

Good afternoon,

This notice is being provided as an update to the previously submitted WARN notification regarding Springfield Mechanical Services, Inc. (SMSI) employees assigned to the Timken Belts Facility in Springfield, Missouri, and as a new notice where required due to the extension of certain employees' anticipated employment-loss dates.

Effective August 21, 2026, the contract between Springfield Mechanical Services, Inc. and Timken Belts was extended to allow Timken Belts to complete its remaining production needs. As a result, the anticipated employment-loss dates for certain Springfield Mechanical Services, Inc. employees has changed.

All affected employees were individually notified whether their employment would end as originally scheduled or whether they were being offered continued employment during the contract extension.

Facility Information

Timken Belts
2601 W. Battlefield Road
Springfield, MO 65807

Reason for Job Loss: Permanent facility closure by customer.

Employment Losses to Date:

August 31, 2026

- 9 employees' assignments ended as scheduled.
- 6 additional employees were offered continued employment as part of the contract extension but declined the extension, with their employment ending August 31, 2026.

September 4, 2026

- 2 employees were offered continued employment as part of the contract extension but declined the extension. At their request, they were permitted to continue working through September 4, 2026.

Revised Anticipated Employment-Loss Dates:

October 30, 2026

- 1 Maintenance Employee
- 13 Warehouse Employees

November 30, 2026

- 22 Maintenance Employees

The final anticipated employment-loss date associated with the facility closure is November 30, 2026.

All other information contained in the previously submitted WARN notification remains unchanged unless otherwise noted in this update.
