

# EDUCATOR S.T.E.M. DAY

Join Educators from across the state of North Carolina in learning how Science, Technology, Engineering, and Math are integral to the XVIII Airborne Corps.

- ✓ Learn how predictive analysis, AI, and machine learning shape XVIII ABC operations
- ✓ Immerse yourself in a hands-on experience as the Robotics Training Facility displays Army innovation
- ✓ Meet & greet with Army Soldiers utilizing S.T.E.M. skills to solve Soldier problems
- ✓ Create your very own take home Conditions Awareness Tool utilizing coding, circuitry, and thermodynamics
