OHIO DEPARTMENT OF BEHAVIORAL HEALTH (DBH)

LIVE VIRTUAL TRAINING (ZOOM)

Whats Included?

Live virtual, instructor-led TF-CBT clinical training (13.5 total hours), with 12.5 CE credits.

12 consultation calls will occur twice a month for six months. All consultation hours must be completed before September 30th, 2026.

Expert facilitation led by **Alison Hendricks, MSW, LCSW**, a nationally recognized TF-CBT trainer with 20+ years of experience.

CEUs issued through the National Center for Child Traumatic Stress, an APA-approved CE provider.

Registration is coordinated by SARGAD LLC, and participants can find more instructions on the registration portal. www.sargad.com/ohio-tft-cbt-training-registration

Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) Clinical Training with Consultation

Learning Outcomes

By the end of the TF-CBT training, participants will be able to:

- Identify the impact of trauma on children's emotional, behavioral, and cognitive development.
- Describe the empirical research supporting TF-CBT as an evidence-based treatment.
- Explain the clinical rationale and core PRACTICE components of the TF-CBT model.
- Identify appropriate clinical cases for TF-CBT and utilize standardized trauma assessment tools.
- Apply evidence-based strategies to support the stabilization phase of treatment for children and caregivers.
- Demonstrate developmentally appropriate methods for developing and processing the Trauma Narrative.

“

This virtual live, interactive TF-CBT clinical training is designed for Ohio-based master's-level behavioral health professionals and eligible graduate students who provide services to children and adolescents impacted by trauma. The training follows nationally recognized TF-CBT standards and includes structured post-training consultation to support skill development, clinical fidelity, and certification readiness.

”

Prerequisite

Completion of the TF-CBT Web 2.0 training is mandatory.

Prior to joining the live virtual TF-CBT training sessions, participants must complete the TF-CBT Web 2.0 online course for \$35. <https://tfcbt2.musc.edu/>.

Participants are responsible for registering and completing this course independently.

Proof of completion of the prerequisite course is to be submitted at registration.
