- Supporting participants in discussing photos, writing captions, planning an exhibit to reach diverse audiences
- Developing a Photovoice Facilitation Plan

Stephanie Lloyd, M/A
Photovoice Worldwide

This interactive, online professional development course prepares participants to facilitate photovoice project sessions. By the end of this course, participants will have a solid understanding of the role of a photovoice facilitator, and options to foster meaningful participation and communication at each project step. Participants will learn concepts, partake in hands-on activities, and contribute to group discussions. Upon completion of the course, participants will have the skills and tools to work collaboratively with your photovoice participants to generate data and reach project goals.

Upon course completion, participants receive a Training Certificate and have the knowledge, skills, and tools to design and implement their Photovoice Project.
