

# Montana State University Extension Statewide Technical Assistance FREE Webinar November 15th & 16th (9am-12:30pm)

## We're All In This Together: Highlighting Evidence-Based Youth Risk Behavior Prevention Programs

### Three ways to register:

Online: [http://health.msuextension.org/STA\\_registrationform.html](http://health.msuextension.org/STA_registrationform.html)

Email: [jennifermunter@montana.edu](mailto:jennifermunter@montana.edu)

Call: 406-994-3088

### Intended Audience includes:

Teachers, guidance counselors, school nurses, school administrators, and any community organizations or advocates working with youth (e.g., Extension Agents, 4H leaders, youth club organizations, church, peer, and library groups)

### Event Highlights Include:

**Generation Rx:** A program aimed at educating people of all ages about the potential dangers of misusing prescription medications.

**Youth Aware of Mental Health (YAM):** A school-based program aimed at actively engaging youth ages 13 to 17 in the topic of mental health through role-play and student-led discussions.

**Active Parenting:** A program aimed at supporting and preparing families for “every stage, every step” of their child’s development .

**SBIRT:** An evidence-based prevention and early intervention technique to identify, reduce, or prevent use of alcohol and other substances in adults and adolescents

**Communities that Care:** A community prevention program aimed at helping communities select and implement evidence-based programs and policies.

**Creating Lasting Family Connections:** A family-focused program aimed at building resiliency & reducing the rates of substance use.

**CONNECT Referral System:** A secure, web-based system for sending and receiving referrals.
