MPD Forensic Scientists processed the scene and collected evidence.

“The level of gun violence across the city within the last day is deeply unsettling. Across three separate multiple-victim shootings, eight people have been injured by gunfire and three have lost their lives. Our thoughts are with the victims who lost their lives, with those who are now fighting to recover from their injuries, and with the families and community members who are affected. While this level of violence is cause for concern, our resolve to fight for the safety of every person in our community is unwavering. We will aggressively pursue every lead, but we also need the community’s help. Anyone with information about what happened is encouraged to come forward—anonously if necessary—so we can hold those responsible accountable and prevent further harm.”

The Hennepin County Medical Examiner's Office will release the name of the deceased man along with the official cause and manner of death.

No arrests have been made.
