# Ohio Crisis Services Town Hall

May 16, 2024 | 10:30 AM - 12 PM

[Register today!](#)

We are committed to building an inclusive and equitable 988 Suicide & Crisis Response Lifeline for children and adults with I/DD, brain injury, and other cognitive disabilities.

---

## We want to hear from you!

What are your experiences with 988 and other crisis services?

What are the needs of people with I/DD, brain injuries, and other cognitive disabilities related to crisis?

How can Ohio build a system that is more *Accessible, Inclusive, and Responsive*?

It's hard to find a meeting date and time that works for everyone. If you cannot join the Town Hall, you are welcome to provide feedback to Matt or Doug at the email addresses below.

---

The Town Hall is supported by the Link Center, a Project of National Significance (PNS) funded by the Administration for Community Living (ACL) to help make mental health treatment and supports more available to individuals with intellectual and developmental disabilities (I/DD), brain injury and other disabilities. The Substance Abuse Mental Health Services Administration (SAMHSA) has joined with ACL on this project to support The Link Center to host this critical policy academy to help states make sure that crisis prevention and response are accessible to all children and adults.
