

AWR-213 CRITICAL INFRASTRUCTURE SECURITY & RESILIENCE AWARENESS COURSE Hosted by: Ohio EMA

August 20, 2019

Course Description: This free eight-hour course focuses on local preparedness efforts as they relate to the national approach to critical infrastructure security and resilience. An understanding of the national approach to critical infrastructure enables critical infrastructure stakeholders to address local planning within a common framework. Informed planning is consistent with and expands on nationally accepted emergency management standards as the basis for planning across the mission areas of prevention, protection, mitigation, response, and recovery.
