

The cash and investments of the General Debt Service Fund are subject to the requirements of 1943 PA 20, MCL 129.91. The Revised Municipal Finance Act authorizes the following categories of debt to be pooled or combined for deposit and investment purposes, but only with other debt retirement funds created for the same category of debt: 1) voted bonds; 2) non-voted bonds, other than special assessment bonds; and 3) special assessment bonds. A Debt Service Fund may participate in one of these pools if the bond ordinance does not restrict the issue to separate bank and investment accounts.

**302--EQUIPMENT DEBT FUND**

The Equipment Debt Fund is used to record the payment of principal and interest on long-term debt. Its assets are used for the redemption of bonds issued to purchase or replace equipment. This fund may be used by any unit of government.

The Equipment Debt Fund is classified as a Debt Service Fund and is used only for the principal and interest payments made on bonds sold to acquire equipment.

## FUND DESCRIPTIONS – CAPITAL PROJECT FUND TYPE

Capital Project Funds are used to account for the acquisition or construction of major capital facilities by a governmental unit that is not accounted for by proprietary funds and trust funds.

Each capital project funded in whole or part by bond or note issuance must have its own separate Capital Project Fund. This can be done through the use of separate funds for each project or one fund with subsidiary accounts for each project.

GASB Codification Section S40.115 states:

“...all transactions related to capital improvements financed by special assessments should be reported in the same manner, and on the same basis of accounting, as any other capital improvement and financing transaction. Transactions of the construction phase of the project should be reported in capital project funds or other appropriate fund. Transactions of the debt service phase should be reported in a debt service fund, if one is required . . .”

Fund Numbers 801 to 850 are Capital Project Funds (Special Assessment Districts) and Fund Numbers 851 to 899 are Debt Service Funds (Special Assessment Districts). When one type of special assessment includes a number of districts, each district must be accounted for separately. This can be done through the use of separate funds for each district or one fund with subsidiary accounts for each district.

Capital Projects and Debt Service directly related to an Enterprise Fund may be accounted for in the related Enterprise Fund. When an Enterprise Fund has multiple Special Assessment Districts, subsidiary records of each district must be maintained.

The cash and investments of the Capital Project Funds are subject to the requirements of 1943 PA 20, MCL 129.91. Funds in this category may be required by bond ordinance, local unit resolution, charter, etc., to have separate cash and investment accounts.

### **401--CAPITAL PROJECTS FUND**

## FUND DESCRIPTIONS - CAPITAL PROJECT FUND TYPE SPECIAL ASSESSMENT DISTRICTS

### 801--DRAIN FUND

The Drain Fund is used in counties to account for the construction and maintenance of county drains. The Drain Fund is required by 1956 PA 40, MCL 280.1 *et seq.* Each individual drainage district must be accounted for separately within the Drain Fund. Primary sources of revenue for this fund are special assessments, at-large assessments against local governments, and bond and note proceeds.

Drain orders (less than one year maturity) and time drain orders (over one year maturity) are issued for the construction and maintenance of drains. Drain orders are subsequently redeemed as the special assessments and at-large assessments are collected on an annual basis. Drain order debt may be reflected in this Drain Fund. When drainage district bonds or notes and section 434 debt is entered, the Drain Debt Service Fund Number 851 must be used to accumulate the special assessments levied to retire the debt.

The cash and investments of the Drain Fund are subject to the requirements of 1943 PA 20, MCL 129.91. The Drain Fund capital projects not funded by the issuance of debt may be included in a pooled cash and investment account.

The Revised Municipal Finance Act authorizes the following categories of debt proceeds to be pooled or combined for deposit and investment purposes, but only with other capital project funds created for the same category of debt: 1) voted bonds; 2) non-voted bonds, other than special assessment bonds; and 3) special assessment bonds. The Drain Fund may participate in one of these pools (or a pool consisting of the various drainage districts) if the bond ordinance does not restrict the issue to separate bank and investment accounts. Funds in this category may be required by bond ordinance, local unit resolution, charter, etc., to have separate cash and investment accounts.

The Drain Fund will record the expenditures and a balance Due to Revolving Drain Fund as bills are paid by Revolving Drain Fund Number 802.

### **802--REVOLVING DRAIN FUND**

The Revolving Drain Fund is used in counties to account for money advanced from the county general fund for engineering, surveys, and other preliminary costs of new drains and maintenance work on established drains. The Revolving Drain Fund is reimbursed from the Drain Fund as special assessments are collected. The Revolving Drain Fund is permitted by Chapter 12 of 1956 PA 40, MCL 280.301. Each individual drainage district must be accounted for separately within the Revolving Drain Fund.

The cash and investments of the Revolving Drain Fund are subject to the requirements of 1943 PA 20, MCL 129.91. The Revolving Drain Fund may be included in a pooled cash and investment account.

See the journal entries and explanations for Drain Fund Number 801 for the proper accounting of transactions in this fund.

### **803--STORM DRAIN FUND**

The Storm Drain Fund is used to account for money received from the special assessing of benefited property for storm drain projects.

This fund is classified as a Capital Project Fund (Special Assessment District) because the improvements are paid for (completely or in part) by property owners in a limited geographical area who are deemed to be specifically benefited.

This fund is usually found in a city, township or village.

## **FUND DESCRIPTIONS - CAPITAL PROJECT FUND TYPE SPECIAL ASSESSMENT DISTRICTS**

This fund can be authorized by a petition signed by a certain percentage of the property owners benefited. This fund is then established by the legislative body of the local unit.

This fund can be used to account for money received from the proceeds received from the sale of bonds, money received from the special assessments, interest received from investing surplus funds, or state and federal grants.

### **804--REVOLVING DRAIN MAINTENANCE FUND**

The Revolving Drain Maintenance Fund is used in counties to account for the interest earned from the optional pooled investment of various drainage district account balances in the 801 Drain Fund of less than \$1,000. The interest earned on these pooled investments in the 801 Drain Fund are deposited into the Revolving Drain Maintenance Fund. The fund is established at the option of the county drain commissioner.

Interest earned can be expended for temporary financing of necessary maintenance on intra or inter county drains. The Revolving Drain Maintenance Fund is reimbursed from the Drain Fund as special assessments are collected. The Revolving Drain Maintenance Fund is permitted by 1984 PA 80, MCL 280.282. Each individual drainage district must be accounted for separately within the Revolving Drain Maintenance Fund.

The cash and investments of the Revolving Drain Maintenance Fund are subject to the requirements of 1943 PA 20, MCL 129.91.

### **805--SPECIAL ASSESSMENT CAPITAL PROJECT FUND**

This fund is used to account for the construction of capital assets funded in whole or part by long-term Special Assessment Debt other than Special Assessment Debt issued for and serviced primarily by an Enterprise Fund. This fund can be found in any local unit.

The cash and investments of the Special Assessment Capital Project Fund are subject to the requirements of 1943 PA 20, MCL 129.91. The Special Assessment Capital Project Fund capital projects not funded by the issuance of debt may be included in a pooled cash and investment.

The Revised Municipal Finance Act authorizes the following categories of debt proceeds to be pooled or combined for deposit and investment purposes, but only with other capital project funds created for the same category of debt: 1) voted bonds; 2) non-voted bonds, other than special assessment bonds; and 3) special assessment bonds. The Special Assessment Capital Project Fund may participate in one of these pools if the bond ordinance does not restrict the issue to separate bank and investment accounts. Funds in this category may be required by bond ordinance, local unit resolution, charter, etc., to have separate cash and investment accounts.

### **843--LAKE IMPROVEMENT FUND**

The Lake Improvement Fund is used to account for funds used in financing lake improvements. This fund is classified as a Capital Project Fund (Special Assessment District) because the improvements are paid (completely or in part) by property owners who are deemed to be specifically benefited whether through a tax levy or special assessments. This fund can be found in any local unit of government.

This fund may be authorized by:

1. A petition of two-thirds (2/3) of the freeholders owning land abutting the lake.
2. A motion of any local government body where the whole or any part of the inland lake is situated.
3. Creation of a special assessment district.

This fund is permitted by 1994 PA 451, MCL 324.30901 to MCL 324.30929. The Michigan Department of Treasury requires this fund based upon the Government Finance Officers Association (GFOA) philosophy of segregating revenue for special assessment districts and statutory compliance.

Money for the operation of this fund may be supplied by a tax levy or special assessments, appropriation (transfer in) from the General Fund of the local unit, at-large-assessment on the local unit, federal and/or state grants, gifts, bequests, etc., and bond proceeds. Fund Number 220 should be used to account for expenditures incurred to maintain the improvements.

### **844--LAKE POLLUTION CONTROL FUND**

The Lake Pollution Control Fund is used to record the financing of lake pollution control projects. This fund is classified as a Capital Project Fund (Special Assessment District) because the lake pollution control project would be financed by property owners who are deemed to be specifically benefited. This fund can be found in any local unit of government. This fund may be authorized by a vote of the people creating a special assessment district.

The Michigan Department of Treasury requires this fund in accordance with generally accepted accounting principles established by the Governmental Accounting Standards Board.

Money for the operation of this fund is supplied by a special assessment levy, transfers in (an appropriation) from the General Fund of the local unit, federal or state grants and bond proceeds. Fund Number 224 should be used to account for maintenance expenditures after the capital project is completed. A separate fund should not be established if the entire expenditure is financed by a General Fund transfer in (appropriation).

## FUND DESCRIPTIONS - ENTERPRISE FUND TYPE

### PROPRIETARY FUND CATEGORY

Proprietary fund reporting focuses on the determination of operating income, changes in net position, and cash flows. The Proprietary Fund Category includes enterprise and internal service funds (GASB Statement 34, Paragraph 66).

### ENTERPRISE FUND TYPE

Enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services. Governments should apply each of these criteria in the context of the activity's principal revenue source. Activities are required to be reported as enterprise funds if any one of the following criteria is met:

- a. The activity is financed by debt that is secured solely by a pledge of the net revenues from fees and charges of the activity. Debt that is secured by a pledge of net revenues from fees and charges and the full faith and credit of a related primary government or component unit--even if that government is not expected to make any payments--is not payable solely from fees and charges of the activity (Some debt may be secured, in part, by a portion of its own proceeds but should be considered as payable "solely" from the revenues of the activity).
- b. Laws or regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues.
- c. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).  
(GASB Statement 34, Paragraph 67)

The cash and investments of enterprise funds are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in a pooled cash and investment account.

All claims (expenses) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

The Parking System Fund is used to record the operation of a parking lot. It is a self-supporting fund which does business with individuals and firms outside the local unit departments and is, therefore, classified as an Enterprise Fund.

This fund is usually found in cities and counties. It is used to record the revenues and expenses for the operation of a local unit owned parking lot. Capital assets and depreciation are recorded within this fund is.

The establishment and authorization of this operation is accomplished by a resolution of the local unit legislative body or by special vote of the people. If some of the capital assets of this fund are purchased from the sale of revenue bonds, the proceeds and the bond retirement are also accounted for in this fund. If revenue bonds have been sold, the accounting for them is prescribed by the Revenue Bond Act of 1933.

The Parking Meter/System Fund Number 231 (Special Revenue Fund) should be used if the only revenue received is from parking meters.

Money for the operation of this fund is supplied by a loan or advance from the General Fund, proceeds from the sale of revenue bonds (used for the purchase of capital assets) and parking fees.

The cash and investments of the Parking System Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in a pooled cash and investment unless restricted by bond ordinance or authorizing resolution.

All claims (expenditures) must be approved by the city or village council or the county or township board pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

**515--DISPOSAL SYSTEM FUND**

This fund is used to record the operations of a sewage disposal system. It is a self-supporting fund which does business with individuals and firms outside the local unit departments and is, therefore, classified as an Enterprise Fund.

The Disposal System Fund can be found in any local unit of government. It is used to record the revenues and expenses for the operation of solid waste or a sanitary waste system. Capital assets are recorded in this fund and depreciation is charged.

The establishment and the authorization of this operation are accomplished by a resolution of the local unit's legislative body. If some of the capital assets of this fund are purchased from the sale of revenue bonds, the proceeds and the bond retirement are accounted for in this fund. If bonds have been sold, the accounting is dictated by the Revenue Bond Act of 1933.

## FUND DESCRIPTIONS - ENTERPRISE FUND TYPE

Activity Number 527, Sewage Disposal, in the General Fund, should be used if the disposal system is totally financed by the General Fund.

Money for the operation of this fund is supplied by the sale of revenue bonds for the purchase of capital assets and revenues from charges for services.

The cash and investments of the Disposal System Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in a pooled cash and investment unless restricted by a bond ordinance or authorizing resolution.

All claims (expenditures) must be approved by the city or village council or the county or township board pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

### **516--DELINQUENT TAX REVOLVING FUND**

The Delinquent Tax Revolving Fund may be established by resolution by the county board of commissioners pursuant to 1893 PA 206, MCL 211.87b. This fund must be segregated into separate funds or accounts for each year's delinquent taxes. Each year's separate fund or accounts continue in existence until the delinquent taxes for that tax year have been collected and the county board of commissioners transfers any surplus to the county's general fund in accordance with MCL 211.87b(7). The county retains all delinquent taxes, and interest and penalties collected to offset its tax collection costs.

The surplus earned, after any borrowing is paid off, is under the control of the board of commissioners. The surplus may be accumulated to reduce or avoid future borrowings or expended for other purposes as authorized by the board of commissioners.

The Delinquent Tax Revolving Fund accounts for money either advanced by a county's General Fund or by the issuance of general obligation limited tax notes to purchase other taxing units and various county funds delinquent taxes. (See Numbered Letter 2001-5)

The cash and investments of the Delinquent Tax Revolving Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in a pooled cash and investment unless restricted by a bond ordinance or authorizing resolution.

1893 PA 206, MCL 211.87b(2) states, "If a delinquent tax revolving fund is established, the county treasurer shall be the agent for the county, on behalf of the taxing units in the county and this state, and, without further action by the county board of commissioners, may enter into contracts with other municipalities, this state, or private persons, firms, or corporations in connection with any transaction relating to the fund or any borrowing made by the county pursuant to section 87c or 87d, including all services necessary to complete this borrowing."

**FUND DESCRIPTIONS - ENTERPRISE FUND TYPE****517--SANITARY LANDFILL FUND**

The Sanitary Landfill Fund is used in counties, cities, villages, and townships to account for the operation of a sanitary landfill whose primary source of revenue is user charges. However, a tax levy for the purpose of operating a sanitary landfill authorized by a vote of the electors of the local unit of government may be a secondary source of revenue.

The Michigan Department of Treasury requires this fund in those units that levy a special voted tax for a sanitary landfill.

Special Revenue Fund Number 227, Sanitary Landfill Fund, should be used if the sanitary landfill's primary source of revenue is a voted tax levy. General Fund Activity Number 526, Sanitary Landfill, should be used if the sanitary landfill is funded by General Fund revenue.

The cash and investments of the Sanitary Landfill Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in a pooled cash and investment account.

All claims (expenditures) must be approved by the city or village council, or county or township board pursuant to: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75.

### **565--PUBLIC WORKS OPERATION AND MAINTENANCE FUND (1957 PA 185 AND 1939 PA 342 FOR OTHER LOCAL UNITS)**

The Public Works Operation and Maintenance Fund may be found in a county and is used to account for the activity of water and sewer systems when the county acts as the financing source for a local unit of government. The fund is used to record the operations of the water systems, sewer systems, or other DPW projects by a county (authority) for other units of government.

A county issues debt in its name (generally under 1957 PA 185 or 1939 PA 342; sometimes Chapter 20 of 1956 PA 40, MCL 280.461, is used for sanitary sewage systems). There is a lease with the local unit whereby the local unit agrees to lease the asset over the life of the bonds (often the lease payment is equal to Debt Service requirements of the county bonds). Common variations of this scenario are as follows:

- 1) The county issues the debt and turns the proceeds over to the local unit. The local unit constructs and operates the system.
- 2) The county issues the debt and constructs the system. The local unit(s) operates the system.
- 3) The county issues the debt, constructs the system, and operates it on behalf of the local unit.

Specific financial reporting guidelines are contained in MCGAA Statement No. 10.

The cash and investments of the fund are subject to the requirements of 1943 PA 20, MCL 129.91.

All claims (expenditures) must be approved by the county board pursuant to: Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

## **FUND DESCRIPTIONS – INTERNAL SERVICE FUND TYPE**

Internal Service Funds may be used to report any activity that provides goods or services to other funds, departments, agencies of the primary government and its component units or to other governments on a cost reimbursement basis. Internal Service Funds should be used only if the reporting government is the predominant participant in the activity. Otherwise, the activity should be reported as an Enterprise Fund (GASB Statement 34, Paragraph 68).

Internal Service Funds may not be used to hide deficits in other funds. Any costs accounted for in Internal Service Funds must be charged to other funds on a current basis. If the net position of an Internal Service Fund is negative, this indicates that the other funds have not reimbursed the costs. The only exception to this is self-insurance funds, where GASB 10, Paragraph 66b allows charging using an actuarial method (or historical data) that is adjusted over a reasonable period of time so that revenue and expenses are approximately equal.

**FUND DESCRIPTIONS – INTERNAL SERVICE FUND TYPE****643--LOCAL SITE REMEDIATION REVOLVING FUND**

A Brownfield Redevelopment Authority may establish a Local Site Remediation Revolving Fund. A Local Site Remediation Revolving Fund shall consist of money available under section 13(5) of 1996 PA 381, MCL 125.2663, and may also consist of money appropriated or otherwise made available from public or private sources. An authority shall separately account for money deposited to the fund that is directly derived from tax increment revenues levied for school operating purposes.

This fund may be found in counties, cities, or urban townships.

The Local Site Remediation Revolving Fund may be used only to pay the costs of eligible activities on eligible property that is located within the municipality.

An authority or a municipality on behalf of an authority may incur an obligation for the purpose of funding a Local Site Remediation Revolving Fund.

The Michigan Department of Treasury requires this fund in those units that establish the authority. Money in the fund may be expended for the purpose of the Act.

The cash and investments of the Brownfield Redevelopment Authority Local Site Remediation Revolving Fund may be at the authority's discretion, MCL 125.2657(1)(k). This authorization would be subject to the prohibition of investing in stock of any company in Const 1963, art 9, § 19. The Department of Treasury recommends that the cash and investments be in compliance with the requirements of 1943 PA 20, MCL 129.91. ## FUND DESCRIPTIONS - ~~AGENCY-CUSTODIAL~~ FUND TYPE

### FIDUCIARY FUND CATEGORY

Fiduciary Fund reporting focuses on net position and changes in net position. Fiduciary Funds should be used to report assets held in a trustee or ~~agency-custodial~~ capacity for others and, therefore, cannot be used to support the government's own programs. The Fiduciary Fund Category includes pension and other employee benefits trust funds, investment trust funds, private-purpose trust funds, and ~~agency-custodial~~ funds. The three types of trust funds should be used to report resources held and administered by the reporting government when it is acting in a fiduciary capacity for individuals, private organizations, or other governments. These funds are distinguished from ~~agency-custodial~~ funds generally by the existence of a trust agreement that affects the degree of management involvement and the length of time that the resources are held (GASB Statement 34, Paragraph 69).

### ~~AGENCY-CUSTODIAL~~ FUND TYPE

~~Agency-Custodial~~ Funds should be used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). ~~Agency-Custodial~~ Funds typically involve the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

### 701--GENERAL ~~AGENCY-CUSTODIAL~~ FUND

The General ~~Agency-Custodial~~ Fund (formerly the "~~Trust and Agency Fund~~~~General Agency Fund~~") is found in any local unit of government. It is used to account for resources held by the local unit in a purely custodial capacity (assets equal liabilities). Money in this fund is from current tax collections (except townships), delinquent tax collections, payroll deductions, fee collections for other units of government, and other money held in a purely custodial capacity.

The cash and investments of the General ~~Agency-Custodial~~ Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investments account.

### 702--OPEN

### 703--CURRENT TAX COLLECTION FUND

The Current Tax Collection Fund is found in any local unit of government that collects taxes and/or special assessments for other local units. It is used to account for resources held by the local unit in a purely custodial capacity (assets equal liabilities). Money in this fund is from current tax and special assessment collections. Timely distribution to the appropriate fund and local unit must be made in accordance with Section 43 of the General Property Tax Act, 1893 PA 206, MCL 211.43.

The cash and investments of the Current Tax Collection Fund are subject to the requirements of 1943 PA 20, MCL 129.91. The Michigan Department of Treasury requires separate cash and investment accounts for the Current Tax Collection Fund.

## FUND DESCRIPTIONS - ~~AGENCY~~CUSTODIAL FUND TYPE

Investment earnings follow the principal (amount of taxes for each unit) unless the tax collecting unit has other agreements with the tax levying units.

### 704--IMPREST PAYROLL FUND

The Imprest Payroll Fund may be found in any local unit of government to account for the payroll paid to employees. It is used to account for the payroll of the local unit after reimbursement from the benefited funds of the local unit. The payroll deductions usually accumulate in this fund until paid to the appropriate fund or other creditor of the unit. It is used to account for resources held by the local unit in a purely custodial capacity (assets equal liabilities). The Imprest Payroll Fund has no revenue or expenditure accounts and is composed only of balance sheet accounts. —Ending balances of this fund must be folded into the General fund. This fund should not be reported in the audited financial statements.

The cash and investments of the Imprest Payroll Fund are subject to the requirements of 1943 PA 20, MCL 129.91. This fund has its own depository and should have a balance only as required by the financial institution to maintain an open account.

### 710--DISTRICT (MUNICIPAL) COURT ~~TRUST~~CUSTODIAL FUND

The District (Municipal) Court ~~Trust~~Custodial Fund may be found in any unit of government that acts as the local funding unit for a district or municipal court. The fund may be established by resolution of the legislative body of the local unit at the request of the court.

The fund is used to account for bond and other trust money held by a district or municipal court. Fees and fines collected on behalf of and remitted to other units of government are accounted for in this fund. Bond and restitution are determined by the court which represents administrative control; accordingly, these would be recorded in the General fund of the court. The Michigan State Court Administrative Office's 'Court Administration Reference Guide' authorizes a bank account to be established only when the account is necessary. This bank account is designated for the proper receipt and disbursement of certain revenues and funds that cannot be deposited and more efficiently administered directly through the funding unit. The Michigan Court Administration's Reference Guide authorizes four bank account types for courts: Trust Account, Depository Account, Reimbursement Account, and Operational Account.

Although the court may maintain the bank accounts, the local funding unit treasurer has the statutory responsibility for the trust accounts. The court must provide the local funding unit treasurer monthly bank account reconciliations on a timely basis. This reconciliation includes maintaining a detailed ledger by the court of all trust items that reconciles in total to the reconciled bank account balance.

The cash and investments of the District (Municipal) Court ~~Trust~~Custodial Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in pooled cash and investments account.

**713--Open****714--INMATES' ~~TRUST~~CUSTODIAL FUND**

The Inmates' ~~Trust~~Custodial Fund may be found in counties that have a jail facility. This fund is used to account for money belonging to inmates lodged at the jail. The accounting for funds belonging to prisoners lodged at the county jail is the responsibility of the county sheriff. Such moneys must be deposited with the county treasurer. The sheriff is responsible for the individual inmate accounts and for authorizing payments of these moneys by the county treasurer or from the Imprest Inmate Trust bank account and subsequent replenishment of the Imprest accounts.

As inmates are admitted to the jail, their personal funds are placed in this trust fund. Friends and relatives may also make deposits for the benefit of an individual inmate. Money may be withdrawn only for the benefit of the particular inmate. Each withdrawal must be properly authorized. Written procedures must be established for the handling of these funds to safeguard the inmate's money held in trust. This fund must have its own depository bank account that is reconciled monthly. Individual inmate accounts must be maintained and reconciled to the total of the depository bank account.

The cash and investments of the Inmates' ~~Trust~~Custodial Fund are subject to the requirements of 1943 PA 20, MCL 129.91.

# GENERAL GOVERNMENT FUNCTION - ACTIVITY NUMBER DESCRIPTIONS

## Introduction

The purpose of aggregating costs by Activity Number is to better understand the cost of providing the various functions of government. The intent is to assign costs to the function or Activity Number that benefits from those costs - not to the individuals who control them. For instance, consider the cost of healthcare for police officers. The benefit package may have been chosen by the governing body, but since this represents part of the costs of providing police services, these costs should be assigned to the police activity or function (not to the governing body that made the decision to incur those costs).

In general, all costs should be assigned to the functions or Activity Numbers that benefit from the costs. However, in order to be cost-beneficial, it is acceptable to allocate small dollar costs to a general government function. An example would be a telephone bill that is not separated by an individual department might be assigned to the building and grounds activity.

## **100--GENERAL GOVERNMENT FUNCTION (Control for Activity Numbers 101 through 128 and 171 through 279)**

The general government function is comprised of Activity Numbers 101 through 128 and 171 through 279. This group of Activity Numbers is charged with expenditures made by the legislative body, chief executive officer, and other administrative staff charged with general administration of the local unit of government. Possible organization units may include legislative, chief executive, financial and tax, and other government.

### **Legislative - 101 through 128**

The legislative organization unit is comprised of Activity Numbers 101 through 128. These Activity Numbers are charged with expenditures of a governing body in the performance of its primary duties and subsidiary activities. **Miscellaneous expenditures that the legislative body may authorize but that do not apply directly to the legislative body should not be charged to a legislative activity number (e.g., the cost of an indirect cost allocation plan).**

### **101 - Governing Body (County Board of Commissioners, City Council, Township Board, Village Council)**

This Activity Number is found in the General Fund of all local units of government. Direct expenditures incurred by or directly applicable to members themselves or by a committee of the governing body, or administrative support for such members, are included within this Activity Number, including salaries, travel costs, fringe benefits, memberships and subscriptions, etc.

### **102 - Legislative Committee**

This Activity Number is found in the General Fund. It reflects expenditures incurred by committees of the governing body.

### **103 through 128 - Open Legislative Activities**

## GENERAL GOVERNMENT FUNCTION - ACTIVITY NUMBER DESCRIPTIONS

These Activity Numbers are for optional use by any unit desiring to budget and report separately for various legislative activities. This would include expenditures of a Charter Commission or Charter Committee.

### **129 through 170 - No Longer Used**

Prior versions of the Chart of accounts (2002 and prior) used Activity Numbers 129 through 170 as an option to report judicial activities. In an attempt to bring uniformity in the reporting of the cost of activities, this Chart of Accounts has removed that option.

### **Chief Executive - 171 through 190**

The chief executive organization unit is comprised of Activity Numbers 171 through 190. This group of Activity Numbers provides accounts for recording all executive related expenditures within the unit of government.

#### **171 - Chief Executive (Mayor, President, Supervisor)**

This Activity Number is found in the General Fund of cities, villages, and townships. It reflects such expenditures as salaries, travel, office supplies, equipment, etc., incurred by the chief executive in performing this activity including administrative support. Municipalities with a strong-mayor form of government would charge the expenditures of the mayor's office to this Activity Number.

#### **172 - Administrator, Manager, Superintendent, Controller**

This Activity Number is found in the General Fund and is mandatory for units having such an officer.

### **173 through 190 - Open Executive Activities**

These Activity Numbers are for optional use by any unit desiring to budget and report separately for executive activities other than those set forth under Activity Numbers 171 and 172.

### **Financial and Tax Administration - 191 through 260**

The financial and tax administration organization unit is comprised of Activity Numbers 191 through 260. This group of Activity Numbers provides accounts for recording all financial and tax administrative related expenditures within the unit of government.

#### **191 - Accounting Department**

This Activity Number is found in the General Fund of local units of government. Its use is mandatory for units having such an activity. It reflects the salaries, office supplies, travel, equipment, equipment maintenance, and other expenditures necessary for operation of such department.

### **192 through 208 - Open Accounting Activities**

These Activity Numbers are for optional use by any unit desiring to budget and report separately for various accounting activities (debt administration, finance, income tax administration, payroll, etc.).

### **209 through 211 - Open**

## GENERAL GOVERNMENT FUNCTION - ACTIVITY NUMBER DESCRIPTIONS

### **212 - Budget Department/Director**

This Activity Number is found in the General Fund of local units of government. Its use is mandatory for units having this department or director. It reflects salaries, travel, office supplies, equipment, etc., necessary to operate this department.

### **213 through 214 - Open Budget Department Activities**

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### ASSETS (001 through 199)

#### CURRENT ASSETS (001 through 129)

##### Cash and Investments (001 through 017)

###### 001 - Cash - Checking

This account is used to record the amount of currency, checks, money orders, and bank drafts on hand or on deposit with an official or agent designated as custodian of cash and bank deposits (local unit treasurer). Cash equivalents such as short-term highly liquid investments including Treasury bills, commercial paper, and money market funds should be recorded in Account Number 017.

This account is:

- DEBITED - when cash is received.
- CREDITED - when cash is disbursed.

###### 002 - Cash - Savings

This account is used to record the amount of monies on deposit in savings accounts under the control of the official or agent designated as custodian.

This account is:

- DEBITED - when money is deposited in a savings account.
- CREDITED - when money is withdrawn from a savings account.

###### 003 - Cash - Certificates of Deposit

This account is used to record the amount of certificates of deposit held by the local unit treasurer.

This account is:

- DEBITED - when certificates of deposit are purchased.
- CREDITED - when certificates of deposit are cashed.

###### 004 - Imprest (Petty) Cash

This account is used to record a sum of money either in the form of currency, a special bank deposit, or a separate bank account set aside for the purpose of making change or paying incidental expenses. It is used for expenses that, for practical reasons, cannot be paid in the regular manner. At certain intervals, the petty cash is replenished by a check drawn on the fund from which the petty cash expenses are payable. An itemized voucher for the amount of disbursements made from petty cash must support the replenishment check. The total of petty cash on hand and/or on deposit, plus unreplenished disbursements, must always equal the imprest cash account balance.

This account is:

- DEBITED - with the amount in which the account is established or increased.
- CREDITED - when the established account balance is decreased.

**BALANCE SHEET ACCOUNT DESCRIPTIONS****005 through 006 - Open****007 - Cash - Payroll Bank Account**

This account is used to record an amount of cash in the form of a separate bank account used only for making payments for personal services and payroll deductions. Usually, a fixed sum is deposited to this bank account in an amount sufficient to meet the requirements of the bank for carrying the account without service charges, and the local unit for making payments for personal services between regular pay periods.

The principal use of this account is for the deposit of the amount of the gross payroll, against which individual payroll checks and/or direct deposits and payroll deduction checks and/or direct deposits will be drawn. Individual payroll checks and/or direct deposits drawn on this account between regular payroll periods will be included on the next regular payroll voucher. By this method the fixed sum deposited in the payroll bank account will be replenished each pay period.

This account is:

DEBITED - when money is deposited in the payroll bank account.

CREDITED - when money is disbursed from the payroll bank account.

**008 through 015 - Open****016 - Deposits with Fiscal Agent**

This account is used to record amounts of pension assets on deposit with a fiscal agent, OPEB funding, and deposits with bond trustees prior to payment.

This account is:

DEBITED - when amounts of pension are deposited with a fiscal agent, and  
with investment earnings on deposit with the fiscal agent.

CREDITED - when disbursements are made by the fiscal agent.

**017 - Investments in Securities**

This account is used to record the cost of short-term investments in government bonds, treasury bills, treasury notes, and money market certificates. A short-term investment is an investment having a maturity date of 1 year or less. Certificate of deposits with a maturity of 3 months or less are cash equivalents and should not be recorded in this account (See Account 003 – Cash – Certificate of Deposit).

This account is:

DEBITED - when investments are purchased.

CREDITED - when investments are sold.

This account is:

DEBITED - for the amounts advanced by the local unit to another unit.  
CREDITED - for the repayment of any portion of such advances.

### **DEFERRED OUTFLOWS 195 through 199**

#### **195 - Deferred Outflows**

This account should be used to record amounts that are specifically defined by the [GASB](#) as meeting the definition of Deferred Outflow by GASB Statement 63, GASB Statement 65, or any subsequent amendments. In general, this account applies to the recognition of liabilities that neither meet the criteria for expense recognition nor result in an asset. At this point, the types of deferrals specified for this category include:

- The deferral of a loss on the refunding of a bond issue (where the amount transferred to the escrow agent exceeds the carrying value of the refunded debt).

This account is:

DEBITED - for an equal amount recorded in a liability account, which  
meets the definition of a deferred outflow;  
~~for amounts reclassified to expense, as the expense~~  
~~recognition requirements have been met.~~  
CREDITED - for amounts reclassified to expense, as the expense  
recognition requirements have been met.  
~~for an equal amount recorded in a liability account, which~~  
~~meets the definition of a deferred outflow;~~

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **233 - Due to Former Employees**

This account may be used to record severance pay, vacation pay, and other benefits due but not paid when employment was terminated. This account may also be used in a local unit retirement fund to record amounts due to members of the retirement system who have resigned or left the system prior to retirement. Sub-accounts should be used to record amounts due to each former employee.

This account is:

DEBITED - for payments to former employees of the amounts owed.

CREDITED - for amounts due to former employees.

### **234 - Due to Intermediate School Districts**

This account may be used to record taxes or other amounts collected for or owed to an intermediate school district. Sub-accounts should be used for each individual district.

This account is:

DEBITED - for payments to intermediate school districts.

CREDITED - for amounts due to intermediate school districts.

### **235 - Due to Community College**

This account may be used to record taxes or other amounts collected for or owed to a community college. Sub-accounts should be used for each individual college.

This account is:

DEBITED - for payments to community colleges of amounts owed.

CREDITED - for amounts due to community colleges.

### **236 - Due to Special Education**

This account is normally used by counties to record tax collections for special education programs. The Intermediate School District normally administers the special education programs within a county. This account may also be used to record any other amounts collected for or owed to a special education program.

This account is:

DEBITED - for payments to intermediate school districts for amounts owed.

CREDITED - for amounts owed for special education programs.

### **237 through 249 - Open**

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **250 - Bonds Payable - Current**

This account may be used to record the amount of bonds maturing during the current fiscal year. Sub-accounts should be used to record amounts due for each series.

This account is:

- DEBITED - upon payment of such bonds at maturity.
- CREDITED - at the beginning of the year with the face value of bonds maturing during the year. Note that an equal amount must be deducted from long-term bonds payable recorded in account 300 – Bonds Payable.

### **251 - Accrued Interest Payable**

This account is used to accrue bond interest due in the current fiscal year.

This account is:

- DEBITED - upon payment of such interest when due.
- CREDITED - at the end of the fiscal year for the amount of interest expense accrued during the fiscal year but not paid as of the end of the year.

### **252 through 254 - Open**

### **255 - Customer Deposits and Interest Payable**

This account is normally used in an Enterprise Fund to record the liability created when a customer is required to pay a deposit before receiving services. This is also used to record the liability for interest on customers' deposits in those cases where an enterprise or utility has agreed to pay interest on such deposits. Sub-accounts must be maintained showing account activity for each customer.

This account is:

- DEBITED - when repayments of deposits and accrued interest are made to customers, or with adjustments such as application to outstanding balances due.
- CREDITED - for deposits and accrued interest due to customers.

### **256 - Open**

### **257 - Accrued Wages Payable**

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **258 - Accrued Taxes Payable (Includes Payroll Taxes)**

This account may be used to record the local unit's liability for taxes incurred but not due until a later date. An example is the local unit's matching portion of social security on an accrued payroll.

This account is:

DEBITED - upon payment or by reversing the entry.

CREDITED - monthly, or at the end of the fiscal year for amounts of accrued taxes.

### **259 - Open**

### **260 - Accrued Vacation Payable**

This account is used to record the liabilities for unused vacation.

In proprietary funds this account is:

DEBITED - upon payment of wages related to vacations.

CREDITED - as vacation is earned.

In governmental funds this account is

DEBITED - upon payment of wages related to vacations.

CREDITED - with an estimate that can be determined using historical trends, budgeted amounts, and internal policies of the government. This estimate should agree with the current portion of compensated absences in the government-wide Statement of Net Position.

[GASB](#) Statement 34 requires local governments to report and disclose the portion of compensated absences that “is due within one year of the statement date.” Compensated absences liabilities become due upon the occurrence of events such as resignations, retirements, and use of leave balances by employees. Because these occurrences and related dollar amounts generally cannot be determined reliably in advance, the portion of compensated absences due within one year should be estimated.

NOTE: The local unit’s liability for all compensated absences is required to be reported and disclosed, including the liability for personal leave, compensatory time, etc. Open account numbers may be assigned account names for each type of leave, or account 260 may be titled Compensated Absences Payable and used to record the liability for all the different kinds of leave.

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **261 - Accrued Sick Leave Payable**

In proprietary funds and in the government-wide financial statements, this account is used to record the accrued liability for sick leave (calculated in accordance with GASB Statement 16), on the accrual basis of accounting. "A liability should be accrued as the benefits are earned by the employees if it is probable that the employer will compensate the employees for the benefits through cash payments conditioned on the employees' termination or retirement ("termination payments"). Therefore, an accrual for earned sick leave should be made only to the extent it is probable that the benefits will result in termination payments, rather than be taken as absences due to illness or other contingencies, such as medical appointments and funerals. Alternatively, a governmental entity could estimate its accrued sick leave liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments." [GASBS 16, ¶8]

DEBITED - upon payment of wages related to sick leave.

CREDITED - when it is probable that the employer will compensate the employees for the benefits through cash payments conditioned on the employees' termination or retirement

### **262 through 264 - Open**

### **265 - Bonds Payable (Cash Bonds, Appearance Bonds)**

This account is used to record collections of cash bonds such as appearance bonds and bail bonds, the subsequent repayment of these bonds upon court order to the proper party or to the General Fund upon forfeiture. A detailed ledger must be maintained to record the receipt and disbursement of each bond.

This account is:

DEBITED - upon repayment of the bond or transferred to the General Fund upon forfeiture.

CREDITED - for all cash bonds received.

### **266 - Court Orders Payable**

This account is used to record amounts received by the local unit, in accordance with a court order, for subsequent payment to recipients specified in the court order. A detailed ledger must be maintained showing the account activity for each case or court order.

This account is:

DEBITED - upon payment to the recipients specified in the court order.

CREDITED - for all court ordered amounts received.

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **267 - Due to Court Wards**

This account is:

DEBITED - upon payment to court wards of amounts due.

CREDITED - for all amounts collected for court wards and for any other amounts due to court wards.

### **268 - Unclaimed Money**

This account is used to record unclaimed money in the possession of the local unit such as outstanding or unclaimed payroll checks and other checks, unclaimed meter deposits, other unclaimed trust and agency money, etc. Unclaimed money must be reported to the State Treasurer annually. Unclaimed money is considered to be abandoned:

1. If there has been no owner-generated activity in the account for a specific amount of time as identified in the list of dormancy periods that can be found on treasury's unclaimed property Web site at [www.michigan.gov/unclaimedproperty](http://www.michigan.gov/unclaimedproperty), and
2. Attempts to contact the owner fail. If these attempts are unsuccessful, the money is turned over to the State Treasurer where the owner or the owner's heirs may claim it.

Beginning in 2011, the due date for the annual unclaimed property report (holder report) changed from November 1 to July 1 for property reaching its dormancy period as of March 31.

This account is:

DEBITED - for any amounts claimed by and paid to rightful owners and for any amounts paid to the state.

CREDITED - for all amounts determined to be unclaimed.

### **269 - Garnishments Payable**

This account is used to record amounts received or held by the local unit as a result of the garnishment of wages. These amounts are subsequently paid to parties specified in the garnishment order.

This account is:

This account is:

DEBITED - for payments to designated parties.

CREDITED - for all restitution payments received.

### **272 - Open**

### **273 - Undistributed Receipts**

This account may be used to record collections of money for which the proper account is not immediately identifiable. Examples are money received from the state or federal government which is to be distributed to other funds or other units at a later date. Cash disbursements are not to be made from this account. When the proper distribution is determined, amounts must be transferred from this account to the proper account(s).

This account is:

DEBITED - upon reclassification to the proper account(s).

CREDITED - upon the receipt of money, as described above.

### **274 - Undistributed Tax Collections**

This account may be used as a holding account for various tax collections before analysis and distribution. Cash disbursements are not to be made from this account. When the proper distribution is determined, the amounts must be reclassified from this account to the proper liability account(s) from which disbursements are made.

This account is:

DEBITED - upon reclassification to the proper liability account(s).

CREDITED - upon the receipt of taxes for which distribution will be determined later.

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **275 - Due to Taxpayers (Tax Overpayments and Duplicate Payments)**

This account is used to record amounts to be returned to persons or firms which overpaid their taxes.

This account is:

DEBITED - upon the return or refund of such overpayments.

CREDITED - with amounts of tax overpayments.

### **276 - Receipts Refundable**

This account is used to record amounts to be returned to persons or firms that have made overpayments or duplicate payments, other than taxes, to the local unit. Use account 275 - Due to Taxpayers (Tax Overpayments and Duplicate Payments), for overpayments and duplicate payments of taxes.

This account is:

DEBITED - upon return of the overpayments.

CREDITED - for amounts of overpayments or duplicate payments received, as described above.

### **277 through 282 - Open**

### **283 - Performance Deposits Payable**

This account is used to record money deposited with the local unit by contractors, other firms or individuals to guarantee the performance of a certain act or acts. Subsidiary records must be maintained showing account activity for each depositor.

This account is:

DEBITED - for the return or other authorized use of such deposits.

CREDITED - for the receipt of deposits described above.

### **284 through 285 - Open**

### **286 - Due to Fiscal Agent**

This account may be used to record amounts due to fiscal agents such as banks for servicing the local unit's maturing debt principal and interest payments.

This account is:

DEBITED - for payments to such fiscal agents.

CREDITED - for amounts due but not paid to fiscal agents.

### **287 through 288 - Open**

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **289 - Unamortized Premiums on Bonds Sold**

This account is used to record the excess of proceeds received from the sale of bonds over and above the par value, which remains to be amortized over the remaining life of such bonds. (This amount does not include accrued interest to the date of sale)

This account is:

DEBITED - for equal amounts credited to Account 995 – Interfund Transfers Out, Interest Expense over the life of the bonds, and with any balance remaining if bonds are redeemed before the stated maturity dates.

CREDITED - upon receipt of the bond premiums, as described above.

### **290 through 299 - Open**

### **LONG-TERM LIABILITIES (300 through 359)**

#### **300 - Bonds Payable**

This account is used to record the face value of all long-term bonds which are issued and unpaid.

NOTE: That bonds maturing during the current fiscal year should be recorded in account 250 - Bonds Payable (Current). Sub-accounts must be maintained showing account activity for each bond issue.

This account is:

DEBITED - for the amount of bonds retired or transferred to account 250 – Bonds Payable – Current.

CREDITED - for the face amount of bonds issued.

### **301 through 302 - Open**

### **303 - Open**

#### **304 - Leases Payable (Non-Current)**

This account is used to record present value of the total minimum lease payments to be made during the term of a capital lease (net of the portion allocable to future interest) due after a year or more. Present value is the cash purchase price or principal attributable to the leased asset. Note that the present value of lease payments due during the current fiscal year should be recorded in account 208 - Leases Payable (Current). All delinquent lease principal payments as of the end of a fiscal period must be recorded in Account 208 – Leases Payable (Current). Sub-accounts must be maintained showing account activity for each capital lease agreement.

This account is:

DEBITED - as lease payments are made or for amounts transferred to account 208 – Leases Payable (Current).

CREDITED - for the total present value amount of long-term lease payments.

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **305 through 306 - Open**

#### **307 - Notes Payable**

This account is used to record all notes of a long-term nature (over one year) owed by the local unit. The current portion of notes payable may be recorded in account 207 - Notes Payable (Current). Detail for each issue of notes is required.

This account is:

- DEBITED - upon payment of such notes and for amounts transferred to account 207 – Notes Payable (Current).
- CREDITED - for the face amount of long-term notes.

### **308 through 313 - Open**

#### **314 - Advances from Other Funds**

This account is used to record amounts owed to other funds of the same local government reporting entity for amounts payable in years subsequent to the current year. Examples are long-term loans, advances for services to be performed in the future, and similar items.

This account is:

- DEBITED - for all repayments of advances or other redemption of this long-term debt.
- CREDITED - upon the incurrence of a long-term obligation to another fund.

### **315 through 327 - Open**

#### **328 - Advances from State**

This account may be used to record amounts owed by a local unit to the State of Michigan where such amounts are due in years subsequent to the current fiscal year. Detailed sub-accounts should be maintained if more than one advance is received.

This account is:

- DEBITED - for any subsequent decreases (repayments) of the advance amounts.
- CREDITED - for amounts of advances received and for any subsequent increases.

#### **329 - Advances from Federal Government**

This account may be used to record amounts owed by a local unit to the federal government where such amounts are due in years subsequent to the current fiscal year. Detailed sub-accounts should be maintained if more than one advance is received.

This account is:

- DEBITED - for any subsequent decreases (repayments) of the advance amounts.
- CREDITED - for amounts of advances received and for any subsequent increases.

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **330 - Advances from Local Units of Government**

This account may be used to record amounts owed by a local unit of government to another local unit where such amounts are due in years subsequent to the current fiscal year. Account 314 - Advances from Other Funds, should be used by a local unit to record long-term obligations between its own funds.

This account is:

- DEBITED - for any subsequent decreases (repayments) of the advance amounts.
- CREDITED - for amounts of advances received and for any subsequent increases.

### **331 through 332 - Open**

### **333 - Advances - Special Assessment Districts**

This account may be used to record proceeds received from bond issues to finance primary and local road construction and improvements in special assessment districts, and advances or prepayments received from individuals and local units in these districts to finance this work. Subsidiary accounts must be maintained for this account.

This account is:

- DEBITED - as work on the district project progresses with offsets credited to revenue account 672 - Special Assessments.
- CREDITED - for the amount of bond proceeds and advances received.

### **334 – Net Pension Liability**

This account will be used to record the shortfall of net position in a pension system to the total pension liability and should be measured as the portion of the actuarial present value of projected payments that is attributable to past periods of employee service, net of the pension plan's fiduciary net position.

This account is:

- DEBITED - when the portion of the actuarial present value of projected payments that is attributable to past periods of employee service is greater than net of the pension plan's fiduciary net position.
- CREDITED - when the portion of the actuarial present value of projected payments that is attributable to past periods of employee service is less than net of the pension plan's fiduciary net position.

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **335 - Net OPEB Obligation**

This account is used to record the amount of a local government's Net Other Post-Employment Benefits (OPEB) Obligation, under [GASB](#) Statement 45. This account is found in the government-wide and proprietary fund financial statements.

This account is:

- DEBITED - for any contributions to the OPEB trust fund in excess of the annual OPEB cost.
- CREDITED - for the amount of contributions in relation to the ARC that is less than the annual OPEB cost.

### **336 through 338 - Open**

### **339 - Unearned Revenue**

This account should be used to record amounts for which asset recognition criteria have been met (such as cash that has been received, or amounts that are receivable), but for which it has not met the revenue recognition requirements and the deferral meets the definition of a liability. (Note that for certain specific situations where the deferral does not meet the definition of a liability, GASB Statement 65 requires the use of account 360, Deferred Inflows). Under the modified accrual basis of accounting, Unearned Revenue would include government-mandated or voluntary nonexchange revenue that is received before the eligibility requirements are met (excluding time requirements - those with only time requirements are to be reported as deferred inflows). It would also include exchange or exchange-like revenues for which the services or goods have not yet been exchanged. This account should be pointed off for individual types of revenue such as recreation programs, advance grant programs, etc.

This account is:

- DEBITED - for amounts reclassified to revenue accounts, as the exchange takes place, or as the eligibility requirements have been met.
- CREDITED - for an equal amount recorded in cash or a receivable account by a local unit which meets the definition of a liability.

### **340 to 342 - Open**

### **343 - Accrued Vacation and Sick Leave Payable**

This account is used in the government-wide financial statements to record the dollar value of the employees accrued vacation and sick leave as of the last day of the fiscal year (calculated in accordance with [GASB](#) Statement 16), less the amount recorded as a current year liability in account 260 - Accrued Vacation Payable, and account 261 - Accrued Sick Leave Payable.

This account is:

- DEBITED - for the difference if the amount calculated at year-end is less.
- CREDITED - at the end of the current fiscal year for the difference between the amount recorded in the account from the previous year and the amount calculated at the end of the current fiscal year if the ending amount is greater.

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **344 through 359 - Open**

### **DEFERRED INFLOWS 360 to 369**

#### **360 - Deferred Inflows**

This account should be used to record amounts that are specifically defined by the [GASB](#) as meeting the definition of Deferred Inflow by GASB 63, GASB 65, or any subsequent amendments. In general, this account applies to assets (cash or receivables) that do not meet the criteria for revenue recognition, and that also do not meet the definition of a liability. At this point, the types of deferrals specified for this category include:

- any modified accrual funds that need to defer revenue solely because it is not available (not collected within their period of availability, generally 30-60 days);
- property taxes or other imposed nonexchange revenue that are receivable (or received) before the period the resources may be used;
- government-mandated or voluntary nonexchange revenue that is awaiting only their time requirements before revenue recognition is appropriate; and
- sale of future revenues.

This account should be pointed off for individual types of revenue such as property taxes, special assessments, etc.

This account is:

- DEBITED - for amounts reclassified to revenue accounts, as the revenue recognition requirements have been met.
- CREDITED - for an equal amount recorded in cash or a receivable account by a local unit which meets the definition of a deferred inflow.

### **360 through 362 – Open for Deferred Inflows**

#### **363 –Drain Orders - Deferred**

This account is used only in the Drain Fund of counties and its balance reflects drain orders payable for years subsequent to the current fiscal year. A detailed subsidiary ledger should be maintained showing liability by year for each drain order.

This account is:

- DEBITED - at the beginning of each year for the amount of drain orders becoming due during the current year. Note that the amount due within one year is credited to account 203 - Drain Orders Payable.
- CREDITED - for the amount of all drain orders issued which become due and payable in years subsequent to the current fiscal year.

### **362 through 365 – Open for Deferred Inflows**

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **FUND BALANCE AND NET POSITION (370 through 399)**

#### **370 through 374 - Nonspendable Fund Balance**

These accounts are used in governmental funds to record the portion of fund balance that is not in spendable form (that is, the portion that results from assets that are not spendable - prepaids, inventory, long-term advances to other funds, or other receivables whose collection is not likely in the next year).

- 370 – Fund Balance Nonspendable – Prepaids
- 371 – Fund Balance Nonspendable – Inventory
- 372 – Fund Balance Nonspendable – Long-Term Advances to Other Funds
- 373 – Fund Balance Nonspendable – Other
- 374 – Fund Balance Nonspendable – Other

These accounts are:

DEBITED - to reduce the account, when nonspendable assets are reduced.

CREDITED - in the amount of assets that are not in spendable form.

#### **375 through 379 - Restricted Fund Balance**

These accounts are used in governmental funds to record the portion of fund balance that is legally restricted as to the purposes for which it may be used. Often a fund's entire fund balance will be restricted, but sometimes, such as in the General Fund, only a portion will be restricted. These accounts should be pointed off with individual restrictions into separate sub-accounts.

#### **380 through 384 - Committed Fund Balance**

These accounts are used in governmental funds to record the portion of fund balance that is constrained by formal actions of the local unit's highest level of decision making authority as to the purposes for which it may be used. Sometimes a fund's entire fund balance will be committed, but more often only a portion will be committed, so this may take additional analysis. These accounts should be pointed off with individual commitments into separate sub-accounts.

#### **385 through 389 - Assigned Fund Balance**

These accounts are used in governmental funds to record the portion of fund balance that is constrained by the government's intent to be used for specific purposes (but are neither restricted nor committed). Sometimes a fund's entire fund balance will be assigned, but more often only a portion will be, so this may take additional analysis. These accounts should be pointed off with individual assignments into separate sub-accounts.

#### **390 - Unassigned Fund Balance**

Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance [GASBS 54, ¶17]

## BALANCE SHEET ACCOUNT DESCRIPTIONS

### **391 - Net Position, Invested in Capital Assets**

This account is used to record the net equity in capital assets of the local unit. It represents the component of the difference between assets and liabilities of proprietary funds that consists of capital assets less both accumulated depreciation and the outstanding balance of debt (e.g., bonds, mortgages, notes) that is directly attributable to the acquisition, construction, or improvement of those assets.

This account is:

DEBITED - with the recorded value of capital assets sold or otherwise disposed of.

CREDITED - at year end or monthly with the cost of capital assets acquired during the year.

### **392 through 398 - Net Position, Restricted**

This account is used in a proprietary fund to record the component of the difference between assets and liabilities that consists of assets with constraints placed on their use by either external parties (e.g., creditors or grantors) or through constitutional provisions or enabling legislation.

This account is:

DEBITED - with any reductions of restricted net position.

CREDITED - with the required amount of restricted net position.

### **399 - Net Position, Unrestricted**

This account is used in an Enterprise Fund or Internal Service Fund to record the accumulated earnings of the fund which are not designated for a specific purpose or purposes. It represents the difference between the assets and liabilities of Proprietary Funds that is not reported as net position, invested in capital assets, net of related debt or restricted net position.

This account is:

DEBITED - at year end, with the excess of revenues over expenses for the fiscal year.

CREDITED - at the end of the year, with excess of expenses over revenues for the fiscal period; or with any appropriation from unrestricted net position to a specified reserve account.

## REVENUE DESCRIPTIONS – GASB STATEMENT 34 – GOVERNMENT-WIDE STATEMENTS

### **401 through 449 - TAXES**

Taxes are reported as GENERAL REVENUE on the government-wide statement of activities. These accounts are available for the use in fiduciary activities. Taxes collected on behalf of another local unit should be recorded within the account that most appropriately describes the collection.

Revenue accounts 425-434 may be used for taxes such as Commercial Forest Reserve, National Forest Reserve, Ore, Commercial Housing, Commercial Development, Timber Cut Over, etc.

### **450 through 474 - SPECIAL ASSESSMENTS**

Special assessments are reported as PROGRAM REVENUE on the government-wide statement of activities.

Revenue accounts 450-474 may be used for individual special assessments (both service type assessments and capital type assessments).

### **475 through 500 - LICENSES AND PERMITS**

Licenses and Permits are reported as PROGRAM REVENUE on the government-wide statement of activities.

Revenue accounts 476-489 may be used for business licenses and permits such as Alcoholic Beverages, Health, Police, Public Utilities, Professional and Occupational, Amusements, Cable TV, etc.

Revenue accounts 490-500 may be used for non-business licenses and permits such as Building Permits, Marriage Licenses, Sidewalk Permits, etc.

### **501 through 538 - FEDERAL GRANTS**

Program specific grants and contributions (operating and capital) are reported as PROGRAM REVENUE on the government-wide statement of activities.

Multi-purpose grants that do not provide for specific identification of the programs and amounts should be reported as GENERAL REVENUE on the government-wide statement of activities.

Each type of federal grant should be assigned a separate revenue account number. CFDA numbers will indicate the various grants and the need for a separate account. Certain federal grants are “passed through” the state, so be sure to properly classify the revenue.

### **539 through 579 - STATE GRANTS**

Program specific grants and contributions (operating and capital) are reported as PROGRAM REVENUE on the government-wide statement of activities.

Multi-purpose grants that do not provide for specific identification of the programs and amounts should be reported as GENERAL REVENUE on the government-wide statement of activities (i.e., State Revenue Sharing).

## REVENUE DESCRIPTIONS – GASB STATEMENT 34 – GOVERNMENT-WIDE STATEMENTS

Each type of state grant should be assigned a separate revenue account number. Certain federal grants are “passed through” the state, so be sure to properly classify the revenue.

### **580 through 599 - CONTRIBUTIONS FROM LOCAL UNITS**

Contributions from Local Units are reported as PROGRAM REVENUE on the government-wide statement of activities.

These revenues will primarily be found in authorities and joint operations where more than one local unit contributes to the operations of an agency. Examples include Joint Fire Authorities, Transit Authorities, District Health and Mental Health agencies, etc.

### **600 through 654 - CHARGES FOR SERVICES**

Charges for Services are reported as PROGRAM REVENUE on the government-wide statement of activities.

#### **601 through 606 - Court Related Charges**

These accounts may be used for court related charges such as Court Costs, Court Bond Cost (from the Trust and Agency-Custodial Fund to the General Fund), Court Reinstatement, etc.

#### **607 through 625 - Fees**

These accounts may be used for fees set by statute, charter, or ordinance such as Real Estate Transfer Tax, Register of Deeds Recording Fees, Treasurer and Clerk Fees, Court Fees, Dismissal and Other Fees (by court order, Probation Oversight Fees, etc.).

#### **626 through 641 - Services Rendered**

These accounts may be used for charges for services rendered such as Copies, Road Oiling, Fire Runs, Cemetery Grave Openings, Prisoner Board, Rubbish Collection, Weed Removal, etc.

#### **642 through 650 - Sales**

These accounts may be used for sales such as Cemetery Lot Sale, Printed Materials (such as ordinance books), Confiscated Property, Scrap and Salvage Sales, etc.

#### **651 through 654 - Use and Admission Fees**

These accounts may be used for charges for services rendered such as fees paid to a local unit to use an athletic facility.

### **655 through 663 - FINES AND FORFEITURES**

Fines and Forfeitures are reported as PROGRAM REVENUE on the government-wide statement of activities.

These revenue accounts may be used for fines and forfeitures such as Parking Penalties, Dog Damage Fines, Penal Fines, Library Book Fines, Ordinance Fines and Cost, Filing Fees Forfeited, Bond Forfeitures, etc.

## REVENUE DESCRIPTIONS – GASB STATEMENT 34 – GOVERNMENT-WIDE STATEMENTS

### **664 through 670 - INTEREST AND RENTALS**

Interest and Rentals are usually reported as GENERAL REVENUE on the government-wide statement of activities.

Earnings on endowments or permanent fund investments are PROGRAM REVENUES if restricted to a program specifically identified in the endowment or permanent fund agreement.

Interest earned (when allowed and restricted by law to the specific program) on state or federal grants is PROGRAM REVENUE.

These revenue accounts may be used for income earned from the use of the local unit's assets such as Interest, Dividends, Rent, Royalties, etc.

### **671 through 689- OTHER REVENUE**

Other Revenue is usually reported as GENERAL REVENUE on the government-wide statement of activities.

Operating special assessments which are levied much like a tax for governmental services (such as police and fire levies) are reported as GENERAL REVENUE on the statement of activities.

Operating special assessments to provide services to recipients (such as street lighting and rubbish collection) are PROGRAM REVENUE on the statement of activities.

The gain or loss on the sale of assets is normally reported as GENERAL REVENUE on the statement of activities unless the sale meets the criteria of a SPECIAL ITEM.

### **690 through 699 - OTHER FINANCING SOURCES**

Bond or Insurance Recoveries should be reported on the government-wide statement of activities as GENERAL REVENUE or separately as an EXTRAORDINARY ITEM if the recovery considered both unusual and infrequent in occurrence.

Proceeds received as an other financing source from the sale of capitals would not be reported on the statement of activities. The gain or loss (difference between proceeds received for the assets and net book value of the assets) from the sale of assets is normally reported as GENERAL REVENUE on the statement of activities unless the sale meets the criteria of a SPECIAL ITEM.

Bond and note proceeds should be eliminated on the statement of activities.

Transfers In should be reported separately on the statement of activities.

## REVENUE/OTHER FINANCING SOURCES ACCOUNT DESCRIPTIONS

Revenues represent net increases in governmental fund type current assets from other than expenditure refund, operating transfers-in and proceeds from the sale of bonds. Revenue is recognized in governmental funds when it becomes both measurable and available to finance expenditures of the fiscal period. Revenue Accounts 401 through 699 are included in this category.

It is recommended that the local units assign detail numbers to the various types of revenue that are received. The account numbers must be assigned by source as outlined in the revenue account number index. Revenue must be budgeted by source in accordance with the following source groups which are summarized as follows:

<u>Account Numbers</u>	<u>Source Title</u>
401 to 449	Taxes
450 to 474	Special Assessments
475 to 500	Licenses and Permits
501 to 538	Federal Grants
539 to 579	State Grants
580 to 599	Contributions from Local Units
600 to 654	Charges for Services
655 to 663	Fines and Forfeits
664 to 670	Interest and Rents
671 to 689	Other Revenue
690 to 699	Other Financing Sources

### **400 - Revenue Control**

This is a control account which must appear in the general ledger of each fund of local units in which revenues are reported. Its balance must at all times equal the combined total of Revenue Accounts 401 through 699. The account number appears on balance sheets prepared during a fiscal period. However, it does not appear on balance sheets prepared as of the close of a fiscal period since it has then been closed out to fund balance or other surplus accounts.

This account is:

- DEBITED - for any adjustments and this account number is closed to fund balance or another surplus account.
- CREDITED - for total revenues received by a fund.

### **401 - Taxes (Control)**

The use of this account number is mandatory as a control account for various tax revenues. Its balance must be at all times equal to the combined totals of Revenue Accounts 402 through 449. This account number is a source control for revenue used for financial reporting purposes. It is available for use in fiduciary activities. Taxes collected on behalf of another local unit should be recorded within the account that most appropriately describes the collection.

This account is:

- DEBITED - for with any adjustments and when the account number is closed

**REVENUE/OTHER FINANCING SOURCES ACCOUNT DESCRIPTIONS**

to fund balance or another surplus account.

CREDITED - for the amount of total revenue reported in account numbers  
402 through 449.

# REVENUE/OTHER FINANCING SOURCES ACCOUNT DESCRIPTIONS

## 402 through 449

Most local units will use more than the control account for taxes. It is recommended that detail accounts be maintained. When detail tax accounts are used, the numbers assigned to the column headed ~~optional~~secondary possibilities should be used. These Account Numbers are used for compiling data statewide. Some payments from the state for certain types of property tax adjustment will be coded with these Account Numbers. It should also be noted that Account Number 427 is intended to be used for a community-wide special assessment (such as 1951 PA 33, assessment for police and fire protection). In instances where every property owner in the local unit is paying the assessment, it takes on the characteristics of a tax and should be reported as such. [GASB](#) Statement 34, Paragraph 47(c) requires such an assessment to be reported as General Revenue, and reporting it as a tax will do so (whereas special assessments are always reported as Program Revenue).

## REVENUE/OTHER FINANCING SOURCES ACCOUNT DESCRIPTIONS

### **450 – Special Assessments (Control)**

This Account Number is used as a control account for the special assessment revenues. Its balance must be at all times equal to the combined totals of Revenue Accounts 451 through 474. This Account Number is a source control for revenue used for financial reporting purposes.

This account is:

- DEBITED - for with any adjustments and when the Account Number is closed to fund balance or another surplus account.
- CREDITED - for the amount of total revenue reported in Account Numbers 451 through 474.

### **451 through 474**

The local unit should assign special assessments to Account Numbers 451 through 474.

### **475 - Licenses and Permits (Control)**

The use of this Account Number is mandatory as a control account for license and permit fees collected by local units. The balance in this account must at all times equal the combined totals of Account Numbers 476 through 500 (when these accounts are used to designate specific licenses and permits). This Account Number is a source control for revenue used for financial statement reporting purposes.

This account is:

- DEBITED - for any adjustments and when this Account Number is closed to fund balance or another surplus account.
- CREDITED - for all business and non-business license and permit fees collected by the local unit.

### **476 through 500**

The local unit should assign business licenses and permits to Account Numbers 476 through 489 and non-business licenses and permits to Account Numbers 490 through 500.

476	Business Licenses and Permits
477	Cable TV Franchise Fees
478 to 489	Open for Business Licenses and Permits
490	Non-Business Licenses and Permits
491 to 500	Open for Non-Business Licensees and Permits

## REVENUE/OTHER FINANCING SOURCES ACCOUNT DESCRIPTIONS

### **501 - Federal Grants (Control)**

The use of this Account Number is mandatory as a control account for federal grants received by the unit. The local unit may record all of its grants in this one account or may record them separately if they wish. The balance in this account must at all times equal the combined totals of Account Numbers 502 through 538 if detailed accounts are used. This Account Number is a source control for revenue used for financial statement reporting purposes.

This account is:

DEBITED - for any adjustments and when the Account Number is closed  
to fund balance or another surplus account.

CREDITED - for all federal grants received by a local unit.

### **502 through 538**

The local unit should assign Account Numbers 502 through 538 as listed below for Federal Grants:

502	Federal Grants - General Government
503 to 504	Open
505	Federal Grants - Public Safety
506 to 512	Open
513	Federal Grants - Sanitation
514 to 515	Open
516	Federal Grants - Health
517 to 518	Open
519	Federal Grants - Welfare
520 to 521	Open
522	Federal Grants - Community Development Block Grants
523	Federal Grants - Recreational and Cultural
524 to 527	Open
528	Federal Grants - Other
529 to 537	Open
538	Federal Capital Grants

### **539 - State Grants (Control)**

The use of this Account Number is mandatory as a control account for state grants received by the local unit. The local unit may record all of its grants in this one account or may record them separately if they wish. The balance in this account must at all times equal the combined totals of Account Numbers 540 through 579, if detailed accounts are used. This Account Number is a source control for revenue used for financial statement reporting purposes.

This account is:

DEBITED - for any adjustments and when the Account Number is closed  
to fund balance or another surplus account.

### **690 - Other Financing Sources (Control)**

**REVENUE/OTHER FINANCING SOURCES ACCOUNT DESCRIPTIONS**

This Account Number is used to record non-revenue items such as proceeds from the sales of bonds or notes, insurance recoveries, “operating transfers in,” etc. Account Numbers 690 through 699 may be used to record the various types of non-revenue items separately.

**691 through 692 - Open****693- Sales of Capital Assets**

This Account Number is used to record the proceeds of sales of capital assets in governmental funds

**694 through 695 - Open****696 - Issuance of Bonds or Notes (at face value)**

This Account Number is used to record the proceeds of bonds or notes.

**697 - Premium on Bonds or Notes**

This Account Number is used to record premiums received from the issuance of bonds or notes.

**698 - Bond or Insurance Recoveries**

This Account number is used to record recoveries from bonds or insurance. In governmental fund financial statements, restoration or replacement of an impaired capital asset should be reported as a separate transaction from the associated insurance recovery. A bond or insurance recovery should be reported as an extraordinary if it is unusual in nature and infrequent in occurrence.

**699 - Interfund Transfers In**

**Note that only Account Number 699 should be used for “operating transfers in.” The Activity Number assigned to each transfer will identify the fund that the transfer came from.**

This account is:

DEBITED - for any adjustments and when the Account Number is closed.

CREDITED - for any amounts received that are non-revenue items.

## EXPENDITURE/EXPENSE ACCOUNT DESCRIPTIONS

Expenditures represent a net decrease in financial resources and are recorded when a related liability is incurred. The five ~~mandatory~~primary accounts for expenditure classification are by object class according to the types of items purchased or services obtained. These accounts are for personal services, supplies, other services and charges, capital outlay and debt service.

<u>Account Numbers</u>	<u>Detailed Object Class</u>
701 to <del>749</del> <u>726</u>	Personal Services

### 803— Administrative Services

This account is available for the use in fiduciary activities.

### 874— Retiree Benefit Payments

This account is available for the use in fiduciary activities.

### 959— Contributions to Other Governments

This normally would be used in a township making contributions to road commissions to maintain the roads within the township. The use of Contributions to Other Governments more accurately reflects the transfer of funds from a township to a road commission.

### 964— Refunds and Rebates

This account is available for the use in fiduciary activities.

\* Contingency may only be used for budgeting purposes, this account shall not be reported in the financial statements. Budgets must be amended to reflect the proper expenditure classification.

### 970 - Capital Outlay (Control)

This Account Number is used in governmental funds of local units where capital assets are not reported as part of the fund. This account is used to record expenditures incurred by the local unit for the acquisition of capital assets. Such purchases are recorded at cost and recorded in the

## EXPENDITURE/EXPENSE ACCOUNT DESCRIPTIONS

appropriate capital asset fund or general ledger account either monthly or at the end of the year (unless reclassified to an Enterprise or Internal Service Fund). A unit can record all capital outlay expenditures within this account or it may account separately for various types of capital outlay expenditures by utilizing Account Numbers 971 through 989. The balance of this account must at all times equal the combined totals of Account Numbers 971 through 989 if separate accounting is maintained.

This account is:

DEBITED - for all fund expenditures for capital outlay.

CREDITED - for any adjustments and when the Account Number is closed to fund balance or another surplus account.

NOTE: Capital outlay expenditures for General Capital Assets are normally charged to the fund and activity to which they apply.

### 971 through 989

Use the Account Numbers as indicated in the Chart of Accounts Index in the column headed ~~optional~~secondary possibilities, if these accounts are used to provide additional categories of capital outlay.

This Account Number is used to record discounts on bonds or notes.

#### **997 - Transfer to Escrow for Bond Refunding**

This Account Number is used to record transfers to escrow accounts for the purpose of bond refunding.

### **998 through 999 - Special and Extraordinary Items**

#### **998 - Special Items**

Significant transactions or other events within the control of management that are either unusual in nature *or* [emphasis added] infrequent in occurrence are special items. [GASBS 34, ¶56]

Unusual nature—the underlying event or transaction should possess a high degree of abnormality and be of a type clearly unrelated to, or only incidentally related to, the ordinary and typical activities of the government, taking into account the environment in which the government operates. [GASBS 62, ¶46]

Infrequency of occurrence—the underlying event or transaction should be of a type that would not reasonably be expected to recur in the foreseeable future, taking into account the environment in which the government operates. [GASBS 62, ¶46]

#### **999 - Extraordinary Items**

## EXPENDITURE/EXPENSE ACCOUNT DESCRIPTIONS

Extraordinary items are transactions or other events that are both unusual in nature *and* [emphasis added] infrequent in occurrence. [GASBS 34, ¶55, as amended by GASBS 62, ¶45–¶49]

**Note that the Activity Number assigned to each transfer will identify the fund that received the transfer.**
