

# Research Volunteers Needed

We are looking for foster parents currently licensed through public child welfare agencies in the United States to complete a 10-question survey regarding Fetal Alcohol Spectrum Disorder training.

The survey should take no longer than 10 minutes to complete.

Results are anonymous.  
Participation is voluntary.

Your participation will help increase knowledge about Fetal Alcohol Spectrum Disorder training in the child welfare system!

Please scan the QR code or click the survey link to be directed to the survey. Please contact Rebecca Skinner, principal investigator, at [rskinner1@tulane.edu](mailto:rskinner1@tulane.edu) with any questions.
