

Introducing **ZERO Suicide**, a **7-piece framework** used to create a culture of safer suicide care and reduce the number of suicides.

### **What are we doing?**

Building on existing staff wellness initiatives to begin a necessary culture shift away from fragmented and stigmatized suicide care for our staff, toward a more holistic and improved commitment to safety.

### **Why?**

Because suicide rates for correctional employees continue to rise, and the only acceptable number of suicides is **ZERO**.

### **What are we working on right now?**

**LEAD**ing, planning, and promoting our commitment to change, and engaging with necessary stakeholders.

### **Where can I learn more about this project?**

Visit [www.zerosuicide.com](http://www.zerosuicide.com)

### **At this time, where can I get help if I, or someone I know, is in crisis?**

Call, text, or chat **988**. The **988 Suicide & Crisis Lifeline** (formerly known as the National Suicide Prevention Lifeline) offers 24/7 call, text and chat access to trained crisis counselors who can help people experiencing suicidal, substance use, and/or mental health crisis, or any other kind of emotional distress.

### **Who do I contact if I have questions about the Zero Suicide Initiative?**

**Manager of Trauma-Informed Employee Care**  
Meckenzie Hayes, MSW, LCSW
