

A Day In the Life

Grades K-5 Accelerate Remote Learning

At Home

At home, Jacob will access Accelerate Education using a district- issued Chromebook to prepare for the daily lessons and learning activities. The content will be consistent with the semester content used in the “in-person” setting.

Logging In/Setting up for the Day

Jacob understands the importance of planning and managing his day. He reviews his schedule for the day and makes sure to organize his materials that he will need for all of his classes. After preparing for his classes, Jacob sits at his desk away from distractions and logs into his first class, ready to begin.

Class Routines

Jacob will log into his Accelerate class each day in each content area. Each lesson will contain an introduction, opportunity to practice, and a review. On average, all of the lessons for the day should take around 4 hours a day to complete. Students in grades K-6 must complete 27.5 hours of work per week to be considered in full attendance (5.5 hours/day). After completing the online portion of his instruction, Jacob will read an independent book and complete the pages in his workbook from the day’s lessons. The time that he has worked will be written in his log which will be submitted to the Deer Park teacher at the end of the week.

Lunch

At Jacob’s lunch time, he takes a break from the virtual learning atmosphere to stretch, eat lunch, and enjoy some downtime before preparing for other classes. After lunch and a break, Jacob takes some time to reorganize his materials that he will need for his next classes.

Teacher Connections

As Jacob has questions that come up from a class, Jacob can reach out to his virtual Deer Park teacher in a variety of ways. As with “in-person” instruction, if Jacob has a quick question for clarification of understanding, he will email his virtual Deer Park teacher. When Jacob needs more in-depth support to work through a larger curricular idea, he can email his virtual Deer Park teacher to schedule a virtual meeting. The Accelerate Education program also has additional information for the adults assisting the students, which can be found in the Learning Coach section of the lessons.

Example of Language Arts Activities in a Week for a K-3 student

Day 1	Day 2	Day 3	Day 4	Day 5
Spelling Word Intro	Spelling Practice Worksheet	Spelling Interactive	Spelling Practice Worksheet	Spelling Test
Vocabulary Intro	Vocabulary Interactive	Vocabulary Interactive	Vocabulary Interactive	Vocabulary Quiz
Reading Concept/Skill Intro	Reading: Set a Purpose	Reading: First read of weekly story.	Reading: Second read with comprehension review	Reading Comprehension Quiz
Grammar Intro	Grammar Interactive	Grammar Interactive	Grammar Quiz	Grammar Paragraph Edits
Writing Topic Intro	Writing: Brainstorming	Writing: Drafting	Writing: Editing and Revising	Writing: Publish
Journal Entry	Handwriting	Fluency	Handwriting	Independent Reading
