

Partnership Project

JANUARY 26TH – MARCH 09TH

MISSION

For more than 80 years, Planned Parenthood MN, ND, SD has been a trusted provider of comprehensive sexuality education, reproductive health care, and advocacy for reproductive rights. We work to make sure all people have the information and means to make healthy, responsible choices. Through our **Partnership Project**, we contribute to addressing health disparities that impact African-immigrant communities. We collaborate with community-based organizations to provide culturally appropriate programs for youth and adults, conduct educational presentations, and to increase accessibility to Planned Parenthood clinics.

**Be informed and in
charge of your
sexual and
reproductive health**

**Build connections
with others in the
African community**

FREE

**Prizes and
Incentives**
