

**North Carolina Lions  
KidSight USA Eye &  
Hearing Screening Program**

**80 % Of Learning Is Visual!**

Since 1922, the 266 Lions Clubs of North Carolina have dedicated ourselves to providing eye & hearing screenings for the children of our state!

Using the latest photoimaging technology, we can detect 6 critical eye issues in less than 5 seconds! Myopia (Nearsightedness), Hyperopia (Farsightedness), Astigmatism (Abnormal curve of the cornea), Strabismus, (Misalignment of the eyes) Anisometropia, (Unequal vision between the 2 eyes), Anisocoria (Unequal pupil size).

**If gone undiagnosed at an early age, these critical eye functions can lead to long term eye problems for the child and severely affect their ability to learn!**

The Lions of North Carolina would like to partner with your school to provide **free** eye & hearing screenings to your students beginning in Pre-K through 12<sup>th</sup> grade with an emphasis on Pre-K through 2<sup>nd</sup> grade. **We will also provide follow-up on those children referred to an optometrist for a full dilated eye exam and provide vouchers to cover the cost of the eye exam and the glasses so there is no cost to the family for those that financially qualify!**

To schedule our certified screeners to come to your school or for more information please contact Bryan Hoover at [bryan@nclionsinc.org](mailto:bryan@nclionsinc.org) 828-478-2135 Ext. 241 or W. Durden Dean at [urden@nclionsinc.org](mailto:urden@nclionsinc.org) 828-478-2135 Ext. 223.

You may also visit our **Lions KidSight USA** website at [www.lionskidsightusa.org](http://www.lionskidsightusa.org) for more information on our great program to serve our children!!

**It's All About The Children!!**
