

*Working together for Ohio farmers to advance agriculture and strengthen our communities.*

"We are thankful for the leadership of Gov. DeWine during these uncertain times. The concerns around the rapid spread of COVID-19 have already had a major impact on our daily routines. Now, with the Governor's difficult decision to close the state's restaurants and bars, it will impact the food service sector in ways that have never been seen before. We strongly back the Ohio Restaurant Association as they navigate this challenging situation and we encourage consumers to show their support for those in the restaurant industry and throughout the supply chain by using carryout and delivery services. One thing is certain as we all navigate short term disruptions in our lives, farmers in Ohio and across the country will continue to deliver a safe and abundant food supply. That is something we can all appreciate."

- Adam Sharp, Executive Vice President  
Ohio Farm Bureau Federation
