

State of Oklahoma
Office of Management and Enterprise Services

Preston L. Doerflinger
Director and Secretary of
Finance, Administration and
Information Technology

To: Oklahoma First Responders

Dear First Responder,

The Federal statute, Title IV of the Middle Class Tax Relief & Job Creation Act of 2012, was created to establish a Federal entity called FirstNet. FirstNet's task is to build a nationwide public safety broadband network dedicated to first responders to resolve jurisdictional and technological barriers.

The State of Oklahoma, along with 49 states and territories, is a recipient of a Federal grant funds to produce a plan of engagement with FirstNet. The grant covers the planning effort and educational events for first responders from all aspects of public safety. Public Safety includes but is not limited to:

- Law enforcement (Sheriff, City Police, State, Federal, Tribal, etc.)
- Medical Emergency (County, City, Regional, State, Tribal, etc.)
- Fire Fighters (County, City, Volunteers, State, Tribal, etc.)
- Emergency Management Workers (County, City, State, Tribal)
- Utility Workers (Rural, State, Metropolitan, etc.)

The Oklahoma Office of Management and Enterprise Services and Oklahoma Office of Homeland Security are jointly conducting a series of outreach summits around the state to increase awareness of the program. The **Northeast Awareness Summit (#1)** will be held in **Owasso, Oklahoma**, on **May 20, 2015**. Your agency is invited to participate in the summit location below; a program guide is attached to this letter to provide you with additional information.

Location: **Holiday Inn Express Conference Center, 7551 N Owasso Expy, Owasso, OK 74055**

Please register online at okpsbn.ok.gov by clicking on the calendar in the upper right corner. We look forward to seeing you at the summit; a full information packet will be available at the event.

Respectfully Submitted,

Ben Gherezgiher (State SPOC)
