

Household Hazardous Waste Collection Event Coming Up November 13

City of Albuquerque's Department of Municipal Development, Engineering Division; Solid Waste Management Department; Bernalillo County, and Advance Chemical Transport (ACT) are sponsoring a free household hazardous waste collection event.

Residents of Albuquerque and Bernalillo County are encouraged to bring their household hazardous waste on this drop-off day. Examples of household hazardous waste include those items that can burn easily (flammable), corrode or irritate the skin (corrosive), or poison humans and animals (toxic).
