Flushing Notice: Greenbush Dead Ends

The Dutchess County Water and Wastewater Authority announced today that the water distribution system in the Greenbush Dead Ends will be flushed as part of DCWWA's water quality maintenance program.

Hydrants/mains will be flushed during the following period:

Period Start
Period End

Customers can expect flushing of water mains to take place between the hours of 8:00 a.m. and 4:00 p.m.

Flushing of the distribution system is done periodically to improve conditions within the pipes. While the pipes are being flushed, customers should expect turbidity and discoloration of their water. Customers are also advised to not run the water for 2-3 hours after flushing and to avoid washing clothes on that day.

The following streets/locations will be affected:

-
