

TRAINING OPPORTUNITIES

with

NCDPI AND ISTATION

FACE TO FACE

District Read to Achieve Contact and one teacher/facilitator from each school will be trained to become the Campus Leader for your school. As your school's Campus Leader, your guidance through year one with RtA and Istation is exciting and essential for success. During this training you will learn all the key components to using Istation's ISIP Assessment for benchmark and progress monitoring as well as learn to use Istation's teacher tools. Your interactive, onsite workshop will be 4 hours in length, so bring your fully-charged computer or device (laptop, iPad, Chromebook

headphones or earbuds.**

District Level

- Training provided by Istation
- District RtA Contact
- One Campus Leader per school (stipend provided)

**Participants will need fully-charged computer or device (laptop, iPad, Chromebook), headphones or earbuds

School Level

- Training provided by Campus Leader
- K-3 teachers attend 90 minute training session
- Training on key components for ISIP Early Reading
- Interactive and Onsite

**Participants will need fully-charged computer or device (laptop, iPad, Chromebook), headphones or earbuds

WEBINARS

Webinars are 45 minutes and will be recorded for on-demand viewing. The purpose of these webinars is for high level information, in a live Q&A environment for leaders, facilitators and teachers. Ongoing live webinars will be offered throughout the school year for short overviews and opportunities for question and answer sessions with live, Istation Customer Success specialists. Please find the registration links at:
www.istation.com/northcarolina

TECHNICAL WEBINARS
EDUCATOR WEBINARS

In addition to the above mentioned LIVE technical and educator webinars, Istation will release 10 recorded podcasts throughout the year, as an ongoing course for additional training. The release of these podcasts will be announced on the Istation website for North Carolina educators, and will include a quiz after each module to apply the knowledge gained in each podcast course.
