

“A Review of Wastewater Treatment Fundamentals for Operators”

For Municipal Wastewater System Operators and other Wastewater Professionals:

- Do you want to learn more about the theory and application of municipal wastewater treatment?
- Do you need Wastewater Operator continuing education credits?

RCAP Solutions is offering this technical training event at no cost! Our experienced wastewater operations and technical trainers will review wastewater treatment processes and operation, regulatory framework, and monitoring and reporting requirements.

- Reinforce your understanding of wastewater treatment theory and processes
- Explore laboratory examinations for reporting and process control
- Learn common reporting errors and how to avoid them

This course includes both classroom and field instruction. **Space is limited so register early!**

Location:	Elks Club, 133 Main Street, Penn Yan, NY
Date:	Wednesday, October 2, 2019
Time:	8:15 AM – 3:30 PM (sign-in begins at 8:00 AM)
Training fee:	No Charge! This course is provided through a grant from USEPA
Lunch:	On your own (45 minutes). A cooler will be provided if you would like to bring your own food and drink.
Accreditation:	6 NYSDEC credit hours for Wastewater Operators
Field component:	Wastewater Treatment Lab and Plant Visit – dress appropriately

Registration required!
