

You're invited: Site-based Supportive Housing Standards Stakeholder Feedback Sessions

Do you live in or work with people who live in site-based supportive housing?

We want your input!

The Stewardship Council is seeking feedback on proposed standards for site-based supportive housing. These standards will help inform future funding decisions and contribute to strengthening the supportive housing infrastructure statewide. The standards will include:

- A common vocabulary to differentiate between “operating” and “services” activities,
- A minimum package of services and operating requirements,
- Minimum staff qualifications and training requirements, and
- Outcomes and performance benchmarks.

North Star Policy Consulting will be hosting the feedback sessions on behalf of the Stewardship Council.

All sessions will be held virtually and will include multiple options for participation, including small group breakout sessions, polls and a post-meeting survey. *The meetings are open to anyone who is interested.*

Sign up for one of the dates below. All the meetings will include the same content and format, but we encourage you to sign up based on whether you primarily live/work in the Twin Cities Metro Area or Greater Minnesota.

The **Stewardship Council** is an interagency working group whose purpose is to directly impact the creation, preservation, and stabilization of supportive housing in order to prevent and end homelessness. It is made up of designees from organizations that fund the development and operation of supportive housing throughout the state of Minnesota, including state and federal agencies, local governments, and non-profit organizations with a focus on supportive housing policy, advocacy and technical assistance.

Thursday, August 26 3:30 PM – 5:00 PM Twin Cities Metro Area Register	Tuesday, August 31 2:30 PM – 4:00 PM Twin Cities Metro Area Register
Thursday, September 2 2:30 PM – 4:00 PM Greater Minnesota Register	Thursday, September 9 10:00 AM – 11:30 AM Greater Minnesota Register
