What to expect for picture day this Spring with Schoolhouse Photos!

Our goal is always the same, keep it simple for schools and parents, provide a quality product and help showcase the best side of each student!

## A Couple days before:

A couple days before photo day you will get an email from us. It will include a reminder and basic instruction. You can also opt into text updates to let you know as soon as your students photos are ready! There is no need to fill out an envelope...you will see your pictures before you order!

## Picture day:

Make sure that on picture day you send your student dressed in their best but fun Spring Outfit. Focus on hair and practice your smile!

## Shortly After Photo Day:

About one week after picture day you will get either a text update (if you opted in) or an email with your students access code! This will allow you to enter that code into our website and view and order your photos! The best part, you can mix & match poses, backgrounds etc. No more one pose packages with us! To learn more visit our info page [schoolhousephotos.com](http://schoolhousephotos.com) and click on "Access Your Photos".

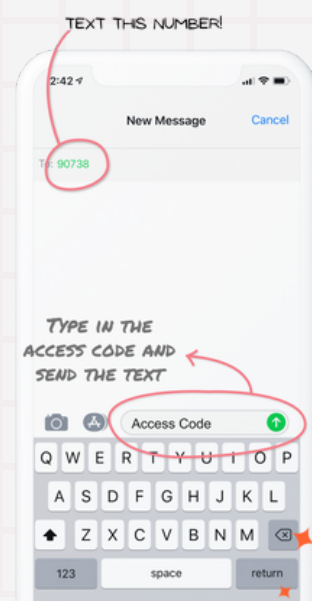

## Place your order

By placing your order within the first 10 days photos are available online, you will be eligible for free bulk shipping back to the school. So make sure you get those orders in to save on shipping! After the free bulk shipping has expired there will be a small shipping fee added to your order!
