Job Description: DESCRIPTION/RESPONSIBILITIES:  
Are you an experienced and skilled instrumentation craftsperson seeking an opportunity to grow and be rewarded for your performance? If so, Flint Hills Resources (FHR) has career opportunities for you in our refining business and we are looking for great people to grow with us. If you are looking for a way to accelerate your career and be part of a great company, this is may be the opportunity for you.

#### Position Summary:

As an Instrument Technician at FHR's Pine Bend Oil Refinery in Rosemount, Minnesota, you will be part of the reliability team, which ensures the plant equipment runs efficiently and quality repairs are made in a timely manner.

Instrument technicians at Pine Bend perform maintenance, troubleshoot, test, install, calibrate and repair the approximately 20,000 process control instruments at the refinery. This equipment includes flow, pressure, temperature and level transmitters; transducers, controllers, switches, solenoids, relays, control valves, regulators, actuators and positioners. You will also work with measurement

technologies in radar, nuclear, electronic and pneumatic devices.

Quality craftsmanship is an expectation and as an Instrument Technician, you will be set up with written procedures, drawings, proper tools and equipment manuals to support completing quality repairs in a safe manner.

**Competitive Pay and Benefits Package:**

Starting hourly pay ranges from \$30.21 to \$34.59 per hour with pay increases after training requirements are completed. 3 percent base pay increases will go in effect on June 22, 2015. Fully qualified Instrument Technicians at Pine Bend are compensated at \$38.03 per hour with opportunities for compensation increases with additional training, knowledge and skills including ISA Certification.

The normal work schedule is: 4/10's Monday through Thursday.

Full Benefits Package Including: 401K plan with a company match, defined benefit pension plan, medical, dental and vision plans, paid vacations/holidays, and numerous other voluntary benefits are available to FHR employees.

Work is performed outside in all types of weather and climbing ladders, stairways, vessels, towers and pipe racks is required work.

This role is subject to a pre-hire physical abilities test.
