

**Our Mission** is to educate the citizens of Monmouth County through interesting and informative horticultural presentations

**Our Goal** is to encourage Monmouth County residents to enjoy some form of gardening and have a deep appreciation of nature.

Raising awareness in our community will ensure Monmouth County continues to be a beautiful and environmentally green place to live and work.

Thank you for your interest in our presentations!

Our speakers are certified Master Gardeners who have been trained by Rutgers Cooperative Extension. We deliver presentations to garden clubs, public groups, and organizations based in Monmouth County, NJ.

Our presentations have been developed for adults and cover a wide variety of nature-related, environmental, and horticultural topics. Several different presentations are available for some topics.

New topics and presentations are always being developed, so contact us if you don't see a topic that meets your needs.

### Speakers Bureau Policy

- We require one month's notice to schedule a speaking engagement
- You can book up to two speaking engagements per calendar year per group
- Our presentations are free of charge – an honorarium is greatly appreciated but is not required
