Welcome To Your Benefits

Our most important asset is our people. That's why Union County offers a comprehensive benefits program to meet all your needs. Review this guide to learn about everything provided to you and to determine which benefits are best for you and your family. You will find many resources outlined in this guide available during enrollment and throughout the year to help you make the most of your benefits plans and answer your questions.

The health care coverage you elect begins with your initial eligibility date and continues through the end of the enrollment year. Union County’s benefits year begins July 1, 2026, and ends June 30, 2027.

You may also enroll or change your benefits during the annual Open Enrollment period, May 1st through May 29th for a July 1st effective date.

You must make your elections during the specified enrollment window, or you will not have coverage. You may not enroll again until the next Open Enrollment period unless you experience a qualifying life event. To have coverage, you must confirm your benefit choices through BenefitFirst by the deadline.

Benefits Contacts and Resources

Find more details about the benefits offered to you by contacting your insurance carrier or logging in to BenefitFirst at www.Benefitfirst.com. Register on the insurance carrier’s website to access plan information, including your ID cards, coverages, claims, network providers, and more. Search for the carrier apps on Google Play™ or the App Store® to access your benefits information anytime, anywhere from your mobile device. If you have questions about or need assistance with enrolling, you may contact Human Resources or our partners at MMA.

Eligibility & Enrollment

All regular full-time and benefited part-time Union County employees working at least 30 hours per week are eligible for medical and dental benefits. Full-time and benefited part-time employees working at least 20 hours per week are eligible for all other benefits. As a new hire, you are eligible for benefits on the first day of the month following your Date of Hire. You may also enroll during open enrollment for a July 1st effective date.

Dependents You Can Enroll

- Your legal spouse*
- Your natural, adopted, or stepchildren living with you, or children whom you have legal guardianship, up to age 26
- Unmarried children of any age if disabled and claimed as a dependent on your income taxes

When You Can Enroll

You can enroll in benefits during the following times:

- Your initial new hire eligibility period
- The annual Open Enrollment period for a July 1st effective date

If you fail to enroll within the timeframe given for your new hire eligibility period or the annual open enrollment window, you will not be able to elect benefits again until the next Open Enrollment period, and you will not have coverage.

Please make your elections on time, or you may experience a delay in using your benefits such as seeing a doctor or refilling a prescription.

***Please note: Union County's health plan will not cover an employee's spouse if the spouse is offered coverage through his or her employer. Limiting spousal coverage to those who do not have other opportunities to obtain group coverage helps ensure Union County can continue to offer you a quality health plan with lower premiums.**

Outside of your initial new hire or the Open Enrollment period, changes to your benefits can only be made throughout the year within 30 days of a qualifying life event. Examples of the most common events include:

- Marriage or divorce
- Birth or adoption of an eligible child
- Death of a covered dependent
- Change in your or your spouse's work status that affects your benefits
- Change in residence that affects your eligibility for coverage
- Change in your child's eligibility for coverage
- Receipt of a Qualified Medical Child Support Order (QMCSO)

This could also include enrollment. Some employees initially waive all benefits and then enroll later after losing other coverage such as an employee reaching age 26 who was previously carried by their parent as a dependent child.

To see a complete list, or to report an event, contact Human Resources. Documentation may be required. If you fail to report a life event and supply the necessary documentation, you will be required to wait until the next annual enrollment period to make changes to your benefits.

Termination of Coverage

Benefits coverage is terminated as follows:

- If you leave, coverage will terminate on the last day of the month following the termination or resignation date for medical, dental and vision. All other policies terminate on the last day worked.
- When a covered dependent reaches age 26, medical, dental and vision will terminate at the end of the month in which the dependent reaches age 26. All other policies will terminate at midnight on the dependent's 26th birthday.

Medical Benefits

Union County employees have the option of two PPO plans through Brighton/BlueCross BlueShield. The plans offer services on the BlueCross BlueShield of North Carolina network. All full-time and benefited part-time employees are eligible to open a Flexible Spending Account to set aside pre-tax dollars to pay for their deductible and other out-of-pocket healthcare costs. See page 12 for more information on tax-advantaged savings accounts that can help you save on healthcare expenses.

The PPO plans offer preventive care visits covered at 100%, an out-of-pocket maximum to protect you should a catastrophic event occur, and out-of-network coverage if needed. Although out-of-network coverage is available, using in-network providers will save you money. Make mycreatehealth.com be your first stop for your personalized member services website and get the help you need understanding your own health care and treatment options. You can find information about your coverage and claims, find a provider near you, access your digital ID cards, estimate the cost of a medical procedure, earn rewards and much more. You can also search the BlueCross BlueShield network on provider.bcbs.com. Search the Blue Card PPO/EPO network and **use member ID prefix Z2E**.

Embedded Deductible

Each covered individual has their own separate deductible as well as a family deductible. Each member must meet their deductible individually before the coverage begins. Accordingly, if an individual family member meets their deductible, the insurance company will start paying according to the plan's coverage for that individual. If only one person meets an individual deductible, the rest of the family still must pay their deductible. However, out-of-pocket expenses used to meet an individual deductible are counted toward meeting the family deductible. Once the family deductible is met, all family members will have medical expenses paid according to the plan's coverage, even if not all members have met their individual deductibles. See example on following page.

Big Savings

On Brand And Specialty Drugs

What is Variable Copay?

Variable Copay™ is a program offered through your employer's benefit package that significantly reduces the cost on eligible specialty and brand medications by utilizing manufacturer-provided coupons. If you are taking a medication that is on the Variable Copay Drug list, you will receive an enrollment letter and phone call to enroll in the program. It's that easy!

How it works

1. Enroll in the program and the Variable Copay Network Pharmacy will communicate with you each month on reminders of your shipment and verification of address.
2. Your medication(s) will arrive at your doorstep monthly via a shipping courier. You can expect your delivery approximately 5-7 days before your current medications are completed. Additionally, the Variable Copay network pharmacy will contact your prescribing physician when refills are needed.
3. Should you have any questions regarding your prescription fulfillment, please call (833) 439-9617 to speak with a Variable Copay concierge.

How to enroll

Enrollment in Variable Copay is quick and simple. Please call (833) 439-9617 to speak with a dedicated Variable Copay concierge. Enrollment is also available within the Liviniti mobile app.

Interested in a simple and fast way to track and manage your prescriptions?

Download the Liviniti app today — freely available on iOS and Android. The Liviniti app provides convenient access to your pharmacy information, such as digital ID card, prescription history with Liviniti, drug price check, drug formulary search, pharmacy locator, Variable Copay enrollment, prior authorization reviews, plus more.

Questions?

Numerous specialty and brand drugs have manufacturer coupons available to bring value and savings to you. Please visit variablecopay.com to search for eligible Variable Copay medications. You can also call us at (833) 439-9617 or email us at questions@variablecopay.com.

HealthMapRx

Union County is pleased to offer an important benefit for participants in our health care plan. Plan members with diabetes, high blood pressure, high cholesterol, asthma, and/ or depression can take advantage of HealthMapRx, an innovative health coaching program designed to empower and support participants in better managing their conditions.

The program is provided through PPCN, a N.C. based company that specializes in designing and delivering HealthMapRx and similar programs to employers throughout the country. PPCN will pair participants with a mentor or “coach” who is a licensed Pharmacist and has specialized training and expertise in the conditions being managed.

The program is designed to help participants achieve a high level of control over targeted conditions and decrease the risk of common and sometimes serious complications associated with their diseases, such as heart attacks, strokes and damage to organs such as kidneys, eyes, nerves, and blood vessels.

Following established protocols, participants will meet with their coaches by appointment 4 to 6 times per year. Appointments typically run 30 minutes to an hour and are conducted in an office setting. Areas of emphasis include:

- Improving knowledge and self-care skills
- Working with participants and their doctors to help “tailor” medications to individual circumstances
- Working with participants to establish individual goals and identify resources to help them achieve
- Working with participants to address nutrition, exercise, and other lifestyle improvements

- Assisting participants and their doctors in identifying and addressing “gaps of care” and important standard of care steps for managing risks associated with each condition (up to date vaccines, foot exams, eye exams, lab studies at appropriate intervals, etc.).

Incentives

Participants will receive \$20 per month, beginning with the first coaching appointment and \$20 per month thereafter as long as they are compliant with basic program requirements. Incentive payments will be made through a special debit card issued to each participant and applied following each appointment.

In addition, co-payments for commonly required diabetic supplies will be waived following the first coaching appointment (test strips, needles and syringes, lancets, swabs, etc.).

HealthMapRx Program

- Employees and dependents enrolled on the County’s health plan are eligible.
- Participation in the program is completely voluntary.
- Cost is 100% covered, paid by the County - no cost to participants.
- Incentives are given for active participation.
- Information about your health remains confidential.

Enrollment forms and additional program information are available on County Connect and in the Human Resources office.

Flexible Spending Accounts

Union County offers Flexible Spending Accounts (FSAs) through Health Equity. FSAs help you pay for eligible medical, dental, vision, and dependent care out-of-pocket costs by allowing you to set aside pre-tax contributions. Health Care FSA funds are available to use as of July 1st, even money you have not contributed yet. Dependent Care funds are only available as you contribute. All employees are eligible for a Dependent Care FSA (DCFSA).

How It Works

You determine the amount you wish to have deducted from each paycheck, and the funds are automatically deposited to your account(s). You may only use Health Care FSA money for health care expenses and Dependent Care FSA for funds for dependent care expenses. You cannot mix funds from one account to another.

You must re-enroll each year to continue funding the account(s), and you can incur expenses only during the plan year you are enrolled.

REMINDER: “Use-it-or-lose-it” unused Health Care amounts and any unused Dependent Care funds will be forfeited, so estimate wisely. You have until 9/15/26 to incur expenses and 9/30/26 to submit expenses for reimbursement.

Contribution Limits

The Internal Revenue Service (IRS) sets the annual contribution levels for FSAs. You are responsible for monitoring the amounts deposited into your accounts not to exceed the maximum annual limits.

For 2026, the FSA contribution limits are as follows (minimum amount is \$100.00 to participate in either account):

- Health Care FSA: \$3,400
- Dependent Care FSA: \$7,500 per household (\$3,750 if married, filing separately)

Eligible Expenses

Use your Health Care FSA funds to pay for out-of-pocket medical, dental, hearing, and vision expenses such as copays, prescriptions, supplies, appliances, and some OTC items. Visit [irs.gov/forms-pubs/about-publication-502](https://www.irs.gov/forms-pubs/about-publication-502) to see a complete list of IRS-qualified healthcare expenses.

Use Dependent Care FSA funds to pay for qualified daycare expenses for children aged 12 and younger and a spouse or an adult-dependent incapable of self-care. Eligible expenses include daycare, preschool, summer day camp, elder care, and in-home aids. Visit [irs.gov/publications/p503](https://www.irs.gov/publications/p503) to see a complete list of IRS-qualified dependent care expenses.

Dental Benefits

Union County offers dental coverage through Sun Life on the Sun Life Focus dental network. These plans allow you to use in-network or out-of-network benefits. However, you will be responsible for paying the difference between the allowed amount and what the dentist may charge, also known as "balance billing," when you visit an out-of-network provider. To find an in-network provider, go to sunlife.com/findadentist and search the Focus network. The chart below provides a brief overview of the plan. Refer to the full plan description for detailed coverage information.

Life and AD&D Insurance

Basic Life Insurance

Union County provides each full-time and benefited part-time employee with Basic Life insurance through Sun Life and pays for the full cost of coverage. Eligible employees receive 1x the employee's base annual salary in coverage up to \$250,000. Ensuring your beneficiary information is correct at enrollment and throughout the year is essential. Log in to Employee Navigator or contact HR to update your information anytime.

Voluntary Life

Union County employees can supplement their company-paid Basic Life insurance by purchasing additional coverage through Sun Life. In addition, you may purchase coverage for a spouse and dependent child(ren) after electing coverage for yourself.

The Guaranteed Issue (GI) amount is the highest amount of coverage that you or your dependents may elect without completing an Evidence of Insurability (EOI) form. If you elect an amount above the GI limit or wish to increase your benefit amount at a future date, the coverage amount over the GI level will not go into effect until your EOI has been reviewed and approved and payroll deductions have begun. For full details, refer to the Certificate of Coverage. Refer to BenefitFirst to calculate your coverage cost.

Voluntary AD&D

A serious accident can change the course of your life and leave you and the people you love with unexpected expenses. AD&D insurance provides financial protection if you or anyone on your plan suffers from a covered accidental injury or accidental death. You may receive up to 100% of your AD&D coverage amount for losses resulting from one accident, such as paralysis, speech or hearing loss, or thumb and index finger loss. If a covered accident results in your death, your beneficiary will receive 100% of your AD&D coverage amount.

Disability Insurance

Whether you are disabled and unable to work due to an accident or illness, Union County offers Short and Long-Term Disability benefit options through Sun Life. Disability is insurance for your paycheck should you become disabled due to an off-the-job injury or illness. This coverage will provide a percentage of your salary once you satisfy the waiting period. Refer to the Plan Summaries for details.

Voluntary Short-Term Disability

Union County offers employees the option to purchase Short-Term disability (STD) insurance. The benefit would pay 60% of your weekly pre-disability earnings to a maximum of \$1,500 per week. You will have a choice between two plan options.

Voluntary Long-Term Disability

Union County offers employees the option to purchase Long-Term disability (LTD) insurance. The benefit would pay 60% of your monthly pre-disability earnings to a maximum of \$5,000 per month for up to five years if you are under age 61 at the start of disability or until you no longer meet the definition of disability, whichever occurs first. If you become disabled at age 61 or after, a reduced benefit duration applies.

Your cost for coverage can be calculated on BenefitFirst when you make your benefit elections.

	SHORT-TERM DISABILITY	LONG-TERM DISABILITY
Waiting Period Illness / Injury	14 or 30 days	180 days
Benefit Percentage Paid	\$100 increments up to 60% of covered basic pay	60%
Maximum Benefit	\$1,500 per week	\$5,000 per month

Supplemental Benefits

Union County offers employees the option to purchase supplemental worksite benefits provided through Sun Life. In addition, you have the option to cover your spouse and child(ren) after electing coverage for yourself. The premiums for elected benefits are deducted from your paycheck. Your cost for coverage can be calculated when making your benefit elections in BenefitFirst.

Voluntary Hospital Indemnity

A hospital admission can result in significant financial hardship. You may have a large deductible to meet in addition to other hospital-related charges for surgery, anesthesia, radiology, and more. A Hospital Indemnity policy provides a lump sum cash benefit paid directly to you to help offset those expenses not covered by your major medical insurance. Employees can choose between two plans. Reimbursement increases with the number of days you are hospitalized. Refer to the Certificate of Coverage for more information about pre-existing condition limitations, covered services, and other limitations and exclusions.

Voluntary Accident

Where most medical plans only pay a portion of the bills, Accident insurance can help pick up where other insurance leaves off. This policy provides a cash benefit to cover expenses if you or a covered dependent experience an eligible event.

Employees can receive reimbursement for covered services including Hospital/ICU admission, emergency transportation and care, fractures, burns, and lacerations, accidental death benefit, and more.

Voluntary Critical Illness

Critical Illness insurance pays a lump sum cash benefit when you or a covered family member is diagnosed with a serious illness, such as a heart attack, stroke, major organ failure, or cancer. You may use this benefit in any way you choose to pay for expenses that are not medical but have occurred due to the diagnosis, such as lost wages, family care, rehabilitation, or transportation. The plan may also offer a health screening benefit. Benefits are paid to you regardless of any additional coverage you may have.
