Re: WARN Act Notice

Dear Mayor Spencer and Missouri Rapid Response Team:

I am writing to provide you with advanced notice that DSV Contract Logistics, LLC (“DSV”) plans to terminate operations at a customer’s 3PL facility in St. Louis, Missouri, which we expect will result in the separation of approximately 84 DSV employees who work there. Accordingly, we are providing this notice and the following information pursuant to the federal Worker Adjustment and Retraining Notification Act.

1. Name and address of the site/contact info: The facility where the employment separations will occur is the 3PL Logistics Facility located at 120 E Grand Avenue St. Louis, MO 63147 (the “Facility”). The name and telephone number for the company contact are provided below.
2. Statement on permanency and entirety of action: The employment separations are expected to be permanent. DSV is terminating all of its operations throughout the entire Facility.
3. Expected date of separations: The employment separations are expected to occur on December 5, 2026 or within 14 days after that date. DSV is exploring transfer opportunities for some employees and believes that many affected employees will have opportunities with its successor provider at the Facility.
4. List of affected job titles: A list of the job titles to be affected with the number of affected employees for each job title is attached as Attachment “A.”
5. Other information: There are no bumping rights and none of the affected employees is represented by a union.

DSV has separately and timely notified its affected employees. Please feel free to contact me with any questions regarding this matter. Thank you for your consideration.

Very truly yours,
