# 2022 SSIS Monthly State Reporting Schedule

Monthly Uploads

All agency databases are now centralized. Uploads are completed by state staff during a nightly interface. The final upload of the month will be no earlier than the first working day after the 25th of each month (the day listed on the schedule below). Agencies still need to regularly run "Validate only" reads to check for and correct errors. There is no longer a need for agencies to complete the Upload process.
