

## Listening Sessions

We need your help! Oklahoma Human Services is working to make Oklahoma a great state for seniors. We value you and would like to ask for your opinion as we develop a Multisector Plan on Aging. This plan is a long-term approach to improve the lives of all older Oklahomans. Our goal is to give every senior the confidence to live life on their terms and to provide the resources they will need to lead a healthy lifestyle.

Through our listening sessions, we are asking attendees to share their experience and input so that we can better understand the current issues facing our aging population, especially those 65+.

**Your feedback will help shape the future landscape for older Oklahomans.**
