

About Us

Mid-Minnesota Legal Aid has a Low Income Taxpayer Clinic (LITC). We help Minnesota taxpayers who have Internal Revenue Service (IRS) disputes.

Results might include:

- reducing a tax debt
- eliminating a tax debt
- getting a tax refund
- stopping the IRS from taking your income
- stopping the IRS from taking your home
- getting a payment plan

We can never guarantee a result. Every case is different.

What We Do

Our LITC represents, advocates for, advises, and educates low income taxpayers. We help people with **IRS** tax disputes. We help with:

- US Tax Court representation
- tax settlements
- preventing or stopping garnishments because of financial hardship
- audit representation
- asking the IRS to change the decision it made in an audit
- fixing identity (ID) theft problems
- getting some of your refund back when it was taken to pay your spouse's debt

We DO NOT prepare tax returns.
