Purpose of Accountability

The purpose of the ND accountability system is to provide statewide responsibility to all stakeholders to pursue the ND PK-12 Strategic vision and to do the following:

- Provide transparency and public reporting of key performance and improvement indicators for all schools, districts, and the state;
- Ensure all schools and districts are engaged in a process of continuous improvement;
- Identify when and where desired results are not being achieved, prioritize which schools are most in need of support, and
- Allocate resources and support services, increase oversight and engagement, and elevate accountability for those schools most in need of support.

PK-12 Education Strategic Vision Framework

Our vision is that all students will graduate choice ready with the knowledge, skills, and disposition to be successful

We will make progress toward this vision by achieving these **long-term outcomes** for students

- Increase students who enter kindergarten prepared to learn, and increase the number of kindergarten classrooms that meet the needs of every learner
- Increase students who demonstrate reading proficiency in 3rd grade
- Increase students who demonstrate math proficiency in 8th grade
- Increase students who meet expected learning gains each year
- Increase students who engage in learning
- Increase students who graduate Choice Ready
- Reduce the disparity in achievement for students with disabilities, students in poverty, and Native American students

We will drive improvement on these outcomes through focused effort within these **strategic themes**

- Quality early childhood experiences
- Support for safe and healthy behaviors
 - Reduce chronic absenteeism and increase attendance
- Career awareness, exploration, and development
- Quality education personnel
- Quality student-centered instruction

Accountability, Support, & Improvement

The purpose of our accountability system is to provide statewide responsibility of all stakeholders to pursue our North Dakota vision. Through this accountability framework, North Dakota will:

- Provide transparency and public reporting of key performance and improvement indicators for all schools, districts, and the state;
- Ensure all schools and districts are engaged in a process of continuous improvement;
- Identify when and where desired results are not being achieved and prioritize which schools are most in need of support; and
- Allocate resources and support services, increase oversight and engagement, and elevate accountability for those schools most in need of support.

North Dakota's accountability system provides a framework upon which we consistently, continuously, and holistically evaluate the ability of our state's education system to achieve desired outcomes. North Dakota's plan focuses around a continuous improvement model*. North Dakota's model allows multiple indicators to be used when outlining a school's measure of quality. In addition to student achievement, Choice Ready, graduation rate, and EL achievement, North Dakota applies a composite growth model within its accountability system under ESSA. Any academic achievement goals, either long-term or interim, also apply to composite and subgroup academic achievement for schools, districts, and the state per the accountability indicators displayed below:

Elementary
(K-8)

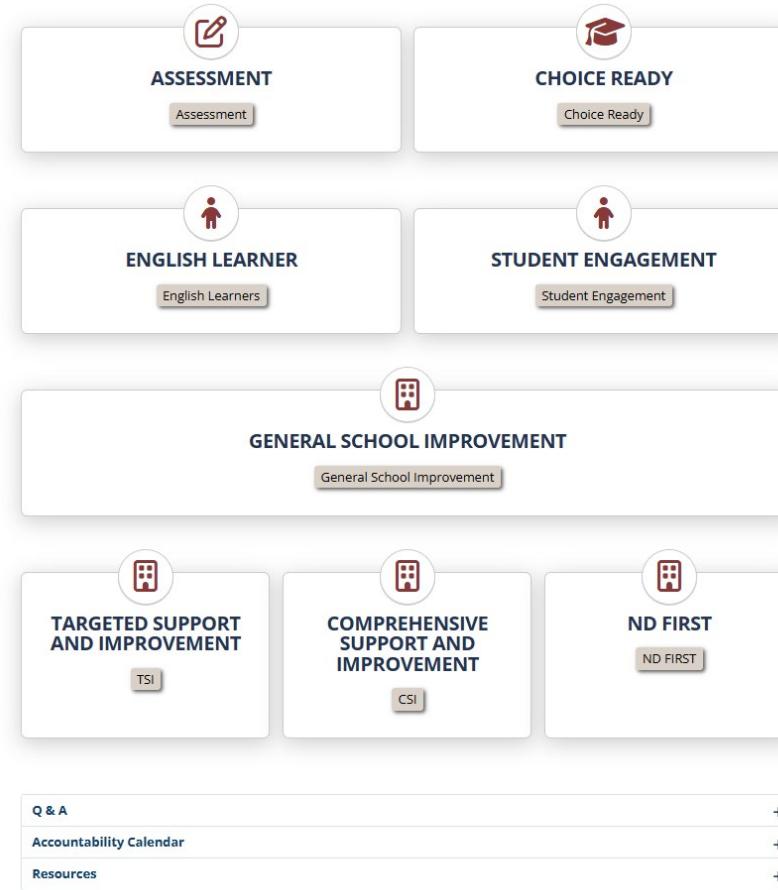

Indicator	Percentage
State Assessment Growth	30%
State Assessment Proficiency	30%
Climate Engagement	30%
English Learner Proficiency	10%

Did you know?

- ✓ NDDPI has made an important update to the labeling of one of the four student proficiency levels.
- ✓ **Level 2** is now labeled **“Approaching Proficient.”**
- ✓ This change is more than just a new name—it reflects our **continued focus on student growth, progress, and potential.**
- ✓ Rather than framing achievement as a proficient/not proficient outcome, the new label emphasizes that students at this level **can do many things** and are on a path toward meeting grade-level expectations.

What Does “Approaching Proficient” Mean?

According to the policy Achievement Level Descriptor (ALD) for **Level 2 in mathematics**:

A student at Level 2 is approaching proficiency in applying mathematics knowledge and skills as outlined in the North Dakota Mathematics Content Standards. The student typically performs slightly below grade-level expectations, is sometimes able to engage with grade-level content and demonstrates higher-order thinking skills with some independence and support.

This update is designed to support **more meaningful conversations** between educators, families, and students by highlighting **what students can do**, not just where they are still developing.

Important note: Accountability points are awarded based on this approach.

Novice = -0.5

Approaching Proficiency = 0.5

Proficient = 1

Advanced = 2

Targeted Support and Improvement (TSI) - bottom 10%, 1-year designation

Year 1:

NDDPI...

- Offers guidance, support, and funding, including an NDREA Coaching Liaison, to each school.
- Conducts regular check-ins, requires status reports, and monitors the use of federal funding.

NDREA Coaching Liaison...

- Ensures that the school is aware of all School Renewal resources available and trains schools how to properly utilize these tools.
- Assists in reviewing accountability data, noting gaps, and ensuring they are taking measures to address areas of need.
- Supports the schools in reviewing their comprehensive needs assessment.

Identified School...

- Establishes a School Improvement Team.
- Aligns their Cognia Strategy Map to school improvement efforts.
- Selects evidence-based system frameworks and practices to implement school improvement efforts.
- Implements the School Renewal process, including PDSA cycles, to test change practices.

Year 2: (All expectations of Year 1, and the following)

NDDPI...

- Monitors the use of all federal funding streams and state expectations at an increased rate.

NDREA Coaching Liaison...

- Supports the schools in conducting a comprehensive needs assessment of the school system that includes student subgroup outcomes and low performance.
- Assists the schools in reviewing gaps identified through the accountability process and facilitates a discussion on what measures the schools are going to take to address these gaps.
- Assists the schools in reviewing their Cognia Strategy Map to ensure that it is aligned with School improvement efforts and being implemented with fidelity.

Identified School...

- Adapts, adopts, or abandons change practices based on student outcomes.

Year 3: (All expectations of Year 1 and 2, and the following)

NDDPI...

- Facilitates meetings with the school and district leaders to review system structure and provide an overview of CSI implementation.
- Recommends school board participation in the Be Legendary School Board Training Institute.

NDREA Coaching Liaison...

- Guides the School Improvement Team through the process of reviewing their comprehensive needs assessment data to address gaps identified through the accountability process.
- Conduct observations to determine School Renewal implementation and alignment of goals.
- Completes the Progress Review, alongside the school's School Improvement Team, and the corresponding Progress Review Report.

Identified School...

- Completes the Progress Review, alongside the school's School Improvement Team and the NDREA Coaching Liaison.
- Adapts, adopts, or abandons change practices based on student outcomes.

Fostering Improved Results
for School Transformation

Fostering Improved Results for School Transformation (ND FIRST)

NDDPI assigns an Executive Improvement Specialist (EIS) who works with the identified school to establish a Project Charter that outlines the teams executing implementation of ND FIRST.

Collaborative Partnership Agreement (MOU) Meetings

NDDPI and partners meet with the local school and district team to develop a shared understanding of goals and expectations based on the findings report and recommendations from external school performance reviews.

Collaborative Partnership Agreement (MOU) Established.

Key Characteristics of MOU

- Aligns reporting levels with proficiency and growth
- Prioritizes transparent communication and consultation with families, stakeholders, and local communities
- Includes IDEA requirements to strengthen processes
- Deploys strategic staffing
- Recognizes local beliefs, values, and behaviors
- Includes measurement of a change management plan
- Determines local, state, and federal funding based on identified needs and designates funding for approved activities
- Continues to acknowledge, tackle, and address root cause and systemic challenges

Customized Expectations

Co-Developed in partnership with school communities after each level of review noted above is complete

*NDDPI and ND FIRST school will collectively create success metrics and goals, with the final determination made by the State Superintendent

ND FIRST Teams

Each ND FIRST school or district will have an implementation team, a research & evaluation team, and a leadership team. See more information on those teams [\[here\]](#).

Consistent Expectations (Enforced by NDDPI)

Initial 18 Months (Year 1 & Year 2)

Identified School...

- Establishes a Project Charter that outlines the teams executing implementation of ND FIRST
- Administers and implements the NDA-PLUS formative, interim, and summative assessments
- Engages in authentic personnel management, supervision, and evaluation processes for teachers, principals, and superintendent to generate the most effective feedback to support instruction
- Implements leadership and capacity building to guarantee all leaders can meet state education goals
- Implements effective practices to support recruitment and retention of teachers, and leaders
- Completes and engages in student outcomes-driven governance model that incorporates accountability measures
- Grants NDDPI access to performance data through data sharing agreement
- Experiences increased NDDPI oversight of funding for curriculum, training, instruction, assessment, or the school calendar

Post 18-Month Evaluation (Year 3)

Identified School...

- Produces outcomes-based budgeting plan approved by NDDPI
- Continues leadership mentoring as needed
- Develops and applies strategic improvement processes in line with state education goals

Collaborative Partnership Agreement (MOU) Goal Review

Key Characteristics

- Check-in conferences every 3 months
- Collaborative review of partnership agreement/MOU expectations
- Includes representation from school board, school and district leadership, and external partners
- Multi-phased process with the intent to collect, review, and discuss evidence for the purpose of determining if ND FIRST schools are tracking toward goal attainment and are on track to exit, with the final determination made by the State Superintendent

Targeted Support and Improvement (TSI)

- Identified annually
- Any ND school (Title I or non-Title I) performing in the bottom 10% for three consecutive years
- Any school from the pool that has one or more subgroups with achievement levels below the highest performing comprehensive school based on all accountability factors within the state's accountability system
- Schools identified for three or more years become CSI

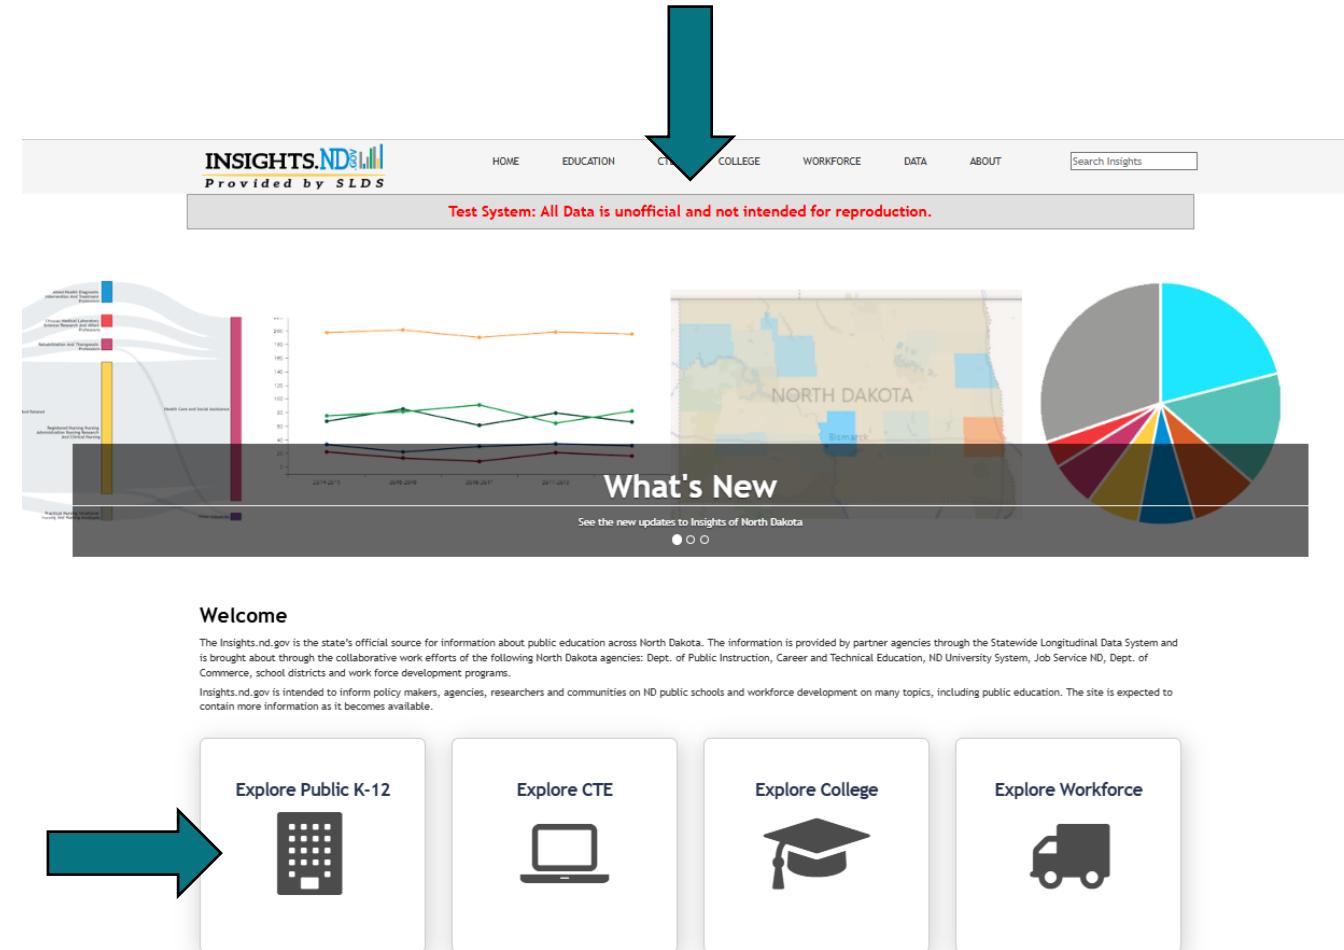

Comprehensive Support and Improvement (CSI)

- Identified every three years (next identified in 2025)
- Lowest-performing 5% of all ND Title I schools
- Any ND high school (Title I or non-Title I) with a graduation rate below 67%
- Any school that is identified as TSI and did not meet exit criteria after three consecutive years
- Schools identified for more than one cycle are subject to more rigorous interventions, per [Senate Bill 2254](#)

NDDPI's K-12 Reporting and Analytics Portal

Welcome to NDDPI's K-12 Reporting and Analytics portal. NDDPI presents this "data as a service" portal to supplement the Statewide Longitudinal Data System (SLDS) as an additional information resource for schools that can further inform school improvement initiatives aimed at enhancing student learning outcomes. Our vision is that all students will graduate high school "choice ready" with the knowledge, skills, and dispositions to be successful. Preparedness requires kindergarten readiness, engaged learning, achieving reading proficiency by grade three, and meeting expected annual learning gains. Opportunity and outcome gaps must be narrowed, especially for economically disadvantaged and Native American student populations. Our belief is that data-informed collaboration between NDDPI and school districts promotes continuous school improvement.

Full Academic Year or FAY Status: A student is considered "FAY" if they have been enrolled for a minimum of 120 days. FAY is used in high-stakes state accountability decisions to ensure that entities are only held accountable for students they have instructed for a minimum length of time. Students enrolled for only a brief period at your school and who have not yet benefited from your school's instructional services are thus excluded from accountability calculations related to academic performance.
