

LOGIN PROCESS FOR PUBLIC HHS PROMOTIONS STORE FRONT

mthhspromotions.rocsoft.com

First time users will need to Register for (RSA WebCRD) account

Once you fill out your contact information and click the green Register button you will receive an automatic email from RSA WebCRD with a link to set your password.

Click on the link in the RSA WebCRD email, set your password, then use the user name and password you just set to sign in.

Users will have to sign in each time. If they forget their password, they can reset it automatically. If they forgot their user name (it's their email, but only everything before the @) then they need to contact a WebCRD admin (Brandee Hay or Mike Ducello to look it up for them.)
