CANS & Ohio SACWIS Interface Functionality & Policy Updates

Ohio SACWIS build 4.35 introduces new functionality to request completed CANS assessments via Ohio SACWIS.

Join this live webinar to learn how these changes can help you!

Attendees will view a demonstration of the new functionality, hear how it relates to creating a QRTP record, and receive suggestions on how the information could be used to expand person characteristics. An overview of policy related to QRTP and CANS will also be provided.
