

## African-American Men Gathering in Support of Young Children

Thursday, January 10, 2013, 7:00–9:00pm

Wilder Foundation Auditorium,  
451 Lexington Parkway (at University), St. Paul  
Free parking in the ramp next door. Snacks will be provided.

**Help Build a Coalition:** In November a group of 50 African-American men gathered at the Science Museum of Minnesota to talk about our important role in the lives of children age birth–5.

It was a powerful conversation. We shared the stories of the personal, social and historical experiences that have shaped our lives as African-American men. We heard how passionate men are about nurturing the young children in their lives and learned how we can support each other.

**Come on January 10** to hear about the November conversations:

*SHARE YOUR WISDOM*

*LEARN FROM EACH OTHER*

*TAKE ACTION!*
