

Board of Dentistry Initial N95 Distribution

Every dentist will receive 10 masks for themselves and to share with allied professionals assisting with service.

We will have more supply coming into dentistry in the future, this is just the initial batch.

Please consider working with colleagues if you are in the same clinic and picking up supply for the clinic.

If you are picking up for a group, please bring a list of dentists in your clinic system.

Pick up sites: Please provide 10 masks for each dentist. Dentists that are out state, go to the nearest pickup site to you.

Dentists, please bring a bag or container for your masks for out-state pickups.

Pick up sites, if you run out of masks please email me and we will ship more until the dentists in your area all have 10 masks available to them.

The out state pick up sites should have some supply later this week, as we are starting shipping Tuesday.

Pick up sites for N95 masks:

Board of Dentistry
2829 University Ave
Minneapolis, MN 55414

Pick up will start Tuesday April 27 from 9am-3pm and will be going all week. **PLEASE READ. You must email before picking up with your name and if you are picking up for other dentists, their names as well. If you are a dentist and did not respond to the N95 survey, please email me with a simple "yes" that you need masks and that you are coming for pick up. Pull up into guest parking and come to the door near outside patio area.**

Drive through the parking lot and park. Masks will be bagged and provided to you. For larger clinics picking up, masks will be in boxes.
