

## 2021 SSIS Monthly State Reporting Schedule

### Monthly Uploads

All agency databases are now centralized. Uploads are completed by state staff at least twice per month. The final upload of the month will be no earlier than the first working day after the 25<sup>th</sup> of each month (the day listed on the schedule below). Agencies still need to regularly run “Validate only” reads to check for and correct errors. There is no longer a need for agencies to complete the Upload process.

**In the near future, repository uploads will be completed on a more frequent basis so this schedule is subject to change.**

**\*Child Welfare Dashboard updates** (Federal performance measures and State performance measures) will be made by the 15<sup>th</sup> of each month and include data from the previous monthly upload.

### State Reports
