

# INVESTING IN OUTDOOR HERITAGE, CLEAN WATER, ARTS, AND CULTURE

*In 2008, Minnesota's voters passed the Clean Water, Land and Legacy Amendment because all of us want our state to be a great place to live, work, and play. House Democrats want to invest \$225 million to continue the important work of restoring, enhancing, and protecting Minnesota's most treasured spaces and places.*

## Clean Water Fund

Part of what makes Minnesota such a wonderful place to live is our clean water. That's why the House DFL is fighting to protect our natural resources for future generations by cleaning up toxic chemicals that threaten our health and environment, ensuring that we use our land in ways that protect our water, and engaging youth in our outdoors.

## Outdoor Heritage Fund

Minnesotans are proud of our great outdoors, and want to be thoughtful stewards of the land around us. The House DFL will fund the restoration, protection, and enhancement of over 80,900 acres of wildlife habitat and restore 127 miles of shoreline throughout Minnesota.

Activities include native prairie protection, wetland

restoration, trout stream enhancement, public wildlife land enhancements, shallow lake enhancement, forest fragmentation prevention, strategic land acquisition in fee and conservation easement

## Arts & Cultural Heritage Fund

Minnesota has a rich cultural heritage. The House DFL seeks to continue to support the arts, arts education, and arts access in our state through significant investments in:

- Regional Libraries
- Community Identity & Heritage grants
- Minnesota Public Radio
- MN Public Television
- Science Museum
- Children's Museums
- Water Safety grants
- And much more
