

ND A+ Navy ESSENTIALS & EXTENSIONS

Self paced courses through the ND Educational Hub

Navy ESSENTIALS

Navy Essentials is an introductory professional learning course designed to **build a strong foundation in Navy's classroom-based formative assessment tool.**

REGISTER NOW

WHAT WILL I LEARN?

- ✓ The purpose and function of Navy as a formative assessment tool
- ✓ How Navy supports student learning through intentional use of the tool
- ✓ Best practices for system-level implementation
- ✓ Strategies for integrating insights into instruction and broader school efforts

Navy EXTENSIONS

Recommended Pre-Learning: Navy Essentials

Navy Extensions: Applying Data for Instructional Impact builds on the foundational learning from Navy Essentials. This course supports educators in moving from familiarity with the tool to **intentional classroom application.**

REGISTER NOW

WHAT WILL I LEARN?

- ✓ How to use Navy data to inform first instruction
- ✓ Effective collaboration around student learning evidence
- ✓ How to design personalized interventions that support targeted, effective teaching

This series is intended to support educators in ND schools or districts administering the ND A+ Interim assessment.
