

NEW YORK'S GREAT LAKES ACTION AGENDA SUB BASIN WORK GROUPS

Sub Basin work groups are working to advance projects and initiatives to achieve the goals of New York's Great Lakes Action Agenda using a place-based, ecosystem-based management approach.

- **CONNECT, COORDINATE & COLLABORATE** with state and federal agencies, local governments, academic institutions and other key partners to advance local project needs.
- **LEVERAGE** resources and expertise to address shared watershed challenges and goals.
- **PREPARE!** Develop competitive project proposals in advance of tight RFP deadlines.
- **SCALE UP YOUR WORK** by pursuing landscape-scale projects with work group partners.

Join Us!

Frequently Asked Questions:

WHO? Environmental orgs, academic institutions, state and federal agencies, local government and other diverse stakeholder groups (business, health, recreation, planning, etc)

WHAT? Work groups will identify and advance priority projects to achieve the goals of NYS's Great Lakes Action Agenda. Review Agenda at <http://www.dec.ny.gov/lands/91881.html>.

HOW? Sub basin work plans and project teams will be developed to focus, organize and advance multi-stakeholder projects in support of the GLAA.

WHY? Because making lasting progress within our Great Lakes basin depends on focused collaboration and collective impact among dedicated and motivated stakeholders like you!
