

FREE TRAINING - PART 2

The Deaf and Hard of Hearing Client: Developing Clinical Competency in Mental Health Treatment

Free CEUs are available for Social Workers and Counselors through the Ohio CSWMFT Board.

Please note: Psychologists, School Psychologists, and other disciplines may request CEU approval directly through their respective boards. We will provide all necessary documentation to support that process.

Part-2 of this training is intended to be a continuation of the information presented in Part-1.

Clinicians will deepen their knowledge of the deaf and hard of hearing communities and learn to apply this knowledge to clinical practice through the review of case examples, guided discussion and instructive videos. Participants will gain additional information and increase their understanding of the role of the ASL interpreter on the treatment team. The full-day training will allow participants to build their area of expertise in the field of Mental Health and Deafness, ultimately leading to an increase in therapeutic successes with deaf and hard of hearing clients.

2025-2026 Training Dates

November 21, 2025 • February 6, 2026 • April 10, 2026

All Sessions are Virtual via Zoom 9:00 am – 4:00 pm. ASL interpreters and Zoom captioning will be provided.

ASL Interpreters
will be provided
