External Implementation Guide

OFFICE OF ACADEMIC STANDARDS

The External Implementation Guide is a repository for all North Carolina Standard Course of Study (NCSOS) stakeholders. This repository provides a variety of resources for supporting administrators, educators, and parents during the implementation of the current Standard Course of Study for each content area. The range of resources offers users an opportunity to determine their own specific needs and find materials that suit them.

This Canvas repository can be accessed with or without a Canvas account. Browse through resources to help you learn, plan, instruct, review, and inform yourself or others.
