

COVID VACCINE & FLU SHOT CLINIC

Unvaccinated individuals will receive ONE dose of the Bivalent vaccine.

People aged 65 or older can receive a second Bivalent booster at least 4 months after their first Bivalent booster.

Children 6 months - 4 years will receive 3 Bivalent Pfizer doses as part of their 3-dose series.

Individuals who have previously received only ONE dose of the Monovalent vaccine will receive the Bivalent vaccine at least 2 months after their first dose.
