Web Content Accessibility Guidelines (WCAG)

Our ongoing commitment is to have i-Ready address WCAG 2.0 AA criteria to the greatest extent possible.

i-Ready Diagnostic and i-Ready Growth Monitoring currently meet the Level AA standard under WCAG 2.0 with limited documented exceptions. We are working toward reducing (or removing) the remaining limited exceptions.

i-Ready Standards Mastery currently meets many criteria under the WCAG 2.0 Level AA standard with documented exceptions. Our focus for the future is to reduce the number of documented exceptions.

Lessons from i-Ready Personalized Instruction—in both English and Spanish—meet a subset of WCAG 2.0 AA criteria with documented exceptions. We are working toward meeting more Level AA criteria, and reducing exceptions for criteria we already meet, on an ongoing basis.
