This FREE workshop will provide training on using CERT volunteers to support a disaster response and will cover the following topics in a scenario-based format:

- Volunteer Requests and Mission Tasking
- Volunteer Call out and Deployment best practices
- Using CERT for common disaster response and recovery activities
- Demobilization/After-Action Reports

After this workshop, participants will gain a better understanding of why and how CERT volunteers can be requested for disaster response and how to deploy CERT volunteers successfully.

Who Should Attend?

Anyone involved in deployment and use of CERT volunteers during a disaster including CERT Program Managers, Volunteer Coordinators, and CERT Team Leaders.

We strongly recommend that participants download and use the [Adobe Connect App](#) found [here](#).

This workshop will be recorded and made available on [FEMA's Webinar Portal](#).

This event will include live captioning. If you need additional accommodations, please email fema-r2-prepares@fema.dhs.gov.

This FREE workshop will be hosted by FEMA Region II on Adobe Connect. Click here to register.
